AMZBABYCHEF BS707

AMZBABYCHEF BS707 4-in-1 Baby Bottle Steamer and Dryer User Manual

Model: BS707

PRODUCT OVERVIEW

The AMZBABYCHEF BS707 is a versatile 4-in-1 device designed to steam, dry, and store baby bottles and accessories. It utilizes high-temperature steam to effectively reduce harmful substances and features a fast-drying function. The unit is designed for universal fit with various bottle types and includes an LED touch screen for intuitive operation and automatic shut-off for safety.

Key Features:

- **Highly Effective Sterilization:** Employs high-temperature steam technology to eliminate 99.9% of harmful substances, ensuring items are clean and safe.
- **Multifunctional Operation:** Supports free combination of steaming, drying, and storage modes with one-click operation.
- **Large Capacity & Modular Design:** Accommodates up to 6 baby bottles and nipple accessories. Features a layered tray design for flexible use with wide-mouth, narrow-mouth, silicone, and glass bottles.
- **Intelligent & User-Friendly:** LED digital screen displays real-time remaining time. Includes automatic power-off protection to prevent dry burning.
- **Extended Clean Storage:** Maintains a sealed, clean environment for up to 72 hours after sterilization.
- **Safe Materials:** Constructed from food-grade, BPA-Free, heat-resistant, and environmentally friendly materials.

COMPONENTS

The AMZBABYCHEF BS707 unit consists of the following main components:

- **Base Unit:** Houses the heating element and LED touch control panel.
- **Large Basket:** Designed for holding baby bottles.
- **Small Basket:** Designed for holding smaller accessories like nipples, pacifiers, and pump parts.

- **Lid:** Covers the baskets during operation and storage.

Adjustable 3 In 1 Modular Design

SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove all parts from the packaging. Ensure all components (Base Unit, Large Basket, Small Basket, Lid) are present and undamaged.
2. **Initial Cleaning:** Before first use, wash all baskets and the lid with warm soapy water. Rinse thoroughly and allow to air dry. Wipe the base unit with a damp cloth. Do not immerse the base unit in water.
3. **Placement:** Place the base unit on a flat, stable, heat-resistant surface. Ensure there is adequate ventilation around the unit and avoid placing it directly under kitchen cabinets due to steam generation.
4. **Add Water:** Pour the recommended amount of distilled water into the heating plate area of the base unit. Using distilled water helps prevent mineral buildup.
5. **Assemble Baskets:**
 - For bottles and accessories: Place the large basket onto the base, then the small basket on top

of the large basket.

- For bottles only: Place the large basket directly onto the base.
- For small accessories only: Place the small basket directly onto the base.

6. **Load Items:** Place clean bottles upside down in the large basket. Arrange nipples, pacifiers, and other small accessories in the small basket. Ensure items do not block steam vents.
7. **Secure Lid:** Place the lid securely on top of the assembled baskets.
8. **Connect Power:** Plug the power cord into a suitable electrical outlet.

1. **Power On:** Touch the power button on the LED panel to turn on the unit.
2. **Select Mode:** Use the "Function" button (often indicated by a square icon or mode cycle icon) to cycle through the available modes:
 - **Auto Mode:** Automatically performs steaming and drying. Default drying time is typically 50 minutes.
 - **Sterilize Mode:** Performs steaming only. The duration depends on the water volume.
 - **Dry Mode:** Performs drying only. Default drying time is 50 minutes, adjustable from 1 to 60 minutes using the '+' and '-' buttons.
 - **Storage Mode:** After sterilization and drying, the unit enters storage mode, which keeps items clean for up to 72 hours by performing a 15-minute drying cycle every 2 hours.
3. **Adjust Time (if applicable):** For Dry Mode, use the '+' and '-' buttons to set the desired drying duration.
4. **Start Operation:** Once the desired mode is selected, press the "Start/Cancel" button to begin the cycle. The LED display will show the remaining time.
5. **Automatic Shut-Off:** The unit will automatically power off when the cycle is complete or if insufficient water is detected, ensuring safety.

6. **After Cycle:** Allow the unit to cool down before opening the lid and removing items. Be cautious of residual steam.

MAINTENANCE

Regular cleaning and maintenance ensure optimal performance and longevity of your AMZBABYCHEF BS707.

1. **Daily Cleaning:** After each use, unplug the unit and allow it to cool. Remove the baskets and lid. Wash them with warm soapy water, rinse, and air dry. Wipe the heating plate and interior of the base unit with a damp cloth to remove any water residue.
2. **Descaling (Monthly or as needed):** Mineral deposits (scale) may accumulate on the heating plate, especially if tap water is used. To descale:
 - Mix 100ml of white vinegar with 200ml of water.
 - Pour the mixture onto the heating plate.
 - Let it soak for 30 minutes to an hour, or until the scale loosens.
 - Scrub gently with a soft brush or sponge. Do not use abrasive materials.
 - Rinse the heating plate thoroughly with clean water, ensuring no vinegar residue remains.
3. **Storage:** When not in use for an extended period, ensure the unit is clean and dry. Store it in a cool, dry place away from direct sunlight.

Holds 6 Bottles At a Time

*Fits standard 8oz bottles or taller bottles

TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not turn on.	No power, loose connection.	Check power cord connection. Ensure outlet is functional.
Sterilization cycle not starting.	Insufficient water, lid not properly closed.	Add water to the heating plate. Ensure the lid is securely placed.
Items are not completely dry.	Drying time too short, items overloaded.	Increase drying time. Ensure items are not stacked too densely.
White residue on heating plate.	Mineral buildup from tap water.	Perform descaling procedure as described in the Maintenance section. Use distilled water for future operations.

SPECIFICATIONS

- **Model Number:** BS707
- **Brand:** AMZBABYCHEF
- **Material Type:** Plastic (Food-grade, BPA-Free)
- **Color:** Gray
- **Package Dimensions:** 13.43 x 12.71 x 7.83 inches
- **Item Weight:** 4.88 pounds
- **Power Source:** Electric (Batteries not required)
- **Recommended Uses:** Baby Bottles, Baby Bottle Accessories
- **Mounting Type:** Countertop Mount
- **Manufacturer:** Foshan Babykid Electric Appliances Co., Ltd
