Audio Formats	AVI, WAV, WMA
Special Features	Wireless CarPlay, Wireless Android Auto, Mirror Link, Steering Wheel Control, Split Screen

Key hardware specifications and connectivity features.

4. INSTALLATION GUIDE

Professional installation is recommended. Ensure the vehicle's power is disconnected before beginning installation.

4.1 Wiring Diagram

Refer to the following diagram for correct wiring connections. The included wiring harness is designed to match your vehicle's factory dashboard connections.

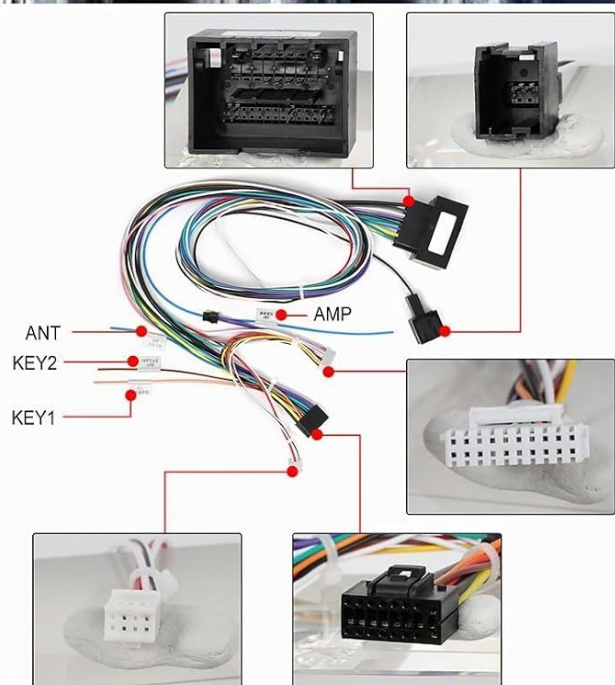

Telecamera di retromarcia

Le telecamere supportano sia CVBS che AHD e possono essere impostate nelle impostazioni del tipo di telecamera all'interno della fabbrica.

Controllo al volante

Attraverso di esso è possibile controllare le funzioni necessarie tramite il volante, il che è più conveniente.

Wiring connections for the car stereo, including the rear camera and steering wheel controls.

- **Power Connection:** Connect the main power harness to the vehicle's power supply. Ensure correct polarity.
- **Speaker Connections:** Connect the speaker wires to the corresponding vehicle speakers.
- **Canbus Decoder:** Connect the Canbus decoder to integrate with vehicle systems like steering wheel controls.
- **GPS Antenna:** Mount the GPS antenna in a location with a clear view of the sky, typically on the dashboard or under the windshield.
- **Radio Antenna:** Connect the vehicle's radio antenna.
- **USB Cables:** Connect the provided USB cables for data transfer and charging.
- **Rear Camera:** Connect the rear camera as per the diagram. The trigger wire should connect to the vehicle's reverse light positive.
- **Microphone:** Connect the external microphone for improved call quality.

4.2 Mounting the Unit

Carefully insert the car stereo into the dashboard opening. Secure it using the provided mounting brackets and screws. Ensure all cables are properly routed and not pinched.

5. BASIC OPERATION

5.1 Power On/Off

Press and hold the power button (if available) or turn on the vehicle ignition to power on the unit. The unit will power off automatically when the ignition is turned off.

5.2 Touch Screen Controls

The unit features a responsive touch screen. Use gestures such as tap, swipe, and pinch-to-zoom for navigation and control.

Interacting with the touch screen and customizing the user interface.

5.3 Home Screen Customization

You can customize the home screen by long-pressing an app icon to move or remove it. The unit supports 59 different user interfaces and 19 wallpaper options.

5.4 Split Screen Functionality

The split-screen feature allows you to run two applications simultaneously, such as navigation and music playback. Refer to the on-screen instructions for activating and managing split-screen mode.

6. CONNECTIVITY FEATURES

6.1 Wireless CarPlay and Android Auto

Connect your iPhone or Android smartphone wirelessly via Bluetooth or USB cable to access CarPlay or Android Auto. This allows for seamless integration of navigation, messaging, calls, and music from your phone onto the car stereo display.

CarPlay, Android Auto, and Mirror Link connectivity options.

6.2 Mirror Link (Airplay)

Mirror Link allows you to display your smartphone's screen directly on the car stereo. This feature supports both Android (wireless or USB) and iOS (wireless) devices.

6.3 Bluetooth Functionality

The integrated Bluetooth module supports A2DP for high-quality audio streaming. It also enables hands-free calling and phonebook synchronization.

Bluetooth for calls and music, DSP sound processing, and FM radio.

6.4 Wi-Fi and GPS Navigation

Connect the unit to a Wi-Fi hotspot (e.g., from your smartphone) to access online maps, download apps, and browse the internet. The built-in GPS module supports offline navigation with pre-installed maps, and online navigation when connected to Wi-Fi.

7. AUDIO FEATURES

7.1 Digital Sound Processor (DSP)

The integrated DSP features a 32-band equalizer, allowing you to fine-tune the audio output to your preference. Various preset sound styles (Rock, Pop, Jazz, Classic) are available.

7.2 FM/RDS Radio

The high-quality FM tuner with RDS (Radio Data System) provides clear radio reception and displays station information.

7.3 Amplifier and Subwoofer Output

The unit includes a built-in 4*50W amplifier and a dedicated subwoofer output port for enhanced bass.

8. REAR CAMERA AND STEERING WHEEL CONTROL

8.1 Rear Camera Display

When the vehicle is shifted into reverse, the car stereo automatically displays the view from the connected rear camera, assisting with parking and maneuvering.

8.2 Steering Wheel Control (SWC)

The unit is compatible with your vehicle's steering wheel controls. After installation, you may need to configure the SWC settings in the system menu to map the buttons correctly.

9. MAINTENANCE

To ensure the longevity and optimal performance of your car stereo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents.
- **Software Updates:** Periodically check for software updates provided by Hodozzy to ensure you have the latest features and bug fixes.
- **Temperature:** Avoid exposing the unit to extreme temperatures.
- **Power:** Ensure stable power supply to prevent electrical damage.

10. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Unit does not power on	Incorrect wiring, blown fuse, vehicle power issue	Check power connections, inspect vehicle fuses, ensure ignition is on.
No sound	Speaker wiring issue, volume too low, mute activated	Verify speaker connections, increase volume, check mute settings.
GPS signal lost/inaccurate	GPS antenna placement, environmental interference	Ensure GPS antenna has a clear view of the sky, avoid areas with high buildings or tunnels.
CarPlay/Android Auto not connecting	Bluetooth/USB connection issue, phone settings	Ensure Bluetooth is on and paired, try a different USB cable, check phone's CarPlay/Android Auto settings.
Rear camera not displaying	Camera wiring, camera settings	Check camera power and video connections, ensure trigger wire is correctly connected to reverse light, verify camera settings in the unit.

For further assistance, please contact Hodozzy customer support.

11. WARRANTY AND SUPPORT

Hodozzy is committed to providing quality products and excellent customer service.

- **Product Warranty:** 2-Year Replacement Warranty.
- **Return Policy:** 60-Day Return Period.
- **Customer Support:** Lifetime Support.
- **Response Time:** Customer inquiries are typically responded to within 18 hours.
