

SenseFlow SF101S

# SenseFlow SF101S Smart Wi-Fi Waterless Ultrasonic Essential Oil Diffuser Instruction Manual

Model: SF101S | Brand: SenseFlow

## INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your SenseFlow SF101S Smart Wi-Fi Waterless Ultrasonic Essential Oil Diffuser. Please read this manual thoroughly before using the device to ensure safe and optimal performance.

## PRODUCT OVERVIEW

Figure 1: SenseFlow SF101S Diffuser and App Interface

The SenseFlow SF101S is a smart, waterless ultrasonic essential oil diffuser designed to provide a pure and authentic aromatherapy experience. It utilizes PureMist™ Patented Natural Health Fragrance Technology to atomize essential oils directly, without heat or water, preserving their natural scent. The device is controlled via a dedicated smartphone application, allowing for customizable scent intensity, scheduling, and broad coverage.

## SETUP

### 1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Ensure the diffuser unit, essential oil refill, and any included documentation are present and undamaged.

### 2. Downloading the SenseFlow App

For optimal performance and full control, download the SenseFlow app. Scan the QR code provided in the included manual or search for "SenseFlow" in your device's app store (Apple App Store or Google Play Store).

# PureMist™ – Exclusive, Patented Fragrance Technology

Transforming essential oils into ultra-fine mist for a gentle,  
immersive scent experience like never before!

  
Micron-Level  
Particles

  
Ultra-Low  
Noise

  
Waterless  
Diffusion

  
No Heating  
Required

  
Dry Burn  
Protection

Figure 2: Diffuser plugged into an outlet, controlled by the SenseFlow app.

Ensure your Wi-Fi network is 2.4GHz, as 5GHz Wi-Fi is not supported. Your phone must be compatible with the SenseFlow app.

### 3. Installing the Essential Oil Refill

1. Unscrew the cap from the essential oil refill bottle.
2. Carefully insert the essential oil bottle into the bottom of the diffuser unit. Ensure it is securely seated.
3. Plug the diffuser into a standard electrical outlet.

## 4. Connecting to Wi-Fi and App Pairing

Follow the in-app instructions to connect your SenseFlow diffuser to your Wi-Fi network and pair it with your smartphone. This typically involves creating an account, allowing notifications, and following prompts to detect and connect the device.

## OPERATING INSTRUCTIONS

---

### 1. Power On/Off

Press the power button on the front of the diffuser to manually turn it on or off. The device can also be controlled via the SenseFlow app.

### 2. Adjusting Scent Intensity

The SenseFlow app allows you to customize the fragrance intensity. There are four adjustable scent intensity levels (L1, L2, L3, L4) and spray intervals (1, 2, 6, or 10 minutes) for personalized control. Higher levels and shorter intervals will result in a stronger scent.

# Aromas Tailored to Your Schedule

Fill every room with soothing scents, anytime You Want.

