Feonase 1220A-95GUS

Feonase Twin Size Floating Bed Frame
INSTRUCTION MANUAL

Model: 1220A-95GUS

Introduction	Safety Information	Package Contents	Assembly	Operating Instructions
	Maintenance	Troubleshooting	Specifications	Warranty & Support

1. Introduction

Thank you for choosing the Feonase Twin Size Floating Bed Frame. This innovative bed frame is designed to transform your bedroom with its unique floating aesthetic, integrated charging station, and customizable LED lighting. Crafted for durability and ease of assembly, it provides a comfortable and secure sleep experience. Key features include:

- **Floating Bed Design:** Concealed legs create a futuristic floating illusion, maximizing floor space and adding modern elegance.
- **Smart LED Lighting:** Integrated LED strips with over 60,000 color options, adjustable brightness, modes, and a timer, controllable via app or remote. Secured with Velcro straps and zippers for stability.
- **Built-In Power Outlet:** Features 2 AC outlets, 1 USB port, and 1 Type-C port for convenient device charging. Includes hidden cable management.
- **Heavy-Duty Structure:** Constructed with 11 reinforced steel slats and 9 sturdy legs with a triangular design, supporting up to 1,000 lbs. Anti-slip pads ensure noise-free operation.
- **Effortless Assembly:** Designed for straightforward setup with clear instructions.

2. Safety Information

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Limit:** Do not exceed the maximum weight capacity of 1000 lbs. Overloading can cause structural damage and potential injury.
- **Hidden Support Legs:** Be cautious of the concealed support legs to prevent tripping or accidental bumps, especially in low light conditions.
- **Assembly:** Ensure all screws and fasteners are securely tightened during assembly. Periodically check for loose connections and tighten as needed.
- **Electrical Safety:** Only use the integrated charging station with compatible devices. Do not attempt to modify the electrical components. Keep liquids away from the charging ports.
- **LED Lights:** Ensure LED strips are securely attached as per instructions to prevent detachment. Do not expose

LED strips to excessive moisture.

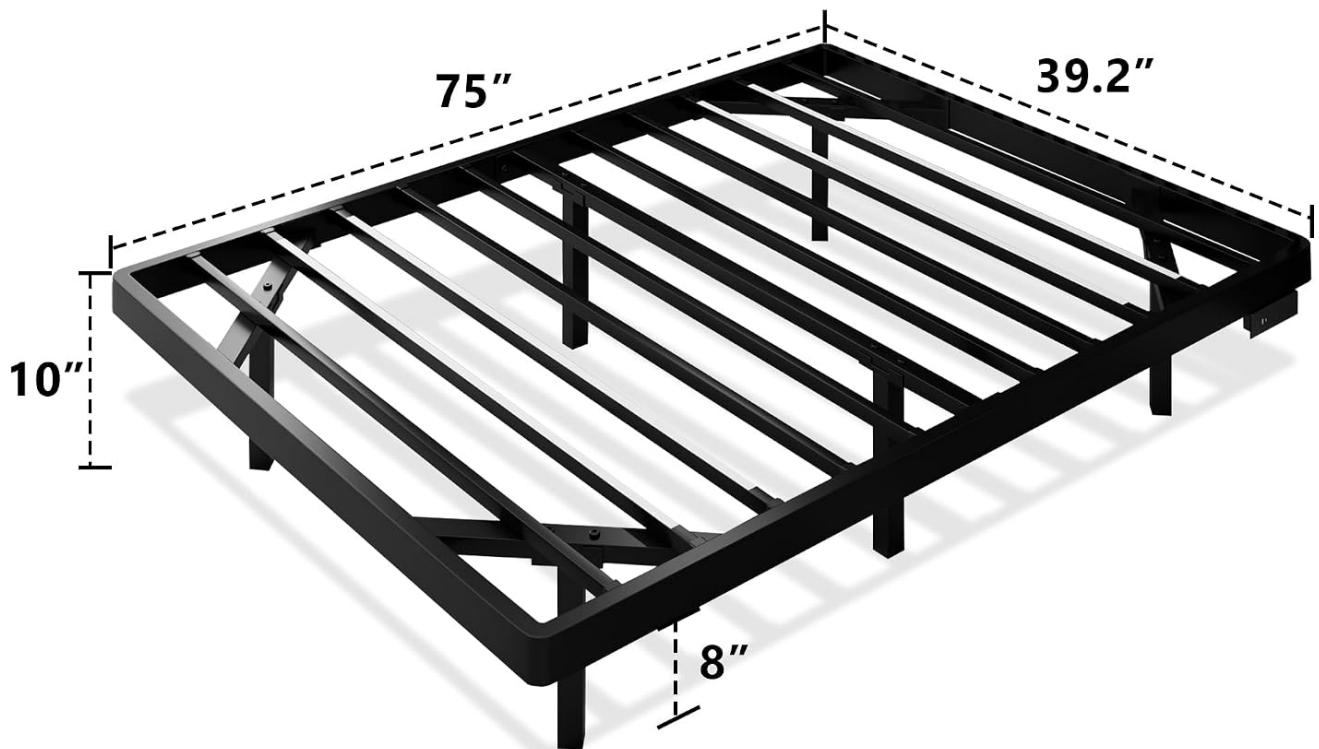

- **Placement:** Place the bed frame on a flat, stable surface. Avoid placing it on uneven ground or near heat sources.

