FOREST GRAVITY Large Cat Litter Enclosure with Litter Collector

Model: PZKJ-FG-CLBE-0006

1. INTRODUCTION

Thank you for choosing the FOREST GRAVITY Large Cat Litter Enclosure. This product is designed to provide a discreet and functional space for your cat's litter box, while also offering convenient features for your home. This manual will guide you through the assembly, operation, and maintenance of your new cat litter enclosure.

Figure 1: Fully assembled FOREST GRAVITY Large Cat Litter Enclosure.

2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children and pets during assembly.
- Ensure all connections are securely fastened before placing any items on or inside the enclosure.
- Do not overload the top surface or shelves. Refer to specifications for weight limits.
- Place the enclosure on a flat, stable surface to prevent tipping.

3. PACKAGE CONTENTS

Verify that all parts and hardware are present before beginning assembly. A detailed list of components and hardware is included in the separate assembly guide provided with your product.

4. SETUP AND ASSEMBLY

Assembly of the FOREST GRAVITY Cat Litter Enclosure is designed to be straightforward. All parts and accessories are labeled, and step-by-step instructions are included in the separate assembly manual. Please follow the provided assembly guide for detailed instructions.

4.1. Dimensions

The enclosure measures 41.34 inches in length, 26.77 inches in width, and 34.84 inches in height, providing ample space for most large and self-cleaning litter boxes.

Figure 2: Product dimensions for planning placement.

4.2. Placement

Choose a suitable location for the enclosure, ideally near a power outlet if you plan to use the integrated charging station for an automatic litter box or other devices.

5. OPERATING INSTRUCTIONS

5.1. Cat Entry and Litter Box Access

The enclosure features a side entry point for your cat, leading to the main compartment where the litter box is housed. The main doors can be opened for easy access to the litter box for cleaning or maintenance.

Figure 3: Interior view with doors open, ready for a litter box.

5.2. Litter Collector

A unique litter collector tray is positioned in the cat's exit path. This feature is designed to capture loose litter from your cat's paws as they exit the enclosure, helping to keep your home cleaner.

Figure 4: The pull-out litter collector tray for easy cleaning.

5.3. Adjustable Dog-Proof Shelf

The enclosure includes an adjustable shelf that can be positioned at various heights. This shelf serves two primary purposes: it can be set to prevent dogs from accessing the litter box, and it provides additional storage space for cat supplies or other items.

1. Metal fastening

To prevent the cat from striking and escaping

2. Storage Space

To storage cat 's food or any cat things.

3. Dog-proof shelf

To keep dogs from getting in and eating cat litter.

4. Cat litter collector

To keep your home clean by letting litter fall inside the cat litter enclosure.

5.4. Integrated Power Outlet

A dedicated power outlet is integrated into the enclosure, featuring two AC outlets and two USB ports. This allows for convenient powering of automatic litter boxes, cat feeders, or charging of other electronic devices.

Figure 6: Close-up of the power outlet for electronic devices.

5.5. Door Locks

The enclosure doors are equipped with locks to secure the interior, preventing unintended access by pets or children.

6. MAINTENANCE

6.1. Cleaning the Litter Collector

Regularly pull out the litter collector tray and dispose of any accumulated litter. Wipe the tray clean with a damp cloth as needed.

6.2. General Cleaning

Wipe down the exterior and interior surfaces of the enclosure with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish.

7. TROUBLESHOOTING

- **Cat not using the enclosure:** Allow your cat time to adjust to the new environment. You may place a familiar item, such as a toy or blanket, inside to encourage use.
- **Excessive litter tracking:** Ensure the litter collector tray is properly positioned. Consider using a different type of litter or an additional litter mat outside the enclosure.
- **Power outlet not working:** Check that the enclosure's main power cord is securely plugged into a wall outlet and that the power switch on the integrated outlet is in the 'on' position.

8. SPECIFICATIONS

- **Brand:** FOREST GRAVITY
- **Model:** PZKJ-FG-CLBE-0006
- **Dimensions (L x W x H):** 41.34" x 26.77" x 34.84"
