plusOne Oral Enhancer & Personal Stroker 3 Piece Set User Manual

Model: Oral Enhancer & Personal Stroker 3 Piece Set

Brand: plusOne

INTRODUCTION

The plusOne Oral Enhancer & Personal Stroker 3 Piece Set is designed to provide enhanced pleasure and versatility for both self-pleasure and partnered oral play. This set includes three unique enhancers, each crafted from high-quality, body-safe silicone with distinct internal textures to offer varied sensations. The ergonomic design ensures comfortable handling, and the included ventilated storage case promotes hygienic drying and discreet storage. This manual provides essential information on the product's features, proper usage, maintenance, and care to ensure a safe and satisfying experience.

SAFETY INFORMATION

- **Material Safety:** The enhancers are made from 100% body-safe silicone, free of phthalates, BPA, and latex. This material is non-porous and hygienic.
- **Waterproof Design:** The product is fully waterproof, allowing for use in the shower or bath and easy cleaning.
- **Lubricant Compatibility:** Always use with a water-based personal lubricant. Oil-based lubricants can damage silicone products over time.
- **Hygiene:** Clean the product thoroughly before and after each use to maintain hygiene and prolong its lifespan.
- **Storage:** Store in the provided ventilated case in a cool, dry place, away from direct sunlight and extreme temperatures. Keep out of reach of children.
- **Discomfort:** Discontinue use immediately if you experience any discomfort, irritation, or pain. Consult a healthcare professional if symptoms persist.
- **Intended Use:** This product is intended for adult use only. It is not a medical device and should not be used for

diagnostic or therapeutic purposes.

PACKAGE CONTENTS

Your plusOne Oral Enhancer & Personal Stroker 3 Piece Set includes the following items:

- One (1) Light Blue Oral Enhancer (Tightest texture)
- One (1) Medium Blue Oral Enhancer (Medium texture)
- One (1) Dark Blue Oral Enhancer (Ribbed texture)
- One (1) Ventilated Storage Case

1. **Initial Cleaning:** Before first use, wash each enhancer thoroughly with warm water and a mild, toy-safe soap. Rinse completely and allow to air dry in the ventilated storage case.
2. **Lubrication:** Apply a generous amount of water-based personal lubricant to the opening and interior of the enhancer, as well as to the area of the body it will be used on. This ensures comfortable insertion and optimal sensation.

OPERATION

The plusOne Oral Enhancer set offers dual functionality for diverse experiences:

Using as a Personal Stroker:

- Choose the enhancer that provides your desired level of tightness and texture. The set includes options for tight, medium, and ribbed sensations.
- Ensure adequate lubrication.

- Gently guide the enhancer onto the desired area. The hourglass design provides an easy-to-hold grip.
- Move the enhancer back and forth to experience the internal textures. Experiment with different speeds and pressures to find what is most pleasurable.

Using for Oral Enhancement (Partnered Play):

- The enhancers can be used by a partner to provide varied sensations during oral play.
- The partner holds the enhancer and guides it over the desired area, allowing the internal textures to stimulate.
- The flexible nature of the silicone allows for adjustment and control, enhancing the experience for both individuals.

MAINTENANCE

1. **Cleaning:** After each use, wash the enhancers thoroughly with warm water and a mild, antibacterial soap specifically designed for sex toys. You can turn them inside out for easier cleaning of the textured interior.
2. **Rinsing:** Rinse all soap residue completely from the enhancers.
3. **Drying:** Shake off excess water and place the enhancers in the provided ventilated storage case. The ventilation holes allow for proper air circulation, preventing moisture buildup and inhibiting bacterial growth. Ensure they are completely dry before storing.
4. **Storage:** Store the dry enhancers in their case in a clean, dry, and discreet location, away from direct sunlight, extreme temperatures, and other toys made of different materials (especially those containing silicone-damaging substances).

TROUBLESHOOTING

Problem	Possible Cause / Solution
---------	---------------------------

Problem	Possible Cause / Solution
Enhancers feel sticky after use/cleaning.	<ul style="list-style-type: none"> ◦ Ensure thorough rinsing after cleaning to remove all soap residue. ◦ Allow enhancers to air dry completely in the ventilated case before storage. Residual moisture can contribute to stickiness. ◦ Some silicone materials may naturally develop a slight tackiness over time; this is generally not a defect.
Difficulty with fit or sensation.	<ul style="list-style-type: none"> ◦ The set includes three different sizes and textures. Experiment with each enhancer to find the one that best suits your personal preference and anatomy. ◦ Ensure sufficient water-based lubricant is used.
Product appears damaged or torn.	<ul style="list-style-type: none"> ◦ The silicone material is durable and unlikely to tear under normal use. ◦ Avoid using oil-based lubricants or harsh cleaning agents, as these can degrade the silicone over time. ◦ Inspect the product before each use. If significant damage is present, discontinue use and contact customer support.
