

## Bestier B7008

# Bestier Twin Bed Frame with Storage Headboard and Charging Station

Model: B7008 | Brand: Bestier

## INTRODUCTION

Thank you for choosing the Bestier Twin Bed Frame. This instruction manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Featuring a robust metal construction, a functional storage headboard with an integrated charging station, and customizable LED lighting, this bed frame is designed to enhance your bedroom experience. Please read this manual thoroughly before beginning assembly and retain it for future reference.

## SAFETY INFORMATION

- Do not load more than 1100 lbs (500 kg) onto the bed frame. Exceeding this weight limit may cause damage or injury.
- Exercise caution around sharp edges during assembly and use to prevent cuts or scrapes.
- Always follow safety guidelines when using the integrated charging station. Ensure cables are not pinched or damaged.
- Keep all electrical components away from water or excessive moisture.
- Ensure all screws and fasteners are tightened securely before use and periodically check for looseness.

## SETUP AND ASSEMBLY

The Bestier Twin Bed Frame is designed for straightforward assembly. We recommend two people for easier and quicker setup. All necessary basic components, installation tools, and accessories are included. Please ensure all parts are present before starting.

### Assembly Overview

Follow the step-by-step instructions provided in the packaging. Key features like the sturdy metal frame and mattress stabilization are integrated into the design for a secure and noise-free experience.

**Easy to Assemble**

**No Squeak &  
Heavy-duty Frame**

**Figure 1:** Illustrations showing the easy assembly mechanism and the robust, noise-free metal frame construction.

## **OPERATING INSTRUCTIONS**

### **Integrated Charging Station**

The headboard features a convenient charging station to power your devices directly from your bed. It includes:

- 2 AC Outlets
- 1 Type-C Port
- 1 USB Port

Simply plug your device chargers into the appropriate ports. Ensure the bed frame is connected to a power source.

# Practical Headboard with Charging Station

2 AC Outlets

1 Type-C Port

1 USB Ports

**Figure 2:** The headboard features two AC outlets, one Type-C port, and one USB port for convenient device charging.

## LED Lighting System

Personalize your space with the integrated LED lighting system. The lights offer 7 changing colors and 22 dynamic modes, controllable via:

- Remote Control
- Smartphone App
- Physical Switch (Wire Control)

Refer to the separate LED light instruction sheet for detailed pairing and operation of the remote and app.

# Bed Frame with LED Lighting Strip

Figure 3: The LED lighting system can be controlled via remote, app, or a physical switch, offering 7 colors and 22 dynamic modes.

## Headboard Storage and Side Pockets

The headboard includes a 5.9-inch deep storage shelf for easy access to daily items. Additionally, two side pockets are provided to keep small essentials like remotes, books, or chargers within reach.

## Headboard with Storage Shelf

Keeps close to your essentials

## Large Under-Bed Storage Space

Ample storage for your stuff and easy cleaning

**Figure 4:** The headboard includes a 5.9-inch deep storage shelf, and the frame offers 10.3 inches of under-bed clearance for additional storage.

## MAINTENANCE AND CARE

- **Cleaning:** Wipe metal and wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Stability Check:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain the frame's stability and prevent noise.
- **Mattress Placement:** Ensure your mattress is properly seated within the frame's embedded design to utilize the anti-slip features effectively.
- **Electrical Components:** Keep the charging station and LED light strips free from dust and debris. Do not attempt to repair electrical components yourself.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Mattress slides	Mattress not fully seated; stabilization bars not engaged.	Ensure the mattress is pushed firmly against the headboard and footboard to engage the diagonal stoppers.
Bed frame squeaks	Loose bolts or connections.	Check and tighten all assembly bolts and screws.
LED lights not working	Power disconnected; remote battery low; app not connected.	Verify power connection to the bed frame. Replace remote battery. Re-pair app if necessary.
Charging ports not working	Bed frame not powered; faulty cable; device issue.	Ensure bed frame is plugged in. Test with a different cable and device.
