AWEI 1

AWEI Mens Fitness Smartwatch User Manual

Model: 1

1. INTRODUCTION

Thank you for choosing the AWEI Mens Fitness Smartwatch. This device is designed to enhance your daily life with its advanced fitness tracking, communication, and health monitoring capabilities. Featuring a durable zinc alloy exterior and a vibrant 2.01-inch display, this smartwatch is compatible with both Android and iOS devices, offering a seamless user experience. Please read this manual carefully to ensure proper use and maintenance of your new smartwatch.

2. SETUP

2.1 Charging the Smartwatch

Before first use, fully charge your smartwatch. The device is equipped with a 300mAh Lithium Polymer battery. A full charge typically takes 2.5 to 3 hours.

1. Connect the charging cable to the charging port on the back of the smartwatch.
2. Plug the USB end of the cable into a standard USB power adapter (5V/1A recommended) or a computer's USB port.
3. The watch display will show a charging indicator.
4. Once fully charged, disconnect the charging cable.

2.2 Pairing with Your Smartphone

To unlock all features, pair your smartwatch with the companion application on your iOS (9.0 above) or Android (6.0 above) smartphone via Bluetooth.

1. Download the official AWEI smartwatch application from your phone's app store (e.g., Apple App Store or Google Play Store).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the AWEI application and follow the on-screen instructions to add a new device.
4. Select your smartwatch from the list of available Bluetooth devices.
5. Confirm the pairing request on both your phone and the smartwatch.

3. OPERATING YOUR SMARTWATCH

3.1 Display and Navigation

The smartwatch features a 2.01-inch full-touch display. You can navigate through menus and functions by swiping across the screen and tapping icons.

- **Swipe Up/Down:** Scroll through notifications or menu options.
- **Swipe Left/Right:** Access quick functions or different data screens.
- **Tap:** Select an item or confirm an action.
- **Raise to Wake:** Lift your wrist to automatically illuminate the screen.

Rounded & Square Watch Case Cute Design Melts Your Hearts

2.5D Narrow-Edged Looking Glass

Sturdy, durable, and highly transparent performance

Figure 3.1: The smartwatch display showing fitness metrics. The 2.5D narrow-edged glass provides a clear and immersive viewing experience.

3.2 Making and Answering Calls

With its Bluetooth call function, you can answer or make calls directly from your wrist when connected to your smartphone.

- **Answering Calls:** When a call comes in, the watch will vibrate and display the caller ID. Tap the green answer icon to accept the call.

- **Rejecting Calls:** Tap the red reject icon to decline an incoming call.
- **Making Calls:** Access the dialer or contact list through the watch interface to initiate a call.

HD Bluetooth Call

Raise your wrist simply to answer and reject calls during work, exercise, and shopping, etc.

Figure 3.2: The smartwatch displaying an incoming call, demonstrating its HD Bluetooth call capability.

3.3 Sports Modes and Activity Tracking

The smartwatch supports a variety of sports modes to accurately track your exercise data, including time and calories burned.

- **Available Modes:** Running, Walking, Hiking, Basketball, Badminton, Boating, Climbing, Fitness, Cycling, Football, Yoga, and more.
- **Accessing Modes:** Navigate to the 'Sports' section on your watch to select your desired activity.
- **GPS Tracking:** For outdoor activities, the watch can utilize your smartphone's GPS for route tracking.

3.4 Health Monitoring

Monitor your health with integrated sensors for heart rate and blood oxygen. The watch also includes features for female physiological cycle tracking and sedentary reminders.

- **Heart Rate Monitoring:** Access the heart rate function to measure your current heart rate.
- **Blood Oxygen Monitoring:** Check your blood oxygen saturation levels.
- **Sedentary Reminder:** Set reminders to encourage movement after periods of inactivity.

3.5 Other Functions

- **Custom Dials:** Choose from cloud-based watch faces or upload your own photos for a personalized look.
- **Remote Photography:** Control your phone's camera remotely from your watch.
- **Music Control:** Play, pause, skip tracks, and adjust volume for music playing on your phone.
- **Alarm Clock:** Set alarms directly on your watch.

Multiple Styles for Free Switch

Change different colors of the watch straps easily to match the personal preferences and different scenes

4. MAINTENANCE

4.1 Water Resistance

The AWEI Smartwatch has an IP65 waterproof rating. This means it is resistant to splashes, sweat, and light rain, making it suitable for daily activities like washing hands or face. However, it is **not recommended** for use in hot water, seawater, swimming, or diving, as this may compromise its water resistance.

4.2 Cleaning and Care

- Wipe the watch and strap regularly with a soft, dry cloth.
- If necessary, use a slightly damp cloth for cleaning, then dry thoroughly.
- Avoid using harsh chemicals, cleaning solvents, or abrasive materials, as these can damage the watch's finish and components.

- Keep the charging contacts clean and free of debris to ensure proper charging.

5. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:**
 1. Ensure Bluetooth is enabled on your phone and the watch is within range.
 2. Restart both your phone and the smartwatch.
 3. Check if the AWEI app is updated to the latest version.
 4. If previously paired, try unpairing and re-pairing the device.
- **Inaccurate fitness data:** Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Clean the sensors on the back of the watch.
- **Short battery life:** Reduce screen brightness, disable unnecessary notifications, and limit continuous heart rate monitoring if not needed. Ensure the watch is fully charged each time.
- **No notifications:** Check notification settings in the AWEI app and on your phone's system settings to ensure permissions are granted for the app to display notifications.

6. SPECIFICATIONS
