2. KEY FEATURES

- **Upgraded LED Technology:** Utilizes high-quality 9 * 4W RGBW 4-in-1 LEDs for luxury light source and pure color radiation.
- **Wide Beam Angle:** Features a 45° beam angle for enhanced stage lighting effects.
- **Quiet Operation:** Designed to minimize operational noise.
- **Multiple Control Modes:** Supports DMX512, Sound Activated, Master-Slave, and Auto Play modes.
- **DMX Channels:** Professional 8 DMX channels with built-in smooth electronic dimming (0-100%).
- **Versatile Lighting Modes:** Offers Static Color, Color Mixing, Jump Mode, Strobe Mode, and Fade Mode.
- **Durable Construction:** Made from Acrylonitrile Butadiene Styrene (ABS) material.

3. PACKAGE CONTENTS

The DazzlingStage 9x4W RGBW LED Par Lights package includes the following items:

- LED Par Light units (quantity varies by pack size, e.g., 20 units for the 20-pack)
- Mounting Brackets
- Screws for installation
- Remote Control (one per light or as specified in the pack)
- Power Cords (Corded Electric)
- User Manual (this document)

4. SETUP AND INSTALLATION

Follow these steps to set up your DazzlingStage LED Par Lights:

1. **Unpacking:** Carefully remove all components from the packaging. Inspect for any signs of damage during transit.
2. **Mounting:** Attach the provided mounting brackets to the LED Par Light units using the included screws. The brackets allow for versatile positioning on walls, truss systems, or light stands.
3. **Positioning:** Securely mount the lights in your desired location. Adjust the lighting angle according to your preferences for optimal coverage.
4. **Power Connection:** Connect the power cord to the light unit and then to a suitable power outlet. Ensure the power source matches the light's voltage requirements.
5. **DMX Connection (Optional):** If using DMX control, connect DMX cables from your DMX controller to the DMX IN port of the first light, and then from the DMX OUT of the first light to the DMX IN of the next, creating a daisy chain.

Image 4.1: Rear view of the LED Par Light, showing the DMX IN/OUT ports, power input, and the included remote control, illustrating connectivity options.

5. OPERATING MODES AND CONTROLS

Your DazzlingStage LED Par Lights offer several operating modes and control options:

5.1 Control Modes

- **DMX512 Control:** Allows professional control over various parameters like color, dimming, and strobe effects using an external DMX controller. Supports 5 or 8 DMX channels.
- **Sound Activated Mode:** The lights react to ambient sound or music, changing patterns and colors in sync with the beat.
- **Master-Slave Mode:** Connect multiple lights via DMX cables. Set one light as the 'Master' and others as 'Slave' units. The slave units will mimic the master's settings and effects.
- **Auto Play Mode:** The lights cycle through pre-programmed patterns and color changes automatically.

5.2 Lighting Modes

- **Static Color:** Displays a single, solid color.
- **Color Mixing:** Blends multiple colors to create new hues.
- **Jump Mode:** Colors change abruptly from one to another.
- **Strobe Mode:** Produces rapid flashes of light.
- **Fade Mode:** Colors transition smoothly from one to another.

Strobe, Fade) with the remote control visible, demonstrating operational versatility.

5.3 Remote Control Operation

The included remote control provides convenient access to various functions:

- **Power ON/OFF:** Turns the light on or off.
- **DMX Mode:** Activates DMX control.
- **Auto Mode:** Initiates automatic program cycling.
- **Hopping Mode:** Activates color jump effects.
- **Gradual Change Mode:** Activates color fade effects.
- **Flash Mode:** Activates strobe effects.
- **Sound Control Mode:** Enables sound-activated lighting.
- **Color Selection:** Dedicated buttons for Red, Green, Blue, Rose, Amber, Cyan, and White colors.
- **Speed +/-:** Adjusts the speed of dynamic effects.

6. MAINTENANCE

To ensure the longevity and optimal performance of your DazzlingStage LED Par Lights, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the exterior of the lights with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the light is unplugged before cleaning.
- **Lens Cleaning:** Gently wipe the LED lenses with a lint-free cloth to maintain light output clarity.
- **Ventilation:** Ensure that the ventilation openings are clear of dust and debris to prevent overheating. The lights are equipped with an integrated fan for cooling.
- **Cable Inspection:** Periodically check power and DMX cables for any signs of wear, cuts, or damage. Replace damaged cables immediately.
- **Storage:** When not in use, store the lights in a cool, dry place, away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

If you encounter issues with your DazzlingStage LED Par Lights, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power supply; Faulty power cord; Unit is off	Check power connection and outlet; Try a different power cord; Ensure the unit is switched on.
Remote control not working	Battery depleted; Obstruction between remote and sensor; Remote out of range	Replace remote battery; Ensure clear line of sight to the light's IR sensor; Operate within effective range.
DMX control not functioning	Incorrect DMX address; Faulty DMX cable; Incorrect DMX mode setting	Verify DMX address settings on the light and controller; Check DMX cables for damage; Ensure the light is set to DMX mode.
Lights not synchronizing in Master-Slave mode	Incorrect Master/Slave setting; Faulty DMX connection	Ensure one light is set as Master and others as Slave; Check DMX cable connections between units.
Overheating	Blocked ventilation; Prolonged use in high ambient temperature	Clear any obstructions from vents; Ensure adequate airflow around the unit; Allow unit to cool down.

8. SPECIFICATIONS

Feature	Detail
Brand	DazzlingStage

Feature	Detail
Model Number	ZQ01636
Light Source Type	Light Emitting Diode (LED)
LED Configuration	9 * 4W RGBW 4-in-1 LEDs
Material	Acrylonitrile Butadiene Styrene (ABS)
Shape	Round
Control Modes	DMX512 (5/8 CH), Sound Activated, Master-Slave, Auto Play
Lighting Modes	Static Color, Color Mixing, Jump Mode, Strobe Mode, Fade Mode
Dimming	0-100% Electronic Dimming
Product Dimensions	22"L x 22"W x 10"H (Overall package dimensions, individual light dimensions may vary)
Manufacturer	Shenzhen Zhuoqiong Technology Co., Ltd.

9. WARRANTY AND SUPPORT

DazzlingStage is committed to providing high-quality products and excellent customer service.

- **Warranty:** This product comes with a 180-day warranty service from the date of purchase.
- **Returns & Exchanges:** Enjoy 30 days free return and exchange.
- **Customer Service:** Our professional after-sales service team is available to assist you with any problems or inquiries. Please feel free to contact us, and we will reply within 24 hours.

For further assistance, please refer to the contact information provided with your purchase or visit the official DazzlingStage store online.
