## VEGER V1171

# VEGER V1171 Portable Charger User Manual

Model: V1171

## 1. INTRODUCTION

Thank you for choosing the VEGER V1171 Portable Charger. This device is designed to provide convenient and fast charging for your mobile devices, including iPhones, Apple Watches, and Android devices, with its integrated cable and magnetic charging module. Please read this manual carefully to ensure proper use and optimal performance.

## 2. PRODUCT OVERVIEW

### 2.1 Key Features

- **Built-in Removable Cable:** Features a bidirectional USB-C to iOS cable for direct charging of iPhones.
- **Magnetic Apple Watch Charger:** Integrated magnetic module for convenient Apple Watch charging.
- **20W PD Fast Charging:** Supports Power Delivery (PD) 20W fast charging for compatible devices.
- **10000mAh Capacity:** High-capacity battery to provide multiple charges for your devices.
- **Digital Display:** Clear LED display shows remaining battery percentage.
- **Compact and Lightweight Design:** Ideal for travel and daily use.

### 2.2 Package Contents

- VEGER 10000mAh Portable Charger with Built-in Cable (Model V1171)
- User Manual

### 2.3 Product Components and Design

Figure 1: VEGER V1171 Portable Charger in use, charging an iPhone via the built-in cable and an Apple Watch via the magnetic module. The power bank is yellow.

The image above illustrates the VEGER V1171 portable charger, showcasing its ability to charge both an iPhone and an Apple Watch simultaneously. The iPhone is connected via the integrated cable, while the Apple Watch is placed on the magnetic charging pad. The power bank itself is shown in a yellow finish.

# Bidirectional USB C to iOS cable

Built in USB C to iOS Cable

USB C Port Output

Figure 2: Detail of the bidirectional USB-C to iOS built-in cable and the USB-C output port on the VEGER V1171 portable charger.

This image highlights the versatile charging options of the power bank, featuring its built-in bidirectional USB-C to iOS cable and an additional USB-C port for output. This design allows for flexible charging of various devices.

# Hang or Carry Ready to Go

Figure 3: The Veger V1171 portable charger demonstrating its portability, shown attached to a backpack and held comfortably in a hand, highlighting its compact dimensions (4.4 x 2.71 x 0.67 inches) and light weight (7.4 ounces).

This image emphasizes the compact and lightweight design of the power bank, making it easy to carry in a backpack or pocket for on-the-go charging. Its dimensions are 4.4 x 2.71 x 0.67 inches and it weighs approximately 7.4 ounces.

## 3. SETUP

### **3.1 Initial Charging of the Power Bank**

1. Before first use, fully charge the VEGER V1171 portable charger.
2. Connect a USB-C charging cable (not included) to the power bank's USB-C input port.
3. Connect the other end of the USB-C cable to a compatible USB wall adapter (not included).
4. The digital display will show the charging progress. The power bank is fully charged when the display shows 100%.

A full recharge typically takes approximately 3 hours via Type-C input or 4 hours via iOS input (using the built-in cable for input).

# Fast Recharge

Type-C **3H** Fully Recharged    iOS **4H** Fully Recharged

Figure 4: The VEGER V1171 portable charger being recharged. The top image shows recharging via a USB-C cable, while the bottom image shows recharging using the built-in iOS cable, indicating recharge times of 3 hours for Type-C and 4 hours for iOS.

This image demonstrates the two methods for recharging the power bank: using a standard USB-C cable or utilizing its own built-in iOS cable. Estimated recharge times are provided for each method.

## 4. OPERATING INSTRUCTIONS

## 4.1 Charging Your Devices

The VEGER V1171 portable charger allows for simultaneous charging of multiple devices.

### 1. **Charging iPhone (via Built-in Cable):**

Extend the built-in bidirectional USB-C to iOS cable. Connect the iOS end of the cable directly to your iPhone's charging port. The power bank will automatically begin charging.