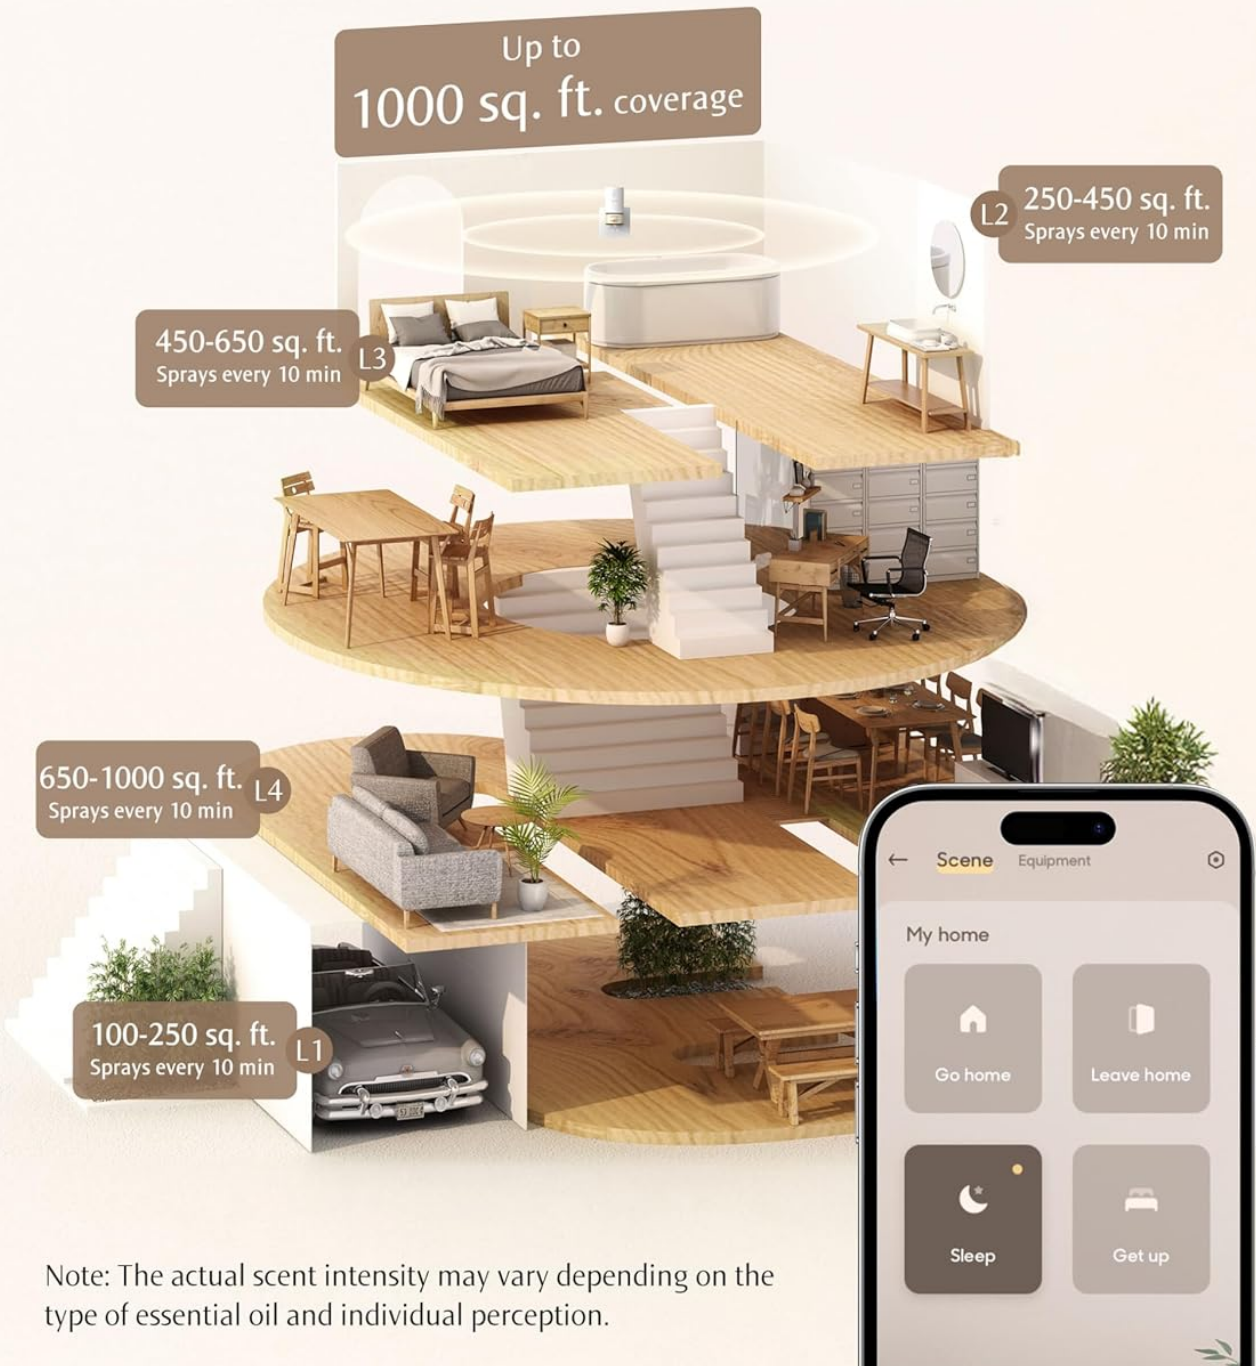

Figure 3: Scent Coverage and Intensity Levels

The diffuser can cover up to 1000 sq. ft. The actual scent intensity may vary depending on the type of essential oil and individual perception.

### 3. Scheduling and Timers

Utilize the SenseFlow app to set timers and schedules for your diffuser. This feature allows you to automate the diffusion process, turning the device on or off at specific times or adjusting scent levels throughout the day.

# Endless New Essential Oil Collections to Meet Your Every Need

Pure Essence, Enchanting Aromas, and Therapeutic Benefits for a Delightful Sensory Journey.

100% Plant-Based

No Fillers, No Additives

Pet-Friendly

Figure 4: One-Tap Control for Freshness via App

The app provides intuitive controls for managing your diffuser's settings.

## 4. Ambient Night Light

The diffuser features a built-in ambient orange light that can be switched on or off via the app, providing a soothing glow without interfering with sleep.

## MAINTENANCE

## 1. Refill Replacement

The diffuser uses a replaceable 30ml essential oil refill. Each refill provides up to 120 days of continuous fragrance (depending on usage settings). When the scent diminishes or the bottle is empty, simply replace it with a new SenseFlow essential oil refill.

# Natural & Safe for Any Space

Pure Plant Extracts to Enhance Well-being and Create a Delightful Atmosphere.

Built-In Ambient Night Light

Figure 5: SenseFlow Essential Oil Refill Collections

SenseFlow offers an extensive range of pure, plant-based fragrances for your diffuser.

## 2. Cleaning

Due to its waterless diffusion technology, the SenseFlow SF101S diffuser requires no water and minimal cleaning. If the exterior becomes dusty, gently wipe it with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
No scent emitted	Essential oil bottle empty or not properly installed. Diffuser not powered on. Scent intensity set too low.	Check and replace essential oil bottle if empty. Ensure bottle is securely seated. Verify diffuser is plugged in and powered on. Adjust scent intensity via the app.
Device not connecting to Wi-Fi/App	Incorrect Wi-Fi password. 5GHz Wi-Fi network being used. Device too far from router.	Double-check Wi-Fi password. Ensure you are connecting to a 2.4GHz network. Move diffuser closer to the Wi-Fi router. Restart the diffuser and try pairing again.
Scent is too strong/weak	Scent intensity setting is too high/low. Room size mismatch with setting.	Adjust scent intensity levels and spray intervals through the SenseFlow app to match your preference and room size.

## SPECIFICATIONS

- **Model Name:** SF101S
- **Brand:** SenseFlow
- **Color:** White
- **Material:** Plastic
- **Power Source:** Corded Electric
- **Capacity:** 30 Milliliters (essential oil refill)
- **Coverage Area:** Up to 1000 sq. ft.
