- Magnetic Wireless Power Grip (ULANZI MA45) x 1
- Type-C Charging Cable x 1
- User Manual x 1

Setup

1. Charging the MA45

Before first use, fully charge the ULANZI MA45. Connect the provided Type-C charging cable to the Type-C port on the grip and plug the other end into a USB power adapter (not included). The battery indicator lights will show the charging progress.

2. Attaching to Your Smartphone

The MA45 is compatible with iPhone 12 series and newer, and other smartphones with MagSafe functionality or a MagSafe-compatible case.

1. Ensure your smartphone or its case has MagSafe compatibility.
2. Align the magnetic ring of the MA45 with the MagSafe area on the back of your phone.
3. The strong magnets will securely snap the grip into place.

Dual Sides Magnetic

Image: Visual guide demonstrating how to magnetically attach the ULANZI MA45 to a smartphone and rotate it 180 degrees for horizontal or vertical orientation.

3. Bluetooth Pairing

To use the wireless shutter function, you need to pair the MA45 with your smartphone via Bluetooth.

1. Press and hold the Bluetooth/Shutter Button on the MA45 until the indicator light starts blinking, indicating it's in pairing mode.
2. On your smartphone, go to Bluetooth settings and search for available devices.
3. Select "ULANZI MA45" (or similar name) from the list to pair.
4. Once paired, the indicator light on the MA45 will stop blinking and remain solid.

Operating Instructions

1. Taking Photos with the Bluetooth Shutter

After successful Bluetooth pairing, open your smartphone's camera app.

Image: An image illustrating the comfortable grip of the ULANZI MA45 and the convenient placement of the wireless Bluetooth shutter button for single-click photo capture.

- Press the Bluetooth/Shutter Button on the MA45 to capture a photo or start/stop video recording.
- The ergonomic grip provides a comfortable and stable hold, similar to a traditional camera.

2. Using as a Power Bank

The MA45 features a built-in 5000mAh battery that can wirelessly charge your smartphone.

Product Overview

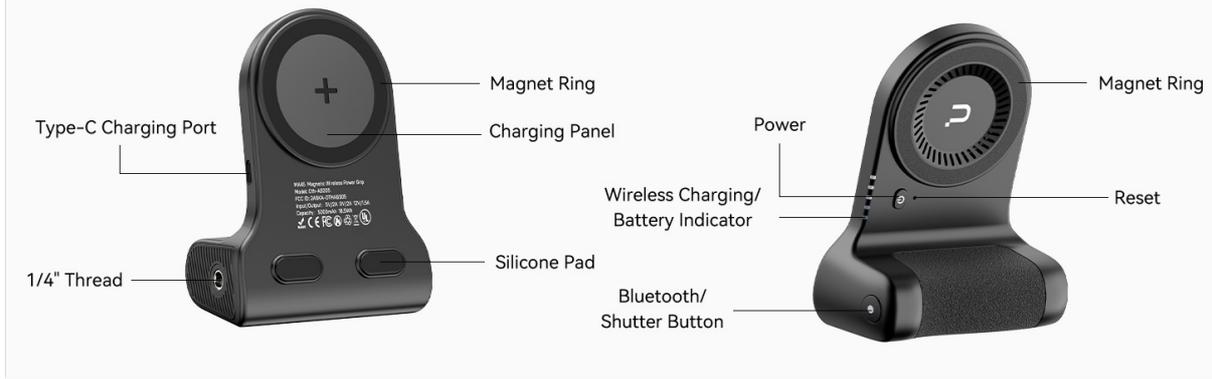

Image: An image showing the ULANZI MA45 wirelessly charging a smartphone, emphasizing its built-in 5000mAh battery for extended use.

- When your smartphone is magnetically attached to the MA45, wireless charging will typically begin automatically.
- Monitor the battery indicator lights on the MA45 to check its remaining power.
- Note: iOS devices support up to 7.5W charging with third-party chargers.

3. Switching Between Horizontal and Vertical Modes

The magnetic design allows for easy rotation of your phone.

