WHAT'S IN THE BOX

Upon opening your BLU Bold K10 package, please verify that all the following items are included:

- BLU Bold K10 Smartphone

- USB Cable
- Charger
- Clear Rugged Case
- Glass Screen Protector
- Headphones
- SIM Key
- Quick Guide
- Sticker

Figure 2: All items included in the BLU Bold K10 retail package.

SETUP

1. Inserting the SIM Card and MicroSD Card

1. Locate the SIM tray on the side of your BLU Bold K10.
2. Insert the provided SIM key into the small hole next to the tray to eject it.

3. Place your Nano-SIM card(s) and/or a MicroSD card (for expanded storage up to an additional 128GB) into the designated slots on the tray. Ensure the gold contacts face downwards.

4. Carefully reinsert the tray into the phone until it clicks into place.

2. Initial Power On and Setup Wizard

1. Press and hold the Power button (located on the right side of the device) until the BLU logo appears.

2. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, Google account sign-in, and privacy settings.

3. Setting Up the Fingerprint Sensor

The BLU Bold K10 features a convenient side-mounted fingerprint sensor for secure and quick unlocking.

1. Navigate to **Settings** > **Security & privacy** > **Device unlock** > **Fingerprint**.

2. Follow the prompts to register your fingerprint. You will be asked to lift and press your finger multiple times on the sensor until it is fully registered.

3. You can register multiple fingerprints for convenience.

Camera Features

Capture stunning photos and videos with the advanced 50MP Triple Camera system. The camera app offers various modes and settings to enhance your photography, including portrait mode, night mode, and professional settings.

- **Taking a Photo:** Open the Camera app, frame your shot, and tap the shutter button.
- **Recording a Video:** Switch to video mode in the Camera app and tap the record button to start/stop.
- **Front Camera:** Use the front camera for selfies and video calls.

Storage and Memory

The BLU Bold K10 comes with 128GB of internal storage, providing ample space for your apps, photos, videos, and documents. You can expand this storage further using a MicroSD card.

- To check storage usage: Go to **Settings** > **Storage**.
- To manage files: Use the pre-installed Files app or a third-party file manager.

Battery Management

Equipped with a robust 5,000mAh battery, the BLU Bold K10 is designed to provide extended usage, allowing you to power through your day with ease. For optimal battery life:

- Charge your device using the provided charger and USB cable.
- Enable battery saver mode in **Settings** > **Battery** to extend usage.
- Close unused apps running in the background.

Operating System: Android 13

The BLU Bold K10 runs on Android 13, offering the latest features, security updates, and performance optimizations.

Enjoy a smooth and intuitive user experience with enhanced privacy controls and personalized options.

Connectivity

The BLU Bold K10 is GSM Unlocked, providing flexibility to use your preferred GSM carrier. It is compatible with networks such as T-Mobile and Metro PCS. Please note that a SIM card is not included, and compatibility with specific networks should be verified with your service provider. This device is not compatible with AT&T/Cricket new activations or CDMA networks like Verizon and Sprint.

Figure 7: Information regarding GSM Unlocked compatibility.

MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid abrasive materials or harsh chemicals.
- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security. Go to **Settings** > **System** > **System update**.
- **Battery Care:** Avoid extreme temperatures. Do not fully discharge the battery frequently.
- **Physical Protection:** Utilize the included clear rugged case and glass screen protector to safeguard your device from drops and scratches.

TROUBLESHOOTING

Problem	Possible Solution
Phone does not turn on	Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on. If unresponsive, perform a forced restart by holding the Power button for 10-15 seconds.

Problem	Possible Solution
Poor network signal	Check if your SIM card is properly inserted. Move to an area with better network coverage. Restart the phone. Verify with your carrier that your plan is active and compatible.
Apps crashing or freezing	Close and reopen the app. Clear the app's cache and data in **Settings** > **Apps**. Ensure the app is updated to its latest version. Free up storage space if it's low.
Battery drains quickly	Reduce screen brightness. Disable unused features like Wi-Fi, Bluetooth, GPS when not needed. Close background apps. Check battery usage in **Settings** > **Battery** to identify power-hungry apps.
Fingerprint sensor not working	Ensure your finger is clean and dry. Re-register your fingerprint in **Settings** > **Security & privacy** > **Device unlock** > **Fingerprint**. Ensure the sensor area is clean.
