TechGlow L40 / L9-1

TechGlow L40/L9-1 Multifunctional Phone Stand Speaker User Manual

Model: L40 / L9-1 | Brand: TechGlow

PRODUCT OVERVIEW

The TechGlow L40/L9-1 is a versatile 3-in-1 device designed to enhance your mobile experience. It integrates a high-quality Bluetooth speaker, a stable and adjustable phone stand, and a convenient power bank into a single portable unit. This manual provides detailed instructions for its setup, operation, and maintenance.

Key Features:

- **3-in-1 Multifunctionality:** Combines a wireless Bluetooth speaker, a portable charger (power bank), and an adjustable phone stand.
- **Foldable and Adjustable Design:** Allows for height and angle adjustments to achieve optimal viewing and usage comfort.
- **Integrated Power Bank:** Features a 5000mHA capacity to charge your smartphone or tablet while in use.
- **Wide Compatibility:** Works with most 4-13 inch smartphones, tablets, and e-readers with Bluetooth functionality. Can also be used as an external speaker via AUX connection.
- **Enhanced Audio:** Delivers clear sound with enhanced bass, suitable for music, calls, and video playback.

3 in 1 Cool Gadget

- ① Cellphone Stand
- ② Bluetooth Speaker
- ③ Power Bank

SETUP

Unfolding and Adjusting the Stand:

1. Carefully unfold the device from its compact, folded state.
2. Adjust the main arm and the phone holder to your desired height and viewing angle. The stand offers multiple pivot points for flexibility.
3. Ensure the stand is stable on a flat surface before placing your device on it.

Foldable Adjustable Phone Stand

OPERATING INSTRUCTIONS

Bluetooth Speaker Function:

1. **Power On:** Locate the power button on the speaker unit and press it to turn on the device. An indicator light will illuminate, and you may hear an audible prompt.
2. **Pairing Mode:** The speaker will automatically enter Bluetooth pairing mode. If not, press and hold the Bluetooth pairing button (usually indicated by a Bluetooth icon) until the indicator light flashes, signifying it's ready to pair.
3. **Connect Device:** On your smartphone, tablet, or other Bluetooth-enabled device, go to Bluetooth settings and search for available devices. Select "TechGlow L40" or "TechGlow L9-1" from the list.
4. **Confirmation:** Once connected, the indicator light will become solid, and you may hear a confirmation tone. You can now play audio through the speaker.
5. **Volume Control:** Use the volume buttons on the speaker or your connected device to adjust the audio level.

Phone Stand Usage:

- Place your smartphone or tablet securely onto the adjustable holder. The holder is designed to accommodate devices from 4 to 13 inches.

- Adjust the angle and height of the stand to achieve the most comfortable viewing position for watching videos, making video calls, or following recipes.
- The stand allows for both portrait and landscape orientations.

Power Bank Function:

- Connect your smartphone or tablet to the USB output port on the TechGlow device using a compatible charging cable.
- The device's internal 5000mHA battery will begin charging your connected device.
- Monitor the charging indicator lights (if present) to check the power bank's remaining charge.
- To recharge the TechGlow device itself, connect it to a power source using its input charging port (e.g., USB-C or Micro-USB, depending on model).

AUX Connection:

- For devices without Bluetooth, or for a wired connection, use a 3.5mm audio cable (not included) to connect the AUX input port on the TechGlow speaker to the audio output of your device (e.g., laptop, desktop computer).
- The speaker will automatically switch to AUX mode or may require a mode selection button press.

Image: Examples of hands-free usage, including phone calls and video conferencing, enabled by the TechGlow stand.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the device. Do not use abrasive cleaners, solvents, or harsh chemicals.
- **Storage:** When not in use, store the device in a cool, dry place, away from direct sunlight and extreme temperatures. Fold the stand for compact storage.
- **Battery Care:** To prolong battery life, avoid fully discharging the power bank frequently. Recharge it regularly, even if not in constant use.
- **Avoid Water:** This device is not waterproof. Keep it away from water, moisture, and liquids to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not power on.	Battery is depleted.	Connect the device to a power source using a compatible charging cable and allow it to charge.

Problem	Possible Cause	Solution
No sound from speaker.	Volume too low; Device not connected; Incorrect mode.	Increase volume on both the speaker and the connected device. Ensure Bluetooth is paired or AUX cable is properly connected. Verify correct input mode is selected.
Bluetooth not connecting.	Speaker not in pairing mode; Device too far; Interference.	Ensure speaker is in pairing mode (flashing indicator). Move devices closer. Turn off other Bluetooth devices nearby. Try unpairing and re-pairing.
Phone not charging from power bank.	Power bank depleted; Cable issue; Phone not compatible.	Recharge the TechGlow device. Try a different USB cable. Ensure your phone is compatible with standard USB charging.