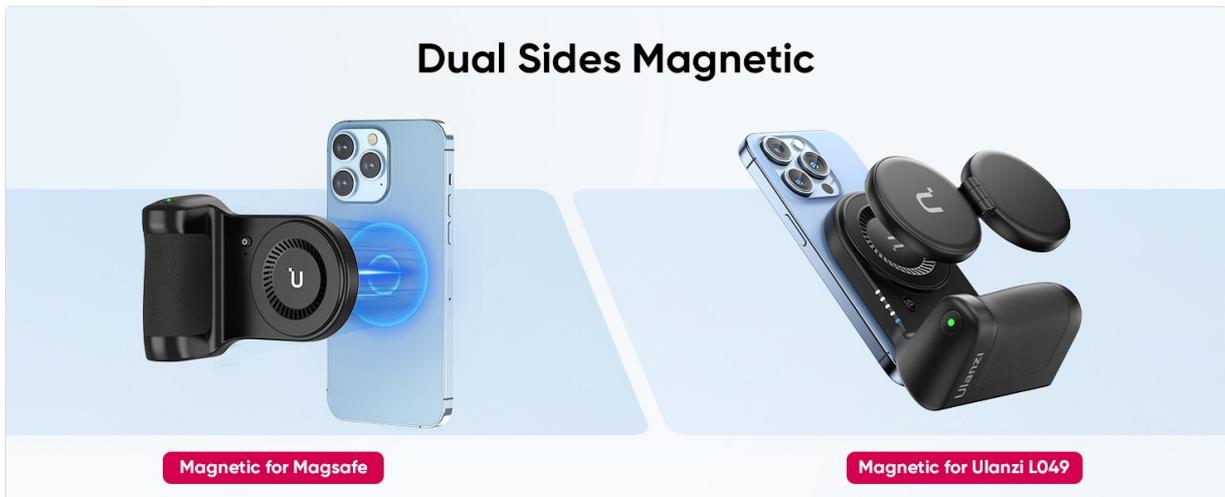

Image: Visual guide demonstrating how to magnetically attach the ULANZI MA45 to a smartphone and rotate it 180 degrees for horizontal or vertical orientation.

- While your phone is attached, simply rotate it 180 degrees to switch between horizontal (landscape) and vertical (portrait) orientations.

4. Using as a Desk Stand

The MA45 can be used as a convenient desk stand for hands-free viewing.

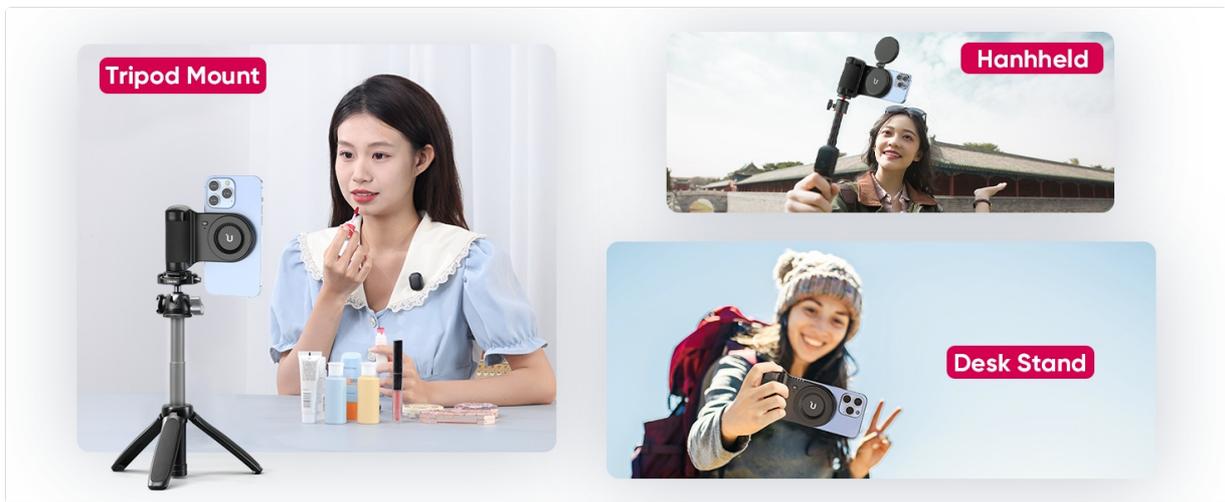

Image: Demonstrates the versatility of the ULANZI MA45, showing its use with a 1/4" thread for tripods and extension poles, and its ability to function as a desk stand.

- Place the MA45 on a flat surface with your phone attached. The design allows it to stand upright, providing a stable viewing angle.

5. Mounting on Tripods or Accessories

The 1/4" thread at the bottom of the MA45 allows for expanded functionality.

