Mibro Lite3 Pro

Mibro Lite3 Pro GPS Smartwatch User Manual

Model: Lite3 Pro

1. PRODUCT OVERVIEW

The Mibro Lite3 Pro GPS Smartwatch is a versatile and intelligent wearable device designed for both men and women, offering a comprehensive suite of features for communication, fitness tracking, and health monitoring. It boasts a vibrant AMOLED display, robust GPS capabilities, and an impressive array of sport modes, all powered by an efficient battery for extended use.

Figure 1: Mibro Lite3 Pro GPS Smartwatch. This image displays the Mibro Lite3 Pro GPS Smartwatch, highlighting its design and the ability to handle phone calls directly from the watch.

2. What's in the Box

Upon unboxing your Mibro Lite3 Pro GPS Smartwatch, please ensure all the following components are present:

- Mibro Lite3 Pro Watch (with leather strap) x 1
- Silicone strap x 1
- User Manual x 1
- Magnetic charger x 1

3. SETUP GUIDE

3.1 Initial Charging

Before first use, fully charge your Mibro Lite3 Pro Smartwatch. Connect the magnetic charger to the charging points on the back of the watch and plug the USB end into a compatible power adapter (not included). A full charge typically takes approximately 2.5 to 3 hours.

3.2 App Installation and Pairing

To unlock the full potential of your smartwatch, download the official Mibro app on your iOS or Android smartphone. Once installed:

1. Enable Bluetooth on your smartphone.
2. Open the Mibro app and follow the on-screen instructions to add your device.
3. Select "Mibro Lite3 Pro" from the list of available devices to initiate the pairing process.
4. Confirm the pairing request on both your phone and the smartwatch.

Note: Some users have reported initial difficulties with pairing. If you encounter issues, ensure the app is up-to-date, restart both your phone and watch, and try again.

4. OPERATING INSTRUCTIONS

4.1 Bluetooth Calling Function

The Mibro Lite3 Pro allows you to manage calls directly from your wrist when connected to your smartphone via Bluetooth. It features a built-in microphone and speaker for clear communication.

- **Answering/Making Calls:** Once paired, you can answer incoming calls, dial numbers, or select contacts directly from the watch interface.
- **Notifications:** Receive SMS and other app notifications directly on your smartwatch.
- **Call Logs & Contacts:** View recent call history and access saved contacts.

4.4 Sport Modes

With over 150 sport modes, the Mibro Lite3 Pro caters to a wide range of physical activities. Its integrated 10-axis gravity sensors precisely detect data such as count, amplitude, orientation, and lifting height during movement.

Figure 8: Swimming Mode and Water Resistance. This image highlights the smartwatch's 5ATM water resistance, suitable for swimming,

and its ability to track various metrics during water activities.

4.5 Health Monitoring

The smartwatch offers advanced health monitoring features, including stress detection, breathing training, and blood oxygen measurement. It also incorporates precise algorithms for women's health tracking, such as period and fertile window prediction.

Figure 9: Women's Health Tracking. This image shows the smartwatch's dedicated features for women's health, including menstrual cycle tracking and fertility predictions.

Figure 10: Biological Matrix Detection System. This image illustrates the advanced biological matrix detection system on the smartwatch, designed for improved data collection and accuracy in heart rate monitoring.

4.6 Water Resistance

The Mibro Lite3 Pro is rated 5ATM waterproof, making it suitable for various water activities such as swimming, hand washing, and use in the rain. Avoid hot water, steam, or deep diving.

Consumo energetico ridotto, standby più lungo

L'architettura dual core a basso consumo, abbinata a un sistema di gestione intelligente dell'alimentazione, garantisce una maggiore durata della batteria.

5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Mibro Lite3 Pro Smartwatch.

- **Cleaning:** Regularly wipe the watch screen and strap with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, but ensure the watch is completely dry before charging or prolonged use.
- **Charging:** Use only the provided magnetic charger. Avoid exposing the charging contacts to water or corrosive liquids.
- **Storage:** Store the watch in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Chemicals:** Do not use harsh chemicals, cleaning solvents, or strong detergents to clean the watch, as they may damage the finish or internal components.

6. TROUBLESHOOTING

If you encounter issues with your Mibro Lite3 Pro Smartwatch, refer to the common problems and solutions below:

Problem	Possible Cause / Solution
Watch does not turn on or charge.	Ensure the magnetic charger is correctly aligned with the charging points. Try a different USB power source. The battery might be completely drained; allow it to charge for a few hours. If the issue persists, contact support.
Cannot pair with smartphone / Bluetooth connection unstable.	Make sure Bluetooth is enabled on your phone and the watch. Restart both devices. Ensure the Mibro app is updated to the latest version. Try unpairing and re-pairing the device. Keep the watch close to your phone during pairing.
Notifications are not received.	Check notification permissions in the Mibro app and your phone's settings. Ensure the app is running in the background. Verify that the watch is properly connected via Bluetooth.
Call audio quality is poor or vibration is weak.	Ensure the watch's speaker and microphone are not obstructed. Check the watch's volume settings. Vibration intensity may not be adjustable on this model. Ensure a stable Bluetooth connection.
GPS tracking is inaccurate.	Ensure you are in an open area with clear sky view. Allow the watch sufficient time to acquire GPS signals before starting an activity.
Watch requires app for basic functions (e.g., time).	The Mibro Lite3 Pro is designed to work in conjunction with its companion app for full functionality, including time synchronization and settings management. While some basic features may work independently, consistent use requires the app.

7. SPECIFICATIONS

Feature	Detail
Model	Lite3 Pro
Watch Dimensions	44.7mm x 44.7mm x 11.9mm
Item Weight	59 g
Screen Size	1.32 Inches
Display Type	AMOLED
