

Unikito UK-RASS-O

Unikito 55-75 Gallon Fish Tank Stand Instruction Manual

Model: UK-RASS-O

INTRODUCTION

Thank you for choosing the Unikito 55-75 Gallon Fish Tank Stand. This stand is designed to provide a stable and functional base for your aquarium or terrarium, featuring integrated power outlets, USB charging ports, and smart LED lighting. This manual provides essential information for safe assembly, operation, and maintenance of your new stand. Please read these instructions carefully before assembly and retain them for future reference.

SAFETY INFORMATION

- **Weight Capacity:** Do not exceed the maximum load-bearing capacity of 1000 lbs for the top surface and 300 lbs for the bottom shelf. Overloading can cause structural failure and damage.
- **Level Surface:** Always place the stand on a flat, level, and stable surface to prevent tipping.
- **Water and Electricity:** Exercise extreme caution when handling electrical components near water. Ensure all connections are dry and secure. Do not operate if the power strip or cables are wet or damaged.
- **Assembly:** Follow all assembly steps precisely. Ensure all fasteners are tightened securely. Do not use power tools for assembly unless specifically instructed, as overtightening can damage components.
- **Children and Pets:** Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- **Ventilation:** Ensure adequate ventilation around electrical components to prevent overheating.

PACKAGE CONTENTS

Please verify that all parts and hardware are present before beginning assembly. Refer to the included parts list in your product packaging for a detailed inventory. If any components are missing or damaged, please contact customer support.

SETUP INSTRUCTIONS

Assembly of the Unikito Fish Tank Stand is designed to be straightforward. All necessary tools and labeled parts are

included in the package. For detailed, step-by-step instructions, please refer to the dedicated assembly manual provided with your product.

Key Assembly Features:

- **Reversible Cabinet Design:** The storage cabinet can be installed on either the right or left side of the stand, allowing for flexible placement to suit your preference.
- **Sturdy Construction:** The stand is constructed with thickened steel powder-coated frames and durable MDF panels, ensuring excellent stability and support for heavy aquariums.

OPERATING INSTRUCTIONS

Power Outlets and USB Charging Ports:

The stand includes a built-in power strip with 3 standard AC outlets and 2 USB ports. This allows for convenient power supply to aquarium equipment such as filters, aeration pumps, and heaters, as well as charging mobile devices.

- Connect the stand's power cord to a grounded wall outlet.
- Plug your aquarium devices or USB cables into the integrated power strip.
- Ensure the total power draw of connected devices does not exceed the strip's capacity (120V/12A).

Built-in Charging Station

Smart LED Lighting:

The integrated RGB LED lights enhance the visual appeal of your aquarium setup. Control the lights using the provided remote control or a compatible mobile application.

- **Color and Mode Control:** Choose from over 60,000 colors and 29 flashing modes.
- **Music Sync Function:** The built-in sensitivity-adjustable microphone allows the LED lights to change color and rhythm with sound and music.
- **Timing Function:** Set schedules for the lights to turn on and off automatically.

Storage and Organization:

The stand offers versatile storage solutions to keep your aquarium area tidy.

- **Reversible Cabinet:** Use the cabinet for storing fish food, cleaning tools, and other accessories.
- **Top Shelf:** The elevated top shelf provides a display area for plants, decorations, or smaller terrariums.
- **U-Shaped Groove:** A dedicated groove is provided for convenient routing of water pipes or electrical connectors, maintaining a clean aesthetic.

MAINTENANCE

- **Cleaning:** Wipe the stand surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Ensure no water enters the electrical components.
- **Electrical Safety:** Regularly inspect the power cord, outlets, and USB ports for any signs of damage or wear. Disconnect power before cleaning or performing any maintenance near electrical components.
- **Stability Check:** Periodically check all fasteners to ensure they remain tight. Retighten if necessary to maintain structural integrity.
- **LED Lights:** If LED lights become dim or stop working, check connections and ensure the power strip is functioning correctly.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stand feels unstable or wobbly.	Loose fasteners; uneven floor.	Check and tighten all assembly screws. Ensure the stand is on a level surface.
Power outlets or USB ports are not working.	Power cord not plugged in; circuit breaker tripped; faulty power strip.	Ensure the stand's power cord is securely plugged into a live wall outlet. Check your household circuit breaker. If issues persist, contact customer support.
LED lights are not turning on or responding.	Loose connection; remote control battery dead; power strip issue.	Check the LED light connections to the power strip. Replace remote control batteries. Verify the power strip is functioning.
Cabinet door does not close properly.	Hinges misaligned; obstruction.	Adjust hinges as per assembly instructions. Remove any obstructions.

SPECIFICATIONS

- **Model:** UK-RASS-O
- **Dimensions (L x W x H):** 49.21 x 18.9 x 66.8 inches
- **Item Weight:** 76 pounds