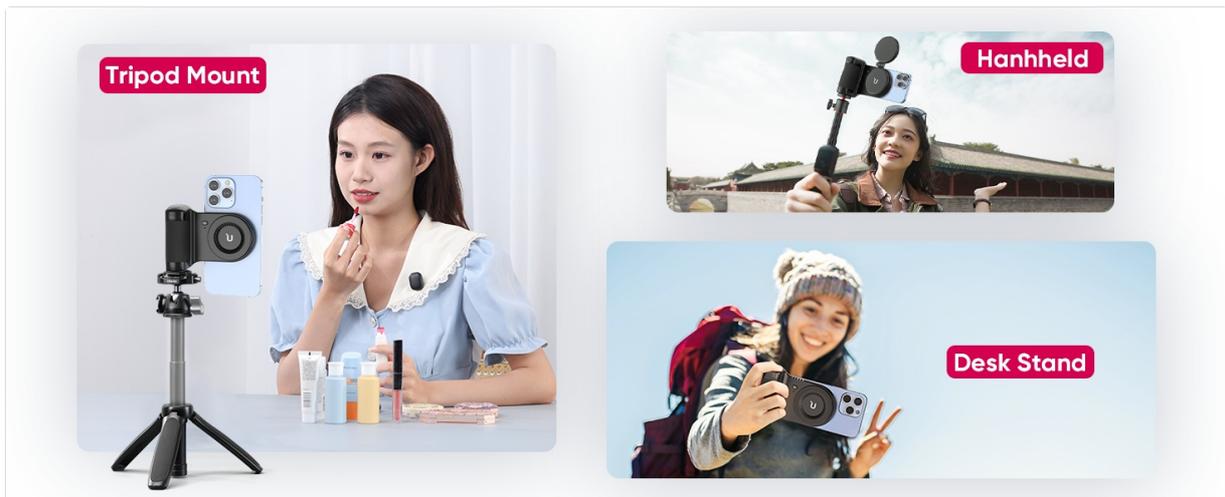

Image: Demonstrates the versatility of the ULANZI MA45, showing its use with a 1/4" thread for tripods and extension poles, and its ability to function as a desk stand.

- Screw the MA45 onto any standard tripod or extension pole using the 1/4" thread.
- This enables stable long-exposure shots, group photos, or vlogging setups.

6. Attaching External Lighting/Accessories

The dual-sided magnetic design supports additional accessories.

Charge When Using

Image: Highlights the dual-sided magnetic design of the ULANZI MA45, enabling easy attachment of professional lighting accessories.

- Utilize the secondary magnetic surface to attach compatible accessories like small LED video lights for improved illumination.

7. Usage Scenarios

The MA45 is designed for a variety of applications:

Image: Collage showing the ULANZI MA45 being used for live streaming, food photography, vlogging, selfies, and online meetings, demonstrating its versatility.

- **Selfies:** Comfortable grip and remote shutter for easy self-portraits.
- **Food Photography:** Stable hold for detailed shots.
- **Vlogging:** Mount on extension poles for dynamic video.
- **Live Streaming:** Use as a stand for stable broadcasts.
- **Online Meetings:** Hands-free phone positioning.

Maintenance

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the MA45 to extreme temperatures, moisture, or direct sunlight.
- Do not attempt to disassemble or repair the device yourself, as this will void the warranty.
- Store in a cool, dry place when not in use.

Troubleshooting

1. Device Not Turning On/Charging

- Ensure the MA45 is fully charged using the provided Type-C cable and a compatible power adapter.
- Check the charging cable and port for any damage.

2. Bluetooth Shutter Not Connecting or Unreliable

- Make sure the MA45 is in pairing mode (blinking indicator light).
- On your smartphone, forget the device from your Bluetooth settings and attempt to re-pair.
- Ensure your smartphone's Bluetooth is enabled and within range.
- Restart both your smartphone and the MA45.
- If issues persist, try pressing the reset button on the MA45 (if available, refer to Product Overview diagram).

3. Wireless Charging Not Working

- Ensure your smartphone is MagSafe compatible or has a MagSafe-compatible case.
- Verify that the MA45 has sufficient battery charge.
- Check for any obstructions between the phone and the charging panel.
- Ensure the phone is correctly aligned with the magnetic charging area.

4. Phone Not Holding Securely

- Confirm your phone or case is genuinely MagSafe compatible.
- Remove any non-MagSafe cases or accessories that might interfere with the magnetic connection.

Specifications