3. Package Contents

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Metal Bed Frame Components
- RGB LED Light Strip
- Installation Manual
- Toolkits (Allen wrench, screwdriver)
- Metal Slats
- Charging Station (with AC outlets, USB, Type-C ports)
- LED Light Remote Control
- Adhesive Buckles and Zip Ties for LED Strip

4. Assembly Instructions

Assembly is designed to be straightforward. It is recommended to have two people for easier and faster setup. Please follow the steps carefully.

4.1 Assembly Video Guide

Your browser does not support the video tag.

Video: Official Feonase Floating Bed Installation Guide. This video provides a comprehensive visual walkthrough of the entire assembly process.

4.2 Step-by-Step Assembly

- 1. Assemble the Outer Frame:** Connect the main frame pieces (e.g., parts 1, 2, 3, 4, 5, 6) using the provided screws (e.g., type A). Ensure corners are aligned and tightened securely.
- 2. Attach Support Beams:** Connect the longer support beams (e.g., parts 11, 12, 13) and attach the central support legs (e.g., part 9) using screws (e.g., type C).
- 3. Install Inner Support Legs:** Attach the remaining inner support legs (e.g., parts 7, 8) to the frame using screws (e.g., type B). These legs provide crucial central support.
- 4. Mount Charging Station:** Secure the charging station (part 10) to the designated area on the frame using screws (e.g., type A).
- 5. Install LED Light Strip:** Carefully attach the LED light strip along the inner perimeter of the bed frame. Use the provided adhesive buckles (J) and zip ties (K) to secure the strip firmly, preventing it from falling off. Ensure the strip is positioned to illuminate the floor beneath the bed.
- 6. Place Slats:** Lay the metal slats (e.g., parts 15, 16) across the frame. Ensure they are evenly spaced and securely seated in their designated slots. Some slats may require additional fastening (e.g., type D screws).
- 7. Final Check:** Double-check all connections and screws to ensure they are tight and secure.

5. Operating Instructions

5.1 LED Lighting System

The integrated LED lighting system offers extensive customization to create your desired ambiance.

- **Control Methods:** The LED lights can be controlled via a dedicated mobile application (APP Control) or the included remote control. Refer to the separate LED light manual for detailed instructions on pairing and usage.
- **Color Options:** Choose from over 60,000 colors to match your mood or decor.
- **Modes:** Explore various modes including Music Mode (lights react to sound), Mic Mode, Timing Function (set schedules for lights), and Dynamic Modes (pre-programmed light patterns).
- **Brightness Adjustment:** Adjust the brightness level to your preference.

5.2 Built-in Charging Station

The bed frame includes a convenient charging station for your electronic devices.

- **Ports:** The charging station features two standard AC outlets (110V/12A), one USB port (5V/2A), and one Type-C port.
- **Usage:** Simply plug your devices into the appropriate ports for charging. The hidden cable management system helps keep your bedside tidy.
- **Power:** Ensure the bed frame's power cord is securely plugged into a wall outlet for the charging station and LED lights to function.

6. Maintenance

Regular maintenance will help prolong the life and appearance of your Feonase bed frame.

- **Cleaning:** For the metal frame, wipe with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Fasteners:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten any loose fasteners to maintain stability and prevent noise.
- **LED Strips:** Ensure the LED strips remain securely attached. If any part becomes loose, re-secure it using the provided clips or additional adhesive if necessary.
- **Electrical Components:** Keep the charging station free from dust and debris. Do not spill liquids on the outlets or ports.
- **Weight Distribution:** Distribute weight evenly on the bed frame to prevent undue stress on specific areas.

7. Troubleshooting

If you encounter any issues with your bed frame, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or noisy.	Loose screws or uneven assembly.	Check all screws and bolts and tighten them securely. Ensure the bed is on a flat, level surface.
LED lights are not working.	Power connection issue, remote battery, or loose LED strip.	Ensure the power cord for the LED system is fully plugged in. Check the remote control battery. Verify the LED strip is securely connected and not damaged.
Charging station is not providing power.	Bed frame not plugged in, or charging station not properly installed.	Confirm the bed frame's main power cord is plugged into a live wall outlet. Check the connection of the charging station to the frame.
LED strip is falling off.	Insufficient adhesion or improper securing.	Re-secure the LED strip using the provided adhesive buckles and zip ties. Ensure the surface is clean and dry before applying.

8. Specifications

Feature	Detail
Size	Twin
Product Dimensions	75"L x 39.2"W x 8"H
