impcenst Twister-01

impcenst Twister Hurricane Light User Manual

Model: Twister-01

1. Introduction

Thank you for purchasing the impcenst Twister Hurricane Light. This decorative lamp creates a mesmerizing water vortex effect with changing LED lights, providing a unique visual experience. This manual provides essential information for the safe and proper use of your product.

2. Safety Information

- Read all instructions before use and retain for future reference.
- This product is for indoor use only.
- Do not immerse the unit in water or expose it to excessive moisture.
- Use only the provided USB cable for power. Ensure the power source meets the product's specifications.
- Keep out of reach of children and pets.
- Do not attempt to open or repair the unit yourself. Contact customer support for assistance.
- Avoid placing the lamp near heat sources or in direct sunlight.

3. Package Contents

Please check the box for the following items:

- impcenst Twister Hurricane Light Unit
- USB Cable
- Foam Balls (pre-installed or in a separate packet)

4. Setup Instructions

Follow these steps to set up your Twister Hurricane Light:

1. **Prepare the Unit:** Carefully remove the top lid of the lamp.
2. **Fill with Water:** Fill the transparent cylinder with clean water up to the indicated fill line, or approximately 1 inch from the top.
3. **Add Foam Balls:** If not already inside, gently place the provided foam balls into the water. These balls enhance the vortex effect.

4. **Secure the Lid:** Replace the top lid firmly to prevent water spillage.
5. **Connect Power:** Plug the small end of the USB cable into the power port on the lamp's base. Connect the other end to a suitable USB power adapter (not included) or a USB port.

5. Operating Instructions

Once powered on, the Twister Hurricane Light will automatically begin its operation:

- **Automatic Activation:** The lamp will turn on automatically when connected to power.
- **Vortex Generation:** The internal mechanism will create a continuous water vortex, simulating a miniature hurricane.
- **Color Changing:** The LED lights will automatically cycle through 7 different colors, creating a dynamic visual display.
- **Quiet Operation:** The lamp is designed to operate with minimal noise, typically below 25dB, making it suitable for bedrooms or quiet environments.

Figure 4: The lamp's low noise level ensures a peaceful environment.

6. Maintenance

- **Cleaning:** Disconnect the power before cleaning. Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Water Replacement:** For optimal performance and clarity, it is recommended to replace the water periodically, especially if it appears cloudy.
- **Storage:** If storing the lamp for an extended period, empty the water, clean the unit, and store it in a cool, dry place.

7. Troubleshooting

If you encounter any issues, please refer to the following common solutions:

- **No Vortex Effect:**
    - Ensure the water level is correct.

- Verify that the foam balls are present in the water.
- Check if the power cable is securely connected.

- **No Light/Power:**
  - Confirm the USB cable is properly plugged into both the lamp and the power source.
  - Try a different USB power adapter or port to rule out a faulty power source.
- **Unusual Noise:**
  - A tiny, subtle noise is normal during operation due to the water spinning mechanism. If the noise is excessive or unusual, ensure the lamp is on a flat, stable surface.

If problems persist, please contact customer support.

8. Specifications

Feature	Detail
Model Number	Twister-01
Dimensions (L x W x H)	10.8" x 3.4" x 10.8"
Item Weight	7.7 ounces (0.48 Pounds)
Material	Acrylic, Plastic
Light Source Type	LED
Number of Light Sources	7 (Color-changing)
Power Source	USB Cable
Mounting Type	Table Mount
UPC	712417799841

9. Warranty and Support

For warranty information and customer support, please refer to the product packaging or contact the manufacturer directly. Keep your purchase receipt for warranty claims.
