### Setup and Assembly

---

The Dopinmin 5 Piece Rattan Patio Furniture Set is designed for easy assembly, requiring no special tools. Follow these general steps to set up your furniture:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the packing list (not provided in this manual, refer to your product's specific packing list) are present and undamaged.
2. **Identify Parts:** Familiarize yourself with the different frame pieces, cushions, and hardware.
3. **Assemble Frames:** Connect the steel frame pieces according to the provided diagrams (if applicable). Ensure all connections are secure. The robust steel skeleton provides exceptional strength.
4. **Attach Rattan Panels:** Secure the rattan panels to the assembled frames. The tough rattan material enhances resilience.
5. **Assemble Coffee Table:** Construct the coffee table frame and place the tempered glass top securely.
6. **Place Cushions:** Position the high-density sponge cushions on the assembled chairs and ottoman. These cushions are designed for extraordinary comfort and breathability.
7. **Arrange Layout:** Utilize the modular design for flexible arrangement to suit your space. Refer to the dimension diagram for various combination possibilities.

## Operating Instructions

This patio furniture set is designed for versatile use, both indoors and outdoors. Its modular nature allows for easy reconfiguration to adapt to different settings and preferences.

- **Flexible Arrangement:** The individual pieces can be rearranged to create various seating configurations, such as a long sofa, separate chairs, or a corner sectional, to best fit your patio, yard, balcony, or indoor space.
- **Comfortable Seating:** The high-density sponge cushions provide excellent support and comfort for extended periods of relaxation.
- **Coffee Table Use:** The tempered glass-top coffee table is ideal for holding beverages, snacks, books, or decorative items.
- **Weight Capacity:** Each seating unit is designed to comfortably support up to 250 lbs. Avoid exceeding this weight limit to ensure longevity and safety.

## Maintenance and Care

---

Proper care will extend the life and appearance of your Dopinmin Rattan Patio Furniture Set.

- **Cleaning Rattan:** Wipe down the rattan surfaces with a soft cloth dampened with mild soap and water. Rinse thoroughly with clean water and allow to air dry completely. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The cushion covers may be removable for cleaning. Check the care label on the cushions for specific washing instructions. For general cleaning, spot clean with a mild detergent and water. Allow to air dry. Store cushions indoors during inclement weather or prolonged periods of non-use to prevent fading and mildew.
- **Glass Table Top:** Clean the tempered glass top with a standard glass cleaner and a soft cloth.
- **Frame Inspection:** Periodically check all bolts and connections to ensure they remain tight and secure. Tighten if necessary.
- **Winter Storage:** If storing outdoors during winter, consider using a furniture cover to protect the set from harsh elements. For best longevity, store the furniture in a dry, sheltered area during off-season.

## Troubleshooting

---

This section addresses common issues you might encounter with your furniture set.

- **Wobbly Furniture:**

*Solution:* Ensure all assembly bolts are tightened securely. Check that the furniture is placed on a level surface. The cross-fixed bottom design enhances stability, but uneven ground can still cause wobbling.

- **Cushions Flattening:**

*Solution:* While high-density sponge cushions are designed for durability, prolonged compression can occur. Periodically fluff and rotate cushions to maintain their shape and comfort. Ensure they are fully dry before storing to prevent mildew.

- **Rattan Damage:**

*Solution:* Minor fraying can sometimes be trimmed carefully. For significant damage, contact customer support for advice on repair or replacement parts. Avoid sharp objects or excessive force that could damage the rattan.
