

## STRICH SGT-30B

# STRICH Guitar Stool SGT-30B Round: Height Adjustable Seat with Backrest and Guitar Hanger

Instruction Manual

## 1. PRODUCT OVERVIEW

The STRICH SGT-30B Round Guitar Stool is designed to provide optimal comfort and convenience for musicians. This versatile stool features a height-adjustable seat, an adjustable backrest, an integrated footrest, and a secure guitar hanger, making it suitable for various playing environments and instrument types.

- **Comfort-Focused Design:** Adjustable seat height and backrest angle with high-quality leather and thick padding.
- **Versatile Height Options:** Five adjustable seat heights (38.2" to 46.9") and two backrest distances (2.8" to 5.3").
- **Durability Redefined:** Robust all-steel frame with breathable, wear-resistant leather covering.
- **Convenient and Mobile:** Foldable main frame, removable seat and backrest supports for easy transport and storage. Features a secure, soft-material guitar hanger.
- **Versatile Use:** 240-pound weight capacity, ideal for home, studio, and live performances. Doubles as a storage solution or guitar display stand.

## 2. SETUP AND ASSEMBLY

The STRICH SGT-30B Guitar Stool is designed for straightforward assembly. While some components may come pre-assembled, follow these general steps for complete setup and initial adjustments.

### 2.1 Unpacking and Component Check

- Carefully remove all components from the packaging.
- Verify that all parts listed in the product manual are present and undamaged.

## 2.2 Assembling the Main Frame

The main frame typically folds out. Ensure all locking mechanisms are securely engaged to form a stable base.

## 2.3 Attaching the Seat and Backrest

- Attach the padded seat to the main frame using the provided fasteners.
- Slide the backrest support into its designated slot on the main frame and secure it with the adjustment knob.

## 2.4 Initial Adjustments

- **Seat Height:** Use the height adjustment screw to select one of the five available seat heights. Ensure the pin locks securely into place.
- **Backrest Position:** Adjust the backrest's distance (2.8" to 5.3") using the dedicated knobs to achieve your preferred relaxed or upright posture.
- **Footrest:** The integrated footrest is fixed but designed for comfortable leg positioning.

### 3. OPERATING INSTRUCTIONS

The STRICH Guitar Stool is designed for ease of use and adaptability to various musical needs.

#### 3.1 Adjusting for Optimal Playing Posture

- Experiment with the five seat height options to find the most comfortable level for your instrument and playing style.
- Utilize the backrest's two distance settings to support your lower back, promoting good posture during extended sessions.
- Place your feet on the integrated footrest for stability and to elevate one leg if needed for classical guitar playing.

#### 3.2 Using the Guitar Hanger

The backrest features a secure, padded guitar hanger for convenient storage.

- Ensure the hanger is securely attached to the backrest.
- Carefully place your acoustic, electric, or bass guitar onto the hanger. The soft material protects your instrument's finish.
- The 360° adjustable hanger accommodates various headstock shapes.

### 3.3 Folding for Transport and Storage

- To fold the stool, loosen the backrest adjustment knob and remove the backrest support.
- Release the main frame's locking mechanisms and fold the legs inward.
- The compact folded design allows for easy transport and storage in tight spaces.

## 4. MAINTENANCE

Proper care ensures the longevity and performance of your STRICH Guitar Stool.

- **Cleaning:** The leather covering is simple to maintain. Wipe down the seat and backrest with a damp cloth and mild soap as needed. Avoid harsh chemicals that may damage the material.
- **Frame Care:** Periodically check all bolts and knobs to ensure they are tight. Tighten any loose connections to maintain stability.
- **Storage:** When not in use, especially for extended periods, fold the stool and store it in a dry, cool place to prevent wear and tear.

## 5. TROUBLESHOOTING

If you encounter any issues with your STRICH Guitar Stool, refer to the following common solutions:

- **Stool feels unstable:** Ensure all adjustment knobs and fasteners are securely tightened. Verify that the main frame is fully extended and locked into position.
- **Difficulty adjusting height/backrest:** Loosen the corresponding adjustment knob completely before attempting to reposition. Ensure the adjustment pin aligns with the desired hole before tightening.
- **Guitar hanger not holding instrument securely:** Check that the hanger is properly inserted and tightened. Ensure the guitar's headstock fits within the padded arms of the hanger.

## 6. SPECIFICATIONS

Image: Detailed product dimensions of the STRICH Guitar Stool, including height, width, and depth measurements in both inches and centimeters.

Feature	Detail
Brand	STRICH
Model Number	SGT-30B
Item Shape	Round
Product Dimensions	6.2"D x 18.89"W x 22"H
Color	Black
Size	Height 38.2"-46.9"
Maximum Weight Recommendation	240 Pounds
Assembly Required	No (Minimal setup/adjustment)
Frame Material	Metal
Seat Material Type	Leather
Item Weight	18.74 pounds
