JXQTLINGMU LM073

JXQTLINGMU LM073 Fireplace TV Stand Instruction Manual

Model: LM073 | Brand: JXQTLINGMU

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your JXQTLINGMU LM073 Fireplace TV Stand. This entertainment center features a 36-inch electric fireplace, customizable LED lights, and ample storage, designed to enhance your living space.

SAFETY INFORMATION

Caution:

- Keep children and pets away from the electric fireplace to prevent burns.
- Always secure the furniture to the wall to prevent tip-overs.
- Do not place heavy objects on the top shelves to avoid overloading and potential tip-overs.

PRODUCT FEATURES

- **70-inch Wide Tabletop:** Accommodates TVs up to 80 inches.
- **36-inch Electric Fireplace:** Features 7 adjustable flame colors and customizable ember bed colors.
- **LED Lighting:** Customizable LED lighting options in side cabinets.
- **Heating Power:** 5000 BTU, capable of warming up to 400 sq. ft.
- **Safety Features:** Includes overheat protection and a programmable timer (1-8 hours).
- **Ample Storage:** Two top drawers, a semi-open shelf, and two side glass cabinets with adjustable shelves.
- **Durable Construction:** Crafted from high-quality engineered wood with a sturdy base.

SETUP AND ASSEMBLY

Your JXQTLINGMU Fireplace TV Stand arrives in two securely packaged boxes. All screws and parts are clearly labeled to facilitate a smooth assembly process. Follow the step-by-step illustrated instructions provided in the packaging.

While the instructions may advise against using a drill, a low-torque drill can expedite assembly. Exercise caution to avoid stripping screws or damaging components.

TV Stand and Electric Fireplace Will Be Shipped in 2 Separate Package

MAINTENANCE

To maintain the appearance and longevity of your TV stand, wipe it with a dry cloth. Avoid using harsh chemicals or abrasive cleaners that may damage the finish. Regularly check all connections and fasteners to ensure they remain secure.

TROUBLESHOOTING

- **Fireplace not turning on:** Ensure the unit is properly plugged into a working power outlet. Check the power switch on the unit and the remote control batteries.
- **Remote control not responding:** Replace the batteries in the remote control. Ensure there are no obstructions between the remote and the fireplace unit.
- **Heating element not working:** Verify that the heating function is activated and the temperature setting is above the current room temperature. Check for any error codes on the display. Overheat protection may have been activated; allow the unit to cool down.
- **LED lights not working:** Check connections for the LED strips. If individual lights are out, contact customer support for replacement options.
- **Loose parts after assembly:** Re-tighten any loose screws or fasteners. Avoid overtightening to prevent damage to the engineered wood.