### 2. **Charging Apple Watch (via Magnetic Module):**

Place your Apple Watch onto the magnetic charging module located on the surface of the power bank. Ensure proper alignment for the magnetic connection. The Apple Watch will begin charging wirelessly.

### 3. **Charging Other Devices (via USB-C Port):**

Connect a compatible USB-C charging cable (not included) to the USB-C output port on the power bank.

Connect the other end of the cable to your device (e.g., Android phone, iPad, AirPods). The power bank will automatically begin charging.

# Triple Device Charging

Figure 5: A user demonstrating triple device charging with the VEGER V1171 portable charger, simultaneously charging an iPad, an Apple Watch, and another device via the USB-C port.

This image illustrates the capability of the VEGER V1171 to charge three devices concurrently: an iPad connected via a cable, an Apple Watch on its magnetic pad, and another device connected to the USB-C port. This highlights its multi-device charging functionality.

## 4.2 Fast Charging Capability

The built-in cable supports PD 20W fast charging, capable of delivering approximately 60% charge to a compatible phone in just 30 minutes, which is significantly faster than standard 5V 1A chargers.

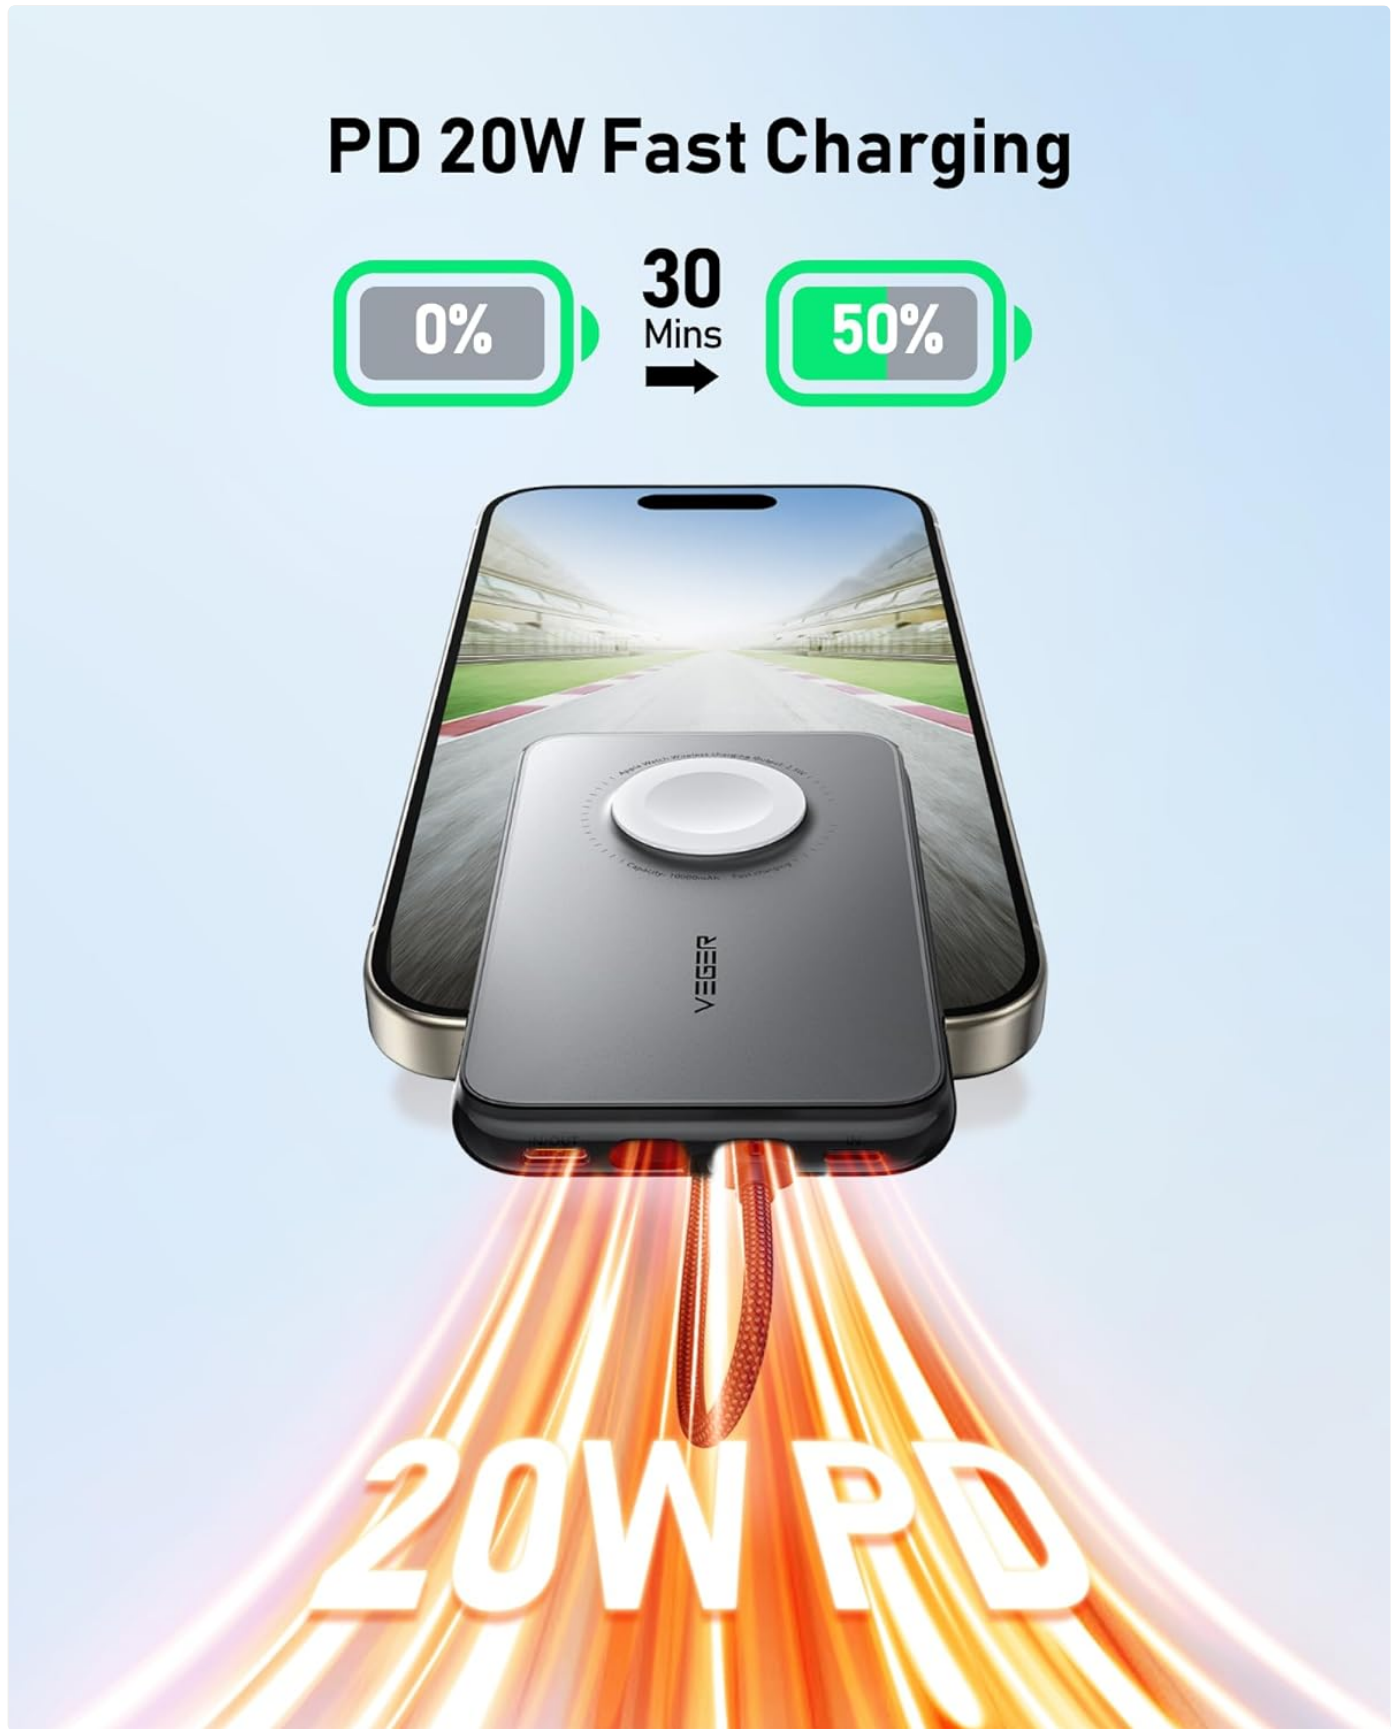

Figure 6: Visual representation of the VEGER V1171 portable charger's 20W PD fast charging capability, showing a phone charging from 0% to 50% in 30 minutes.

