3.2. Voice Function Pairing Steps

To enable the voice control feature, the remote must be paired with your TCL Android/Google TV. Follow these steps:

1. Press the **Voice button** (microphone icon) on the remote control first.
2. Press and hold the **HOME** (house icon) and **OK** (center button) buttons on the remote control simultaneously.
3. Keep the remote control within one meter (approximately 3 feet) of the TV during the pairing process.
4. When your TV displays "Google Assistant" on the screen, the pairing process is complete, and the voice function is ready for use.

Pairing Steps :

1 Press the Voice button (🎤) firstly.

2 Press and hold the " 🏠 " and " OK " buttons on the remote control at the same time.

3 Keep the remote within **3**ft of the TV during the pairing process.

4 Finally, when the TV displays **Google Assistant** everything is ready.

5. MAINTENANCE

- Keep the remote control clean by wiping it with a soft, dry cloth.
- Avoid exposing the remote control to extreme temperatures, humidity, or direct sunlight.
- Do not drop the remote control or subject it to strong impacts.
- If the remote control will not be used for an extended period, remove the batteries to prevent leakage.

6. TROUBLESHOOTING

Problem	Possible Cause / Solution

Problem	Possible Cause / Solution
Remote control not responding.	- Check if batteries are inserted correctly and have sufficient charge. Replace if necessary. - Ensure there are no obstructions between the remote control and the TV's IR receiver. - Re-pair the remote control with the TV if using voice or Bluetooth functions.
Voice function not working.	- Ensure the remote is properly paired with the TV (refer to Section 3.2). - Verify that the TV has a stable internet connection. - Confirm that the TV is in Google TV mode. - Check if Google Assistant is supported in your region and language.
Limited range or delayed response.	- Replace batteries with new ones. - Ensure you are within the effective transmission distance (up to 8 meters / 26 feet). - Minimize interference from other electronic devices.
