

RECCAZR HS8100

RECCAZR Wireless Keyboard and Mouse Combo HS8100 User Manual

Model: HS8100 | Brand: RECCAZR

PRODUCT OVERVIEW

This RECCAZR Wireless Keyboard and Mouse Combo (Model HS8100) provides a stable and reliable 2.4GHz wireless connection for seamless operation across various devices. Designed for comfort and efficiency, it features a full-sized keyboard with multimedia keys and an adjustable DPI mouse, making it suitable for office, home, and portable use.

Key Features:

- **2.4GHz Wireless Connection:** Stable and reliable connection up to 10m (33ft) with a single nano USB receiver for both keyboard and mouse.
- **Full-Sized Keyboard:** Designed for comfortable and efficient typing, saving desk space.
- **12 Multimedia Function Keys:** Quick access to multimedia player, volume, email, and more.
- **Auto Power Saving:** Smart sleep mode for both keyboard and mouse to conserve battery life.
- **3 Adjustable DPI Levels:** Mouse sensitivity can be adjusted between 800-1200-1600 DPI.
- **Wide Compatibility:** Compatible with Windows 2000/XP/2003/2007/Vista/Win7/Win8/Win10, and Apple systems.

SETUP INSTRUCTIONS

Follow these steps to set up your RECCAZR Wireless Keyboard and Mouse Combo:

1. Install Batteries:

- For the keyboard: Open the battery compartment on the back and insert two AAA batteries (not included).
- For the mouse: Open the battery compartment on the bottom and insert one AA battery (not included).

2. **Locate USB Receiver:** The nano USB receiver is conveniently stored in the battery compartment of the mouse. Carefully remove it.

3. **Connect Receiver:** Plug the USB receiver into an available USB port on your computer (PC, laptop, desktop).

4. **Power On:** Turn on the keyboard and mouse using their respective ON/OFF switches. The devices are plug-and-play and should connect automatically.

OPERATING INSTRUCTIONS

Once set up, your keyboard and mouse are ready for use. Here are some key operational features:

- **Multimedia Keys:** The keyboard features 12 multimedia function keys (F1-F12) for quick access to common functions like media playback, volume control, email, and web browser. Refer to the key labels for specific functions.
- **Adjusting Mouse DPI:** The mouse has 3 adjustable DPI levels (800-1200-1600). Press the DPI button located near the scroll wheel to cycle through the sensitivity settings to match your preference.
- **Operating System Mode Switching:** For optimal compatibility, switch between Windows and Mac OS modes using the function keys:

- Press **Fn + Q** for Windows mode.
- Press **Fn + W** for Mac mode.
- **Auto-Sleep Function:** Both the keyboard and mouse enter a smart auto-sleep mode after a period of inactivity to save power. Press any key on the keyboard or click any button on the mouse to wake them up.

Image: The keyboard is shown with its ergonomic adjustable stand, allowing users to set a comfortable typing angle.

MAINTENANCE

To ensure the longevity and optimal performance of your RECCAZR Wireless Keyboard and Mouse Combo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the surfaces of the keyboard and mouse. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the internal components.
- **Spill-Proof Design:** The keyboard features a splash-proof design, offering some protection against accidental spills. However, it is not waterproof. In case of a spill, immediately disconnect the device, remove batteries, and

allow it to dry completely before re-use.

- **Battery Replacement:** Replace batteries when the low battery indicator light appears (on the keyboard) or when performance degrades. Always use fresh, high-quality batteries of the correct type (AAA for keyboard, AA for mouse).

TROUBLESHOOTING

If you encounter any issues with your RECCAZR Wireless Keyboard and Mouse Combo, try the following solutions:

- **No Connection/Lag:**
 - Ensure batteries are correctly installed and not depleted. Replace if necessary.
 - Verify the USB receiver is securely plugged into a working USB port on your computer.
 - Move the keyboard and mouse closer to the USB receiver (within 10m/33ft) to ensure optimal signal strength.
 - Try plugging the USB receiver into a different USB port on your computer.
- **Keys/Mouse Not Responding:**
 - Check if the keyboard/mouse is powered on.
 - Wake the devices from auto-sleep mode by pressing any key/button.
 - Re-establish connection by unplugging and re-plugging the USB receiver.
- **Incorrect Key Functions (Mac/Windows):** Ensure the correct operating system mode is selected (Fn+Q for Windows, Fn+W for Mac).

SPECIFICATIONS

Brand	RECCAZR
