# wanan XL 24V 10AH 2-Seater Ride-On UTV Instruction Manual

Model: HC601

Brand: wanan

## 1. SAFETY INFORMATION

---

This product is designed for outdoor use only. Always ensure children are supervised during operation.

**Age Range:** Suitable for children aged 3-8 years.

**Maximum Weight Capacity:** 110 Pounds.

**Safety Features:** Equipped with separate seat belts for each seat to ensure child safety during operation.

## 2. SETUP AND ASSEMBLY

---

The wanan XL 24V 10AH Ride-On UTV requires assembly. Please follow the instructions carefully to ensure proper and safe operation.

### 2.1 Unboxing and Component Check

Upon receiving your product, carefully open the packaging and verify all components are present and undamaged. The package should include the main car body, rubber tires, steering wheel, seats, charging adapter, remote control, and an instruction manual. Small tools for assembly are also provided.

## 3. OPERATING INSTRUCTIONS

### 3.1 Driving Modes

The wanan XL Ride-On UTV offers two primary driving modes:

- **Manual Driving Mode:** Children aged 3-8 can operate the vehicle themselves. To accelerate, press the foot pedal. Use the steering wheel to control direction.
- **Remote Control Mode:** Parents can remotely control the vehicle's speed and direction using the provided remote control. This is ideal for younger children or for ensuring safety. The remote control also allows adults to stop the vehicle when necessary.

### 3.2 Dashboard Controls

The dashboard features easy-to-use controls for various functions:

- **Power Button:** Turn the vehicle on/off.
- **Speed Control:** Adjust the driving speed. The soft start design ensures gradual acceleration.
- **Music Function:** Built-in music and wireless Bluetooth connectivity allow children to listen to their favorite songs while driving.

- **Lights:** Control the bright LED lights for enhanced realism and visibility.
- **Horn:** The steering wheel is equipped with a functional horn.

### 3.3 Safety Precautions

- Always ensure the child wears a seatbelt for safety.
- The vehicle features working door bars and lockable doors for secure entry and exit.
- The 4 spring shock absorbers on the rear wheels reduce shock and vibration, providing a smoother ride.

## 4. MAINTENANCE

### 4.1 Battery Charging

The vehicle is powered by a 24V 10Ah rechargeable battery. Charging time is typically 8-12 hours. Ensure the vehicle is turned off before charging. Connect the charging adapter to the designated charging port on the vehicle and then to a standard electrical outlet.

## 4.2 General Care

- Regularly inspect the vehicle for any loose parts, damage, or wear and tear.
- Clean the vehicle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- Store the vehicle in a dry, covered area when not in use to protect it from weather elements.
- Ensure the tires are free from debris and in good condition for optimal performance on various surfaces like grass, gravel, and asphalt.

## 5. TROUBLESHOOTING

If you encounter any issues with your wanan XL Ride-On UTV, please refer to the following general troubleshooting tips. For more specific problems, consult the detailed instruction manual included with your product or contact customer support.

- **Vehicle Not Moving:** Check if the battery is charged and properly connected. Ensure the power switch is in the "On" position. If using remote control, verify it is paired and has working batteries.
- **Reduced Power/Speed:** This may indicate a low battery charge. Recharge the battery fully.

Ensure the vehicle is not overloaded beyond its maximum weight capacity.

- **Unresponsive Controls:** Check all electrical connections. If using the remote control, replace its batteries.
- **Unusual Noises:** Inspect wheels and axles for any obstructions or loose components.

## 6. SPECIFICATIONS

Feature	Detail
Brand	wanan
Model Number	HC601
Manufacturer Minimum Age	37 Months
Manufacturer Maximum Age	96 Months
Item Dimensions (L x W x H)	46" x 32" x 26"
