Rapoo 9320M

Rapoo 9320M Multi-Mode Wireless Keyboard and Mouse Combo Instruction Manual

Introduction

The Rapoo 9320M is a versatile multi-mode wireless keyboard and mouse combo designed for seamless connectivity across various devices. This combo supports Bluetooth 4.0, Bluetooth 5.0, and 2.4G wireless connections, allowing you to switch between up to four devices with ease. Featuring an ultra-slim design with an aluminum alloy base, accurate scissor keys for comfortable typing, and a mouse with 5 adjustable DPI modes, this set is engineered for efficiency and comfort. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance of your Rapoo 9320M combo.

Package Contents

- Rapoo 9320M Wireless Keyboard
- Rapoo 9320M Wireless Mouse
- USB Receiver (stored inside the mouse battery compartment)
- 3 AAA Batteries (pre-installed or included)
- Quick Start Guide

Setup and Connectivity

1. Battery Installation

The keyboard requires 3 AAA batteries. The mouse also requires batteries, typically 1 AA battery. Ensure batteries are inserted with correct polarity. The USB receiver for 2.4G wireless connection is located inside the mouse battery compartment.

2. Connecting via 2.4G Wireless

1. Remove the USB receiver from the mouse battery compartment.
2. Plug the USB receiver into an available USB port on your computer.
3. Turn on the keyboard and mouse using their respective power switches.
4. The devices should automatically connect to your computer via 2.4G wireless.

3. Connecting via Bluetooth

The Rapoo 9320M supports Bluetooth 4.0 and 5.0. The keyboard can connect to up to 3 Bluetooth devices, and the mouse to 1 Bluetooth device.

1. **Keyboard Bluetooth Pairing:**
   a. Turn on the keyboard. Press and hold one of the Bluetooth keys (F10, F11, or F12) for 3 seconds until the corresponding LED indicator starts blinking slowly. This indicates the keyboard is in pairing mode.
   b. On your device (computer, tablet, smartphone), go to Bluetooth settings and search for new devices. Select "Rapoo Keyboard" from the list.
   c. Follow any on-screen prompts to complete the pairing. The LED will stop blinking once connected.
2. **Mouse Bluetooth Pairing:**
   a. Turn on the mouse. Press and hold the Bluetooth pairing button (usually on the underside) for 3 seconds until the LED indicator starts blinking slowly.
   b. On your device, go to Bluetooth settings and search for new devices. Select "Rapoo Mouse" from the list.
   c. Follow any on-screen prompts to complete the pairing. The LED will stop blinking once connected.

Operating Instructions

1. Switching Between Devices

The keyboard can be paired with up to 4 devices (1 via 2.4G, 3 via Bluetooth). The mouse can be paired with up to 2 devices (1 via 2.4G, 1 via Bluetooth).

- **Keyboard:** Press the dedicated Bluetooth keys (F10, F11, F12) or the 2.4G key (F9) to switch between connected devices. The corresponding LED indicator will light up.
- **Mouse:** Use the mode switch button on the underside of the mouse to toggle between 2.4G and Bluetooth connections.

2. DPI Adjustment (Mouse)

The mouse features 5 adjustable DPI levels: 800, 1000, 1200, 1600, and 2400. You can switch between these levels with a single click of the DPI button, usually located near the scroll wheel. This allows for precise control tailored to your needs.

3. Multimedia Shortcut Keys

The keyboard includes dedicated multimedia hotkeys (F1-F8) for quick access to functions like volume control, play/pause, and track skipping. These keys are designed for smooth navigation through your media.

4. Windows and Mac Compatibility

The keyboard supports both Windows and Mac operating systems. It features dedicated keys that adapt to the system, allowing users to switch between operating systems with a single click for optimal functionality.

5. LED Indicators

The keyboard features LED indicators to show the active device connection (1, 2, 3 for Bluetooth, 2.4G for wireless dongle) and Caps Lock status. A low battery indicator will also alert you when batteries need replacement.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the keyboard and mouse. For stubborn dirt, a slightly damp cloth can be used, ensuring no liquid enters the device.
- **Battery Replacement:** Replace batteries when the low battery indicator illuminates or when performance degrades. Ensure to use the correct battery type (AAA for keyboard, AA for mouse).
- **Storage:** When not in use for extended periods, turn off the devices to conserve battery life. Store in a cool, dry place.

Troubleshooting

- **No Connection:**
  a. Ensure the devices are turned on and batteries are correctly installed.
  b. For 2.4G, ensure the USB receiver is securely plugged into a working USB port.

c. For Bluetooth, ensure Bluetooth is enabled on your device and re-attempt the pairing process.

- **Intermittent Connection:**
  a. Check battery levels and replace if low.
  b. Ensure the devices are within the 10-meter operating range and there are no significant obstructions.
  c. Avoid using the devices near strong interference sources (e.g., other wireless devices, microwaves).
- **Mouse Cursor Jumps or is Inaccurate:**
  a. Adjust the DPI settings using the DPI button on the mouse.
  b. Ensure the mouse is used on a clean, non-reflective surface.
- **Keys Not Responding:**
  a. Check battery levels.
  b. Ensure the keyboard is connected to the correct device channel.
