SETUP

1. Initial Connection and Pairing

The controller must be connected via USB cable for the first time to pair with your PS-4 console. This establishes the connection for future wireless use.

1. Ensure your PS-4 console is powered on.
2. Connect the Micro USB cable to the controller's Micro USB Port and the other end to a USB port on your PS-4 console.
3. Press the **Home Button** (PS button) on the controller. The light bar will flash and then glow steadily, indicating successful pairing.
4. Once paired, you can disconnect the USB cable to use the controller wirelessly.

2. Charging the Gamepad

The CHEREEKI Wireless Gamepad features a built-in 600 mAh rechargeable battery.

- Connect the controller to your PS-4 console or a standard USB charger using the Micro USB cable.
- The light bar will slowly pulse orange while charging.
- Charging typically takes 2-3 hours for a full charge.
- Once fully charged, the light bar will turn off.
