PawHut Portable 4-Tier Small Animal Cage User Manual

Model: D51-153V00LG

INTRODUCTION

Thank you for choosing the PawHut Portable 4-Tier Small Animal Cage. This manual provides essential information for the safe and effective assembly, operation, and maintenance of your new pet habitat. Please read this manual thoroughly before use and retain it for future reference.

SAFETY INSTRUCTIONS

- Always ensure all parts are securely fastened before placing an animal inside.
- Do not overload the cage with too many animals or heavy accessories.
- Keep the cage away from direct sunlight, extreme temperatures, and drafts.
- Regularly inspect the cage for any damaged or loose parts. Replace or repair as necessary.
- This cage is designed for indoor use only.
- Supervise children when they are near the cage to ensure safe interaction with pets.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- Cage Panels (Front, Back, Sides, Top, Bottom)
- Platforms (Multiple)
- Ramps (3)
- Hammock (1)
- Removable Bottom Tray (1)
- Universal Wheels (4, 2 with brakes)
- Assembly Hardware (Screws, connectors, etc.)
- Instruction Manual (This document)

SETUP AND ASSEMBLY

Follow these steps carefully to assemble your PawHut small animal cage. It is recommended to have two people for easier assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Check against the package contents list.
2. **Attach Wheels:** Secure the four universal wheels to the bottom frame of the cage. Ensure the two wheels with brakes are positioned on the same side for easy locking.
3. **Assemble Base Frame:** Connect the bottom cage panels to form the base structure. Ensure all connections are firm.
4. **Insert Bottom Tray:** Slide the removable bottom tray into its designated slot at the base of the cage.
5. **Install Side and Back Panels:** Attach the side and back wire panels to the base frame, securing them with the provided hardware.
6. **Add Platforms:** Install the various platforms at the desired levels within the cage. These provide resting and activity areas for your pet.
7. **Attach Ramps:** Connect the three ramps between the platforms to allow your pet to move easily between levels. Ensure they are securely hooked.
8. **Install Front Panels and Doors:** Attach the front wire panels, ensuring the two access doors are properly hinged and can open and close smoothly.
9. **Hang Hammock:** Secure the hammock to the top level of the cage using its attached hooks.
10. **Final Check:** Double-check all connections, screws, and latches to ensure the cage is stable and secure before introducing your pet.

OPERATING INSTRUCTIONS

Placing Your Pet

Once assembled, the cage is ready for your small animal. This cage is ideal for a variety of small animals including chinchillas, ferrets, minks, and small cats.

Une maison idéale pour une variété de petits animaux

Y compris le vison, le chinchilla, le petit chat et d'autres petits animaux de taille similaire

Image: An illustration depicting various small animals, such as a mink, chinchilla, and small cat, indicating the cage's suitability for these species.

- Open one of the two access doors to gently place your pet inside.
- Ensure the door is securely latched after your pet is inside.
- Provide fresh water and appropriate food in dishes that are stable and cannot be easily tipped over.
- Add bedding material to the bottom tray for comfort and waste absorption.

Utilizing Cage Features

- **Multi-level Design:** Your pet can explore different levels using the integrated ramps, promoting activity and enrichment.
- **Hammock:** The included hammock provides a comfortable resting spot for your pet.
- **Easy Access Doors:** The two large doors allow for convenient interaction with your pet, as well as easy placement and removal of accessories.

PRATIQUE À L'ENTRÉE ET À L'EXTÉRIEUR

2 portes permettent un accès facile à l'intérieur de l'enclos des petits animaux

MAINTENANCE AND CLEANING

Regular cleaning is crucial for your pet's health and hygiene.

- **Daily Cleaning:** Remove any uneaten food and spot clean soiled areas.
- **Tray Cleaning:** The sliding bottom tray can be easily removed for quick and thorough cleaning. Empty the tray and wash it with mild soap and water. Rinse thoroughly and dry before returning it to the cage.
- **Weekly Deep Cleaning:** Once a week, remove your pet and all accessories from the cage. Disassemble platforms and ramps if necessary. Clean all surfaces of the cage, platforms, and ramps with a pet-safe disinfectant or mild soap and water. Rinse thoroughly to remove all soap residue.
- **Hammock Cleaning:** The hammock can be hand-washed or machine-washed on a gentle cycle with pet-safe detergent. Air dry completely before reattaching.

- **Drying:** Ensure all parts are completely dry before reassembling the cage and returning your pet.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cage feels unstable/wobbly.	Loose connections or hardware.	Check all screws and connectors. Tighten any loose parts. Ensure panels are properly aligned.
Doors do not close properly.	Misaligned hinges or bent wire.	Gently adjust the door or hinge. If wire is bent, carefully straighten it.
Wheels not rolling smoothly.	Debris in wheels or brakes engaged.	Clean any hair or debris from the wheel casters. Ensure brakes are disengaged.

Problem	Possible Cause	Solution
Pet seems uncomfortable or stressed.	Lack of enrichment, improper setup, or health issue.	Ensure adequate food, water, and bedding. Add toys or hiding spots. Consult a veterinarian if health concerns persist.
