## MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Furniwell sofa.

- **Cleaning Fabric Covers:** The seat and back cushion covers are removable and washable. For best results, follow the care instructions on the fabric label. Generally, machine wash cold on a gentle cycle and air dry.
- **Spot Cleaning:** For minor spills, immediately blot with a clean, dry cloth. For stubborn stains, use a damp cloth with a mild fabric cleaner. Test on an inconspicuous area first.
- **Frame Cleaning:** Wipe the wood frame and legs with a damp cloth. Avoid harsh chemicals.
- **Regular Maintenance:** Vacuum the sofa regularly using an upholstery attachment to remove dust and debris. Fluff cushions periodically to maintain their shape and comfort.

## TROUBLESHOOTING

---

Here are solutions to common issues you might encounter:

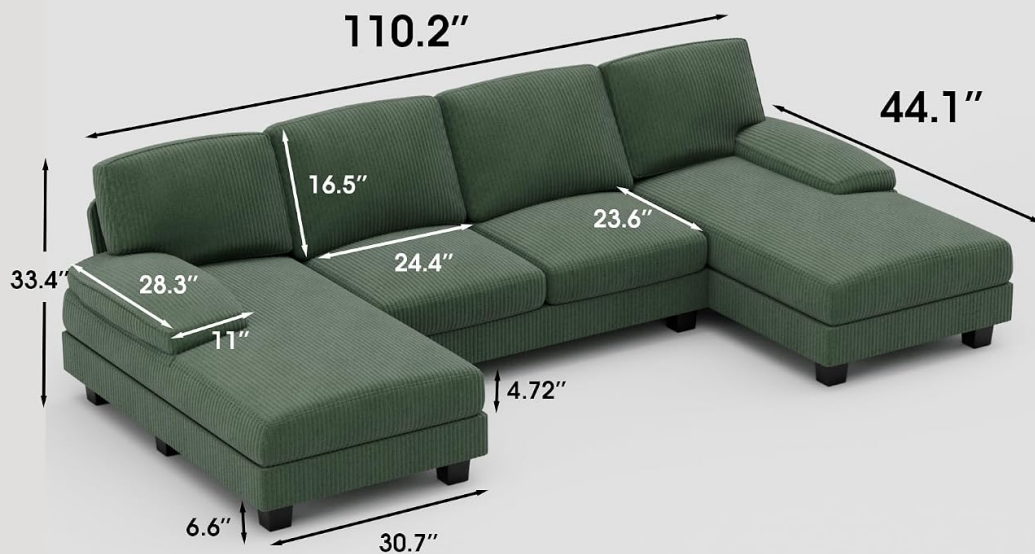

- **Cushions Not Fully Expanded:** If cushions appear flat after unpacking, ensure they have had at least 48 hours to fully expand. Gently fluff and knead them to help restore their shape.

- **Loose Back Pillows:** If back pillows tend to shift or fall, consider adding adhesive Velcro strips to the back of the pillows and the sofa frame to secure them in place.
- **Sofa Sections Separating:** Ensure the snap mechanisms connecting the sofa sections are fully engaged. Push sections firmly together until they click into place.
