VGR V-102

VGR V-102 6-in-1 Professional Grooming Kit User Manual

Model: V-102 | Brand: VGR

INTRODUCTION

The VGR V-102 Professional 6-in-1 Grooming Kit is designed for versatile personal grooming. This kit provides tools for precision trimming, hair clipping, design trimming, nose trimming, body trimming, and shaving. It features a durable stainless steel blade, IPX6 waterproof rating for easy cleaning, an LED display for battery status, and offers both corded and cordless operation with up to 180 minutes of runtime.

SAFETY INFORMATION

Please read all safety instructions carefully before using the VGR V-102 grooming kit to ensure safe operation and prevent injury.

- This grooming kit is not suitable for children under 8 years old.
- Children and individuals with reduced physical or mental capabilities should use the device only under supervision.
- Always inspect the device before use. Do not use if damaged to prevent injury.
- Do not immerse the appliance completely in water, despite its IPX6 rating, to avoid damage to internal components.
- Avoid using the device in extreme temperatures.
- Keep the device away from pets and do not use it on animals.
- The built-in rechargeable battery must not be exposed to fire or high temperatures.
- Use only as instructed to avoid damage or unsafe conditions.

PRODUCT FEATURES

- **Versatile 6-in-1 Grooming:** Includes precision trimmer, hair clipper, design trimmer, nose trimmer, body trimmer, and shaver heads.
- **LED Display:** Clearly shows battery life percentage and charging status.
- **IPX6 Waterproof Design:** Allows for easy cleaning under running water and ensures durability in wet conditions.

- **Multiple Guide Combs:** Comes with 10 guide combs for customizable trimming lengths and precision.
- **Powerful Battery:** 1200mAh battery provides up to 180 minutes of runtime on a single charge.
- **Cord/Cordless Operation:** Offers flexibility to use the grooming kit either plugged in or cordless.
- **Detachable & Interchangeable Heads:** Easily switch between different grooming heads for various tasks and effortless maintenance.
- **Type-C Charging Cable:** Fast and versatile charging with a modern Type-C cable.
- **Stainless Steel Blade:** Ensures durability and precision cutting.

SETUP

1. **Charge the Device:** Before first use, ensure the device is fully charged. Connect the Type-C USB charging cable to the trimmer and a suitable power adapter. The LED display will show the charging status and battery percentage. A full charge provides up to 180 minutes of runtime.
2. **Select Grooming Head:** Choose the appropriate grooming head for your desired task (e.g., precision trimmer for facial hair, hair clipper for head hair, nose trimmer for nose/ear hair, body trimmer for body hair, or shaver for a close shave).
3. **Attach Grooming Head:** Align the chosen head with the main unit and gently press until it clicks securely into place. To remove, gently pull the head away from the unit.
4. **Attach Guide Comb (if needed):** If trimming to a specific length, select one of the 10 guide combs. Slide the comb onto the chosen grooming head until it locks. Ensure it is firmly attached.

OPERATING INSTRUCTIONS

Follow these steps for effective and safe grooming:

1. **Power On:** Press the ON/OFF button to turn on the device. The LED display will illuminate, showing the current battery percentage.
2. **Grooming Technique:**
 - For trimming, gently move the trimmer through your hair or beard in a smooth motion.

- Always trim against the direction of hair growth for best results.
 - For shaving, use short, controlled strokes.
 - For nose and ear hair, insert the nose trimmer head gently into the nostril or ear canal, ensuring not to insert too deeply.
3. **Monitor Battery:** Keep an eye on the LED display for the battery power percentage. Recharge the device when the battery is low to avoid interruptions.
 4. **Power Off:** After use, press the ON/OFF button to turn off the device.

MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and performance of your grooming kit.

1. Clean After Each Use:

- Turn off the device and detach the grooming head.
 - Use the provided cleaning brush to remove any hair clippings from the blades and the inside of the head.
 - Rinse the detachable heads under running water. The IPX6 waterproof rating allows for easy cleaning of the cutter head. Do not rinse the main unit under running water.
 - Ensure all parts are completely dry before reattaching or storing.
2. **Lubricate Blades:** After cleaning and drying, apply a few drops of the provided lubricating oil to the blades of the grooming heads. This helps maintain blade sharpness and smooth operation. Run the trimmer for a few seconds to distribute the oil.
 3. **Storage:** Store the grooming kit and all its accessories in the travel pouch or on the stand base in a cool, dry place, away from direct sunlight and moisture. Use the protection cap on the main trimmer head when not in use.

TROUBLESHOOTING

If you encounter any issues with your VGR V-102 grooming kit, please refer to the following common solutions:

| Problem | Possible Cause | Solution |
|--------------------------------------|--|--|
| Device does not turn on. | Low battery or not charged. | Charge the device fully using the provided Type-C cable. Ensure the charging cable and adapter are working correctly. |
| Trimmer pulls hair or cuts unevenly. | Blades are dull, dirty, or not lubricated. Incorrect grooming technique. | Clean the blades thoroughly with the brush. Apply lubricating oil. Ensure the guide comb is correctly attached. Trim against the direction of hair growth. |

| Problem | Possible Cause | Solution |
|--|--------------------------------|--|
| Device stops working during use. | Battery depleted. | Recharge the device. The LED display indicates battery level. |
| Grooming head is difficult to attach/detach. | Incorrect alignment or debris. | Ensure the head is correctly aligned with the main unit. Check for any hair or debris obstructing the connection points. |

If the problem persists after trying these solutions, please contact VGR customer support.
