The appliance features a reinforced glass door with a sealing strip to prevent cold air escape, an automatic defrost function, and an activated carbon filtration system for air purity. Its quiet operation (41-43dB) makes it suitable for various settings including homes, kitchens, bars, bedrooms, or offices.

2. SETUP AND INSTALLATION

2.1 Unpacking and Placement

Upon receiving your Yeego beverage refrigerator, carefully unpack it. It is crucial to keep the appliance upright for **24-36 hours** before connecting it to power. This allows the refrigerant to settle, ensuring optimal cooling performance and preventing potential damage to the compressor.

All-around Protection

Ensures it arrives in 100% perfect condition, offering better packaging security compared to others

4.2 Air Purity and Defrost

The unit features an automatic defrost function, reducing the need for manual defrosting. An activated carbon filtration system is integrated to ensure air purity and prevent odors from affecting your beverages.

4.3 Cleaning

Regularly clean the interior and exterior surfaces with a mild detergent and soft cloth. Ensure the unit is unplugged before cleaning. Do not use abrasive cleaners or solvents.

5. TROUBLESHOOTING

If you experience any issues with your Yeego beverage refrigerator, please refer to the following common

troubleshooting tips before contacting customer service:

- **Unit not cooling:** Ensure the power cord is securely plugged in. Check the circuit breaker. Verify the temperature setting is appropriate. Ensure the unit has been upright for 24-36 hours after transport.
- **Excessive noise:** Check if the unit is level. Ensure there is adequate clearance around the unit, especially if built-in.
- **Door not sealing properly:** Check for obstructions preventing the door from closing fully. Inspect the door gasket for damage or dirt.
- **Temperature fluctuations:** Avoid frequent door openings. Ensure the unit is not exposed to direct sunlight or heat sources.

For more complex issues or if the problem persists, please contact Yeego customer service.
