6. Maintenance

- **Cleaning:** To clean the assembled model or individual blocks, gently wipe with a dry, soft cloth. Avoid using water or chemical cleaners, as these may damage the plastic.

7. Troubleshooting

- **Missing Pieces:** If you believe pieces are missing, first thoroughly check all packaging materials and the inside of the boxes. Sometimes small pieces can be overlooked. If pieces are genuinely missing, please contact Qinline customer support for assistance.
- **Stability Issues:** If the assembled tree feels wobbly or unstable, ensure that all building blocks are pressed firmly and securely into place. Review the instruction manual for any missed steps or incorrect connections.