This image visually confirms the 20W Power Delivery (PD) fast charging feature, indicating that a device can reach 50% charge from 0% in approximately 30 minutes when connected to the power bank.

## 5. MAINTENANCE

---

- Keep the power bank away from water, fire, and extreme temperatures.
- Avoid dropping or subjecting the device to strong impacts.
- Clean the surface with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the power bank in a cool, dry place when not in use.
- For optimal battery life, fully charge and discharge the power bank at least once every three months if stored for extended periods.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging devices.	<ul style="list-style-type: none"><li>◦ Low battery on power bank.</li><li>◦ Cable not properly connected.</li><li>◦ Device incompatibility.</li></ul>	<ul style="list-style-type: none"><li>◦ Recharge the power bank fully.</li><li>◦ Ensure all cables are securely connected.</li><li>◦ Verify device compatibility (refer to specifications).</li></ul>
Apple Watch not charging.	<ul style="list-style-type: none"><li>◦ Improper placement on magnetic module.</li><li>◦ Apple Watch model incompatibility.</li></ul>	<ul style="list-style-type: none"><li>◦ Adjust Apple Watch position on the magnetic module until charging indicator appears.</li><li>◦ Ensure your Apple Watch model is listed as compatible.</li></ul>
Slow charging speed.	<ul style="list-style-type: none"><li>◦ Device does not support fast charging.</li><li>◦ Using a non-fast charging cable/adaptor for power bank recharge.</li></ul>	<ul style="list-style-type: none"><li>◦ Ensure your device supports PD 20W fast charging.</li><li>◦ Use a compatible fast charging wall adapter and cable to recharge the power bank.</li></ul>
Power bank becomes warm during use.	<ul style="list-style-type: none"><li>◦ Normal operation during charging/discharging.</li><li>◦ Overload or short circuit.</li></ul>	<ul style="list-style-type: none"><li>◦ Slight warmth is normal. If it becomes excessively hot, disconnect all devices and contact support.</li><li>◦ Ensure proper ventilation and avoid covering the power bank during use.</li></ul>

## 7. SPECIFICATIONS

---

Feature	Detail
Model Number	V1171
Battery Capacity	10000 Milliamp Hours (mAh)
Product Dimensions	4.4 x 2.71 x 0.67 inches (112.8 x 69 x 17 mm)
Item Weight	7.4 ounces (210 grams)
Input (USB-C)	PD 20W (Max)
Output (Built-in Cable)	PD 20W (Max)
Output (Magnetic Wireless)	5W (for Apple Watch)
Battery Type	Lithium Polymer
Special Features	Built-in Cable, Digital Display, Fast Charging, Lightweight, Slim
Compatibility	iPhone 16/15/14/13/12/Pro Max series, Apple Watch 10/9/8/7/6/5/4/3/2/1/SE/Ultra, Android devices (Samsung Galaxy, Google Pixel, etc.), AirPods, iPad mini 7.
