Jelkuz 11.26" Portable Wireless Apple CarPlay Screen User Manual

Model: T311S-B

INTRODUCTION

The Jelkuz 11.26-inch Portable Wireless Apple CarPlay Screen is a versatile car stereo system designed to enhance your driving experience. It offers seamless integration with your smartphone via wireless CarPlay and Android Auto, providing access to navigation, music, calls, and more. This device also features a high-definition 2.5K front dash cam and a 1080P backup camera for enhanced safety and recording capabilities. Its large touchscreen display ensures clear visibility and ease of use.

Key Features:

- Exclusive 11.26-inch HD IPS Touch Screen for superior clarity and viewing experience.
- Wireless Apple CarPlay and Android Auto compatibility for hands-free operation and smartphone integration.
- Intelligent Voice Control via Siri and Google Assistant for safe navigation and communication.
- Integrated 2.5K Front Dash Cam and 1080P Rear Camera with simultaneous recording and 140° wide view angle.
- Dual Bluetooth Design for enhanced audio quality and wireless control.
- Multiple Audio Output Options: AUX, FM transmission, built-in speaker, and original car speakers.
- Plug-and-play installation with cigarette lighter power, suitable for 7-36V vehicles.

Initial Connection (Wireless CarPlay/Android Auto):

Follow these steps to connect your smartphone wirelessly to the Jelkuz display:

1. **Step 1:** Turn on your phone's Wi-Fi.
2. **Step 2:** Turn on your phone's Bluetooth.
3. **Step 3:** On your phone, wait for the Bluetooth signal named "F900_1B1C7F4C" to appear in the Bluetooth interface.

4. **Step 4:** Click "Connect" to pair. Once paired, the system will automatically connect to CarPlay or Android Auto.

OPERATING INSTRUCTIONS

Wireless CarPlay & Android Auto:

Easily connect the portable carplay screen to your smartphone. You can use voice commands (Siri/Google Assistant) to make/receive calls hands-free, play music, and navigate. With Airplay and Android Cast, you can seamlessly sync content from your smartphone, including videos and movies, to the high-definition IPS touchscreen.

Wireless with Carplay & Android Auto

Intelligent Voice Control and Navigation:

The car stereo features intelligent voice control via Siri and Google systems. Without touching the screen, you can easily make/receive phone calls, listen to music, and enjoy hands-free operation of various functions with a single voice command. By connecting to Apple CarPlay or Android Auto, you can access online maps on your phone and navigate, choosing the smartest and most convenient routes to avoid traffic jams.
