3. SETUP AND ASSEMBLY

Assembly of the Bestier Queen Bed Frame is required. All necessary basic components, installation tools, and accessories are included in the package. It is recommended to have two people for assembly due to the weight of the components. Follow the provided instruction manual carefully for step-by-step guidance.

Assembly Tips:

- Identify all parts and hardware before starting. Hardware is typically organized and labeled.
- Ensure all pieces are oriented correctly as per the diagrams in the instruction manual.
- While an Allen wrench is provided, using a power drill with the appropriate adapter can significantly speed up the assembly process.
- Do not fully tighten all screws until the entire frame is assembled to allow for minor adjustments.

5. MAINTENANCE

- **Cleaning:** Wipe down the metal and wooden surfaces with a soft, damp cloth. Avoid harsh chemicals that may damage the finish.
- **Fasteners:** Periodically check all bolts and screws to ensure they are tight. Re-tighten if necessary to maintain stability and prevent noise.
- **Electrical Components:** Ensure all power cords for the charging station and LED lights are securely connected and free from damage.

6. TROUBLESHOOTING

- **Noise/Squeaking:** Check all connections and tighten any loose bolts. Ensure the mattress is properly seated on the slats.
- **LED Lights Not Working:** Verify the power connection to the LED strip. Check the remote control battery. Ensure the LED strip is not damaged.
- **Charging Station Not Functioning:** Confirm the power cord for the charging station is securely plugged into a working wall outlet. Check device cables for damage.
- **Missing Parts:** If any parts are missing during assembly, contact Bestier customer support for assistance.
