4. DEVICE OVERVIEW

4.1 myPhone N23 Plus 5G Smartphone

An image showing the myPhone N23 Plus 5G smartphone on the left with its screen displaying a colorful abstract wallpaper, and the myPhone Watch Elegant 2 smartwatch on the right, featuring a black metallic strap and a dark watch face with gold accents, displaying '10:09 AM'.

The myPhone N23 Plus 5G is an advanced smartphone featuring a large 6.78-inch FHD+ display with a 120 Hz refresh rate for smooth visuals. It is powered by a Mediatek D6020 processor and runs on the latest Android version, ensuring a clear and intuitive user experience. Key features include:

- **Connectivity:** 5G, NFC for digital payments, Bluetooth 5.2 for high-quality audio.
- **Camera:** Triple rear camera with a 50-megapixel main lens and AI support, plus an 8-megapixel front camera.
- **Storage & RAM:** 256 GB internal memory (expandable up to 1 TB with microSD) and 8 GB RAM (expandable up to 16 GB).
- **Battery:** 5,000 mAh battery for extended use.

4.2 myPhone Watch Elegant 2 Smartwatch

The myPhone Watch Elegant 2 is a versatile smartwatch designed for daily use and active lifestyles. It features an elegant metal casing and comes with an interchangeable silicone strap. Key features include:

- **Display:** 1.43-inch AMOLED screen with 466 x 466 pixels resolution, offering vibrant colors and an Always On Display function.
- **Connectivity:** Bluetooth Calling for making and receiving calls directly from the watch.
- **Durability:** IP67 certified for dust and water resistance.

- **Notifications:** Displays notifications from applications and messengers.
- **Battery:** 300 mAh battery, providing up to 7 days of battery life with energy-saving AMOLED technology.
- **Features:** Time display, GPS functionality.

5. SETUP

5.1 Smartphone Setup (myPhone N23 Plus 5G)

1. **Insert SIM Card:** Locate the SIM card tray on the side of the phone. Use the provided SIM ejector tool to open the tray. Insert your Nano-SIM card(s) and/or microSD card into the designated slots. Close the tray securely.
2. **Power On:** Press and hold the Power button until the myPhone logo appears.
3. **Initial Configuration:** Follow the on-screen prompts to select your language, connect to Wi-Fi, and set up your Google account.
4. **Charge Battery:** Connect the USB Type-C cable to the phone's charging port and the other end to a power adapter. Charge the phone fully before first use.

5.2 Smartwatch Setup (myPhone Watch Elegant 2)

1. **Charge Battery:** Connect the smartwatch to its charging cable. Ensure the charging pins align correctly. Charge the watch fully.
2. **Power On:** The watch will typically power on automatically when removed from the charger or by pressing and holding the side button.
3. **Install Companion App:** On your smartphone, download and install the official myPhone Watch companion application from the Google Play Store.
4. **Pair with Smartphone:** Open the companion app on your smartphone. Follow the in-app instructions to pair your smartwatch via Bluetooth. Ensure Bluetooth is enabled on both devices.
5. **Strap Attachment:** Attach the desired strap (metal or silicone) to the smartwatch body.

6. OPERATING YOUR DEVICES

6.1 Smartphone Operation

- **Navigation:** Use touch gestures (tap, swipe, pinch) to navigate the Android interface.
- **Calls & Messaging:** Use the Phone and Messages apps for communication.
- **Camera:** Open the Camera app to capture photos and videos with the 50 MP triple camera or 8 MP front camera.
- **NFC Payments:** Enable NFC in settings and configure your digital wallet app for contactless payments.
- **5G Connectivity:** The phone automatically connects to 5G networks where available, providing faster data speeds.

6.2 Smartwatch Operation

- **Bluetooth Calling:** Once paired, you can answer incoming calls or dial numbers directly from your watch.
- **Notifications:** View incoming messages, app alerts, and calendar reminders on your watch screen.
- **Health Tracking:** Utilize the watch's sensors for activity tracking, heart rate monitoring, and other health-related features (specific features depend on the companion app).

- **Always On Display:** The AMOLED screen supports Always On Display, showing essential information without needing to wake the screen fully.
- **GPS:** Use the integrated GPS for location tracking during outdoor activities.

7. MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to clean the screens and bodies of both devices. Avoid abrasive materials or harsh chemicals.
- **Software Updates:** Regularly check for and install software updates for both your smartphone and the smartwatch companion app to ensure optimal performance and security.
- **Battery Care:** To prolong battery life, avoid fully discharging the devices frequently. Charge them before they run out completely.
- **Strap Care:** Clean the smartwatch strap regularly, especially the silicone one, to prevent skin irritation.

8. TROUBLESHOOTING

8.1 Common Smartphone Issues

- **Device not turning on:** Ensure the battery is charged. Press and hold the Power button for at least 10 seconds.
- **Apps crashing:** Clear the app's cache and data in settings, or reinstall the app. Ensure sufficient RAM is available.
- **Poor network signal:** Check SIM card insertion. Move to an area with better coverage. Restart the phone.

8.2 Common Smartwatch Issues

- **Not pairing:** Ensure Bluetooth is on for both devices. Restart both devices. Check the companion app for pairing instructions.
- **Notifications not appearing:** Check app notification settings on your smartphone and in the smartwatch companion app. Ensure the watch is connected.
- **Inaccurate readings:** Ensure the watch is worn snugly on your wrist. Clean the sensors.
