SteelSeries 61682

SteelSeries Arctis GameBuds Wireless Earphones User Manual

Model: 61682

1. INTRODUCTION

Welcome to the user manual for your SteelSeries Arctis GameBuds Wireless Earphones. These earphones are designed to provide a superior audio experience for gaming and multimedia, featuring ultra-low latency wireless connectivity, active noise cancellation, and a comfortable, ergonomic fit. This manual will guide you through the setup, operation, and maintenance of your new device to ensure optimal performance.

2. PRODUCT OVERVIEW

2.1 Package Contents

- SteelSeries Arctis GameBuds (Left and Right Earbuds)
- Charging Case
- USB-C Wireless Dongle
- USB-C to USB-A Adapter Cable
- Silicone Ear Tips (S/M/L sizes)
- Quick Start Guide (This manual)

2.2 Components and Controls

Familiarize yourself with the main components and controls of your Arctis GameBuds:

Image: The Arctis GameBuds, charging case, and USB-C dongle.

- **Earbuds:** Each earbud features a multi-function button for controls and an LED indicator.
- **Charging Case:** Houses and charges the earbuds. Includes a slot for the USB-C wireless dongle and a charging port. An LED indicator on the front shows charging status.
- **USB-C Wireless Dongle:** Provides ultra-low latency 2.4GHz wireless connection to compatible devices.

3. SETUP

3.1 Initial Charging

Before first use, fully charge your Arctis GameBuds and their charging case.

- Place the earbuds into the charging case. Ensure they are seated correctly.
- Connect the USB-C charging cable to the case's charging port and to a power source (e.g., USB wall adapter, computer USB port).

- Alternatively, place the charging case on a Qi-compatible wireless charging pad for convenient wireless charging.

業界最長40Hロングバッテリー+
Qiワイヤレス充電

業界最長となる40時間ロングバッテリー（イヤホン本体10時間＋ケース30時間）。さらに、急速充電対応で15分の充電で3時間の使用が可能。

Image: The Arctis GameBuds charging case connected for wired charging. The case also supports Qi wireless charging.

The LED indicator on the case will show charging status. A full charge provides up to 40 hours of total playtime (10 hours from earbuds + 30 hours from case). Fast charging allows for 3 hours of use with just 15 minutes of charge.

3.2 Connecting to Devices

The Arctis GameBuds support two primary connection methods: ultra-low latency 2.4GHz wireless via dongle and Bluetooth 5.3.

超低遅延2.4Ghzワイヤレス接続 +
Bluetooth 5.3

超低遅延2.4GHZワイヤレス接続を採用。音の遅れが
許されないFPSや音ゲーなどを快適にプレイできる。

Image: The GameBuds highlighting their dual wireless connectivity options.

3.2.1 2.4GHz Wireless Connection (for PC, PlayStation, Nintendo Switch)

1. Insert the USB-C wireless dongle into a compatible USB-C port on your PC, PlayStation console (PS4/PS5), or Nintendo Switch. If your device only has USB-A ports, use the included USB-C to USB-A adapter.
2. Ensure the earbuds are charged and out of the case. They should automatically connect to the dongle.
3. On your device, select the Arctis GameBuds as the audio output and input device.

3.2.2 Bluetooth 5.3 Connection (for Mobile Devices and other Bluetooth-enabled devices)

1. With the earbuds out of the case, press and hold the multi-function button on either earbud for 3 seconds to enter Bluetooth pairing mode. The earbud LED will flash blue.
2. On your mobile device, go to Bluetooth settings and select "Arctis GameBuds" from the list of available devices.
3. Once paired, the earbud LED will turn solid blue.

3.2.3 Quick Switch Between 2.4GHz and Bluetooth

The Arctis GameBuds allow for seamless switching between 2.4GHz wireless and Bluetooth connections. Simply press the switch on the side of the earbud three times to toggle between the two modes.

4. OPERATING INSTRUCTIONS

4.1 Audio Quality and Immersion

The Arctis GameBuds feature premium Hi-Fi audio drivers and a new generation chipset designed for competitive gameplay and immersive experiences.

4.2 Active Noise Cancellation (ANC) and Transparency Mode

The GameBuds are equipped with Active Noise Cancellation (ANC) to minimize ambient distractions, allowing you to focus on your audio. They also feature a Transparency Mode to let in environmental sounds when needed.

4.4 IP55 Dust and Water Resistance

The Arctis GameBuds are rated IP55 for dust and water resistance, making them suitable for use during sports or in light rain. This rating ensures protection against dust ingress and low-pressure water jets from any direction.

業界最高水準の防塵防水（IP55）

防塵防水のIP55に準拠しているため、室内でのゲームはもちろん、雨の日の外出やジョギングなどのスポーツ時にも安心して使用可能。

5. MAINTENANCE

5.1 Cleaning

- **Earbuds:** Gently wipe the earbuds with a soft, dry, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- **Ear Tips:** Remove the silicone ear tips and wash them with mild soap and water. Rinse thoroughly and allow them to dry completely before reattaching.
- **Charging Case:** Wipe the exterior of the charging case with a soft, dry cloth. Keep the charging contacts inside the case clean and free of debris.

5.2 Storage

When not in use, store your Arctis GameBuds in their charging case to protect them from dust, dirt, and physical damage. Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

If you encounter any issues with your Arctis GameBuds, refer to the following common troubleshooting steps:

- **No Sound or Connection:**

  - Ensure the earbuds are charged and properly seated in the case.
  - For 2.4GHz connection, verify the USB-C dongle is securely plugged into your device and selected as the audio output.
  - For Bluetooth connection, ensure Bluetooth is enabled on your device and the earbuds are in pairing mode or already paired. Try unpairing and re-pairing.
  - Check the quick switch button on the earbud to ensure you are in the correct wireless mode (2.4GHz or Bluetooth).
  - Restart your audio source device (PC, console, smartphone).

- **Poor Audio Quality or Latency:**

  - Ensure you are using the 2.4GHz dongle for gaming to minimize latency.
  - Move closer to your device to reduce interference.
  - Check for firmware updates via the SteelSeries GG software or mobile app.

- **Active Noise Cancellation (ANC) Not Working Effectively:**

  - Ensure the earbuds are properly seated in your ears to create a good seal. Try different sized ear tips.
  - Verify ANC is enabled in the SteelSeries GG software or mobile app.
  - Clean the microphones on the earbuds.

- **Battery Life Issues:**

  - Ensure the charging case is fully charged.
  - Confirm the earbuds are making proper contact with the charging pins inside the case.
  - Reduce volume levels or disable ANC if not needed to conserve battery.
