## GarveeTech pUsVCfY6eWTzqKXTqzPPCQV8Q

# GarveeTech Under Cabinet Range Hood 30-inch (Model: pUsVCfY6eWTzqKXTqzPPCQV8Q) Instruction Manual

## INTRODUCTION

Thank you for choosing the GarveeTech Under Cabinet Range Hood. This manual provides essential information for the safe and efficient operation, installation, and maintenance of your new appliance. Please read it thoroughly before use and retain it for future reference.

## Key Features:

- **Efficient Ventilation:** Efficiently removes smoke and odors with a 3-speed exhaust fan and powerful 400 CFM motor. Its slim profile is ideal for condos and apartments.
- **Quiet Operation:** Operates quietly with a brushless motor, maintaining noise levels below 55 dB while providing 400 CFM airflow for quick ventilation.
- **Durable Design:** Features a sleek and elegant design with 20-gauge brushed 430-grade stainless steel. Includes 2 dishwasher-safe and reusable steel baffle filters for easy cleaning.
- **User-Friendly Controls:** Offers easy installation and operation with 5-button controls for on/off, light, and three fan speeds (Low/Medium/High). Two 2W LED lights provide ample illumination for cooking.
- **Versatile Installation:** Duct/Ductless convertible design.

## SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, or injury. Ensure proper grounding. Do not operate any fan with a damaged cord or plug. Do not use this unit with any solid-state speed control device. Clean grease filters frequently to prevent grease fires. This appliance is intended for normal household use only. Consult a qualified technician for installation if you are unsure.

## WHAT'S IN THE BOX

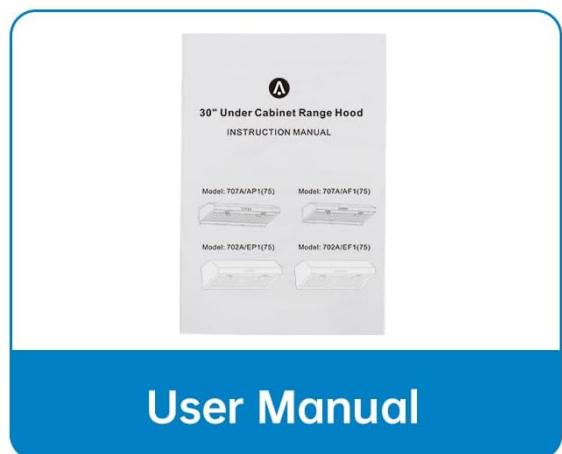

- GarveeTech Under Cabinet Range Hood Unit

- 2 x Baffle Filters
- Power Cord (3-Prong Plug)
- Tools (for installation)
- User Manual

## SETUP AND INSTALLATION

The GarveeTech range hood is designed for under-cabinet installation and can be configured for both ducted and ductless operation. Ensure you have the necessary tools and follow local building codes.

### Installation Steps:

- 1. Prepare the Area:** Clear the space under your cabinet. Ensure the electrical outlet (110V/60Hz) is accessible.
- 2. Mounting:** Secure the range hood to the underside of the cabinet using the provided tools and screws. For ducted installation, connect the exhaust ducting to the top or rear vent opening. For ductless, ensure charcoal filters are installed (sold separately if not included).
- 3. Electrical Connection:** Plug the pre-attached 3-prong power cord into a grounded electrical outlet.

4. **Filter Installation:** Insert the baffle filters into their designated slots.

**Push Button Control**

**Dishwasher Safe  
Baffle Filters**

**Energy Efficient  
LED Lighting**

**Easy to Clean**

## OPERATING INSTRUCTIONS

The GarveeTech range hood features simple 5-button controls for ease of use.

### Control Panel Functions:

- Power Button:** Press to turn the unit on or off.
- Light Button:** Press to turn the LED lights on or off.
- Low Speed Button:** Activates the fan at low speed for light cooking.
- Medium Speed Button:** Activates the fan at medium speed for moderate cooking.
- High Speed Button:** Activates the fan at high speed for heavy cooking or strong odors.

## MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your range hood.

### Cleaning the Baffle Filters:

1. The stainless steel baffle filters are dishwasher safe and reusable.
2. To remove, locate the small handle or latch on each filter, push or pull as indicated, and gently slide the filter out.
3. Wash the filters in a dishwasher or by hand with warm, soapy water.
4. Ensure filters are completely dry before re-installing.
5. Re-insert the filters by aligning them with the slots and securing the latch.

### Cleaning the Exterior:

- Wipe the stainless steel exterior with a soft cloth and a non-abrasive stainless steel cleaner.
- Avoid using harsh chemicals or abrasive pads that could scratch the surface.

## TROUBLESHOOTING

If you encounter issues with your GarveeTech range hood, refer to the following common troubleshooting tips:

- **Fan Not Working:** Check if the power cord is securely plugged in and the circuit breaker has not tripped.

Ensure the power button is pressed.

- **Poor Suction:** Verify that the filters are clean and not clogged with grease. For ducted models, check for obstructions in the ductwork. For ductless models, ensure charcoal filters are correctly installed and not saturated.
- **Lights Not Working:** Check if the light button is pressed. If individual lights are out, they may need replacement (consult the full user manual for bulb type and replacement instructions).
- **Excessive Noise:** Ensure the unit is securely mounted and all screws are tightened. Check for any loose parts or obstructions in the fan blades.

For further assistance, please contact GarveeTech customer support.
