## HOFFFREE HOGC-PUR402

# HOFFFREE HOGC-PUR402 Gaming Chair Instruction Manual

Model: HOGC-PUR402

## INTRODUCTION

---

Thank you for choosing the HOFFFREE HOGC-PUR402 Gaming Chair. This manual provides essential information for the proper assembly, operation, maintenance, and troubleshooting of your new gaming chair. Please read these instructions carefully before use and retain them for future reference.

## SAFETY INFORMATION

---

- **Maximum Weight Limit:** Do not exceed the maximum weight limit of 400 pounds (181 kg). Exceeding this limit may cause damage to the chair and potential injury.
- **Stability:** Ensure the chair is stable and placed on a flat, level surface before use. Avoid using the chair on uneven ground.
- **Moving Parts:** Keep fingers and other body parts away from moving parts, such as the recline mechanism and height adjustment lever, when adjusting the chair to prevent pinching or injury.
- **Assembly:** Follow all assembly instructions precisely. Improper assembly can lead to instability and potential hazards.
- **Children:** Keep children away from the chair during assembly. Small parts may pose a choking hazard. Supervise children when they are using the chair.
- **Maintenance:** Regularly inspect the chair for loose screws, damaged parts, or wear. Do not use the chair if any components are damaged. Contact customer support for replacement parts.

## SETUP AND ASSEMBLY

---

The HOFFFREE HOGC-PUR402 Gaming Chair requires assembly. Please follow the detailed instructions provided in the package. If you encounter any issues during installation, contact our customer support for assistance. The following video demonstrates the assembly process:

Your browser does not support the video tag.

**Video Description:** This video provides a step-by-step guide on how to assemble the HOFFFREE Leather Gaming Chair. It covers attaching the footrest, securing the mechanism to the seat, installing the casters and gas lift, and finally connecting the backrest and armrests. The video concludes with attaching the lumbar and headrest pillows.

## Assembly Steps Overview:

1. **Attach Footrest:** Secure the retractable footrest frame to the underside of the seat cushion using the provided screws.
2. **Install Mechanism:** Fasten the chair's control mechanism to the bottom of the seat cushion.
3. **Assemble Base:** Insert the casters into the star base, then place the gas lift cylinder into the center of the base.
4. **Connect Seat to Base:** Carefully place the assembled seat onto the gas lift cylinder.
5. **Attach Backrest:** Secure the backrest to the seat using the side brackets and screws.
6. **Install Armrests:** Attach the linkage armrests to the sides of the seat and backrest.
7. **Position Pillows:** Attach the massage lumbar pillow and headrest pillow using their straps.

## OPERATING INSTRUCTIONS

---

### 1. Adjusting Chair Height

To adjust the chair's height, locate the 'LIFT' lever on the right side, beneath the seat. While seated, pull the lever upwards to lower the chair. To raise the chair, stand up slightly and pull the lever upwards. Release the lever to lock the height.

### 2. Reclining the Backrest

The chair features a 90°-135° adjustable reclining backrest. To recline, locate the 'RCL' lever on the left side, beneath the seat. Pull the lever upwards and lean back to your desired angle. Release the lever to lock the backrest in position. To return to an upright position, pull the lever and lean forward.

### 3. Using the Retractable Footrest

For added comfort during relaxation, the chair includes a retractable footrest. To extend, pull the footrest out from beneath the seat. To retract, push it back in until it is fully stored.

**Image Description:** A person demonstrates extending the retractable footrest from beneath the HOFFFREE gaming chair, highlighting its ease of use for relaxation.

### 4. Activating the Massage Function

The lumbar pillow is equipped with a USB-powered massage function. Connect the USB cable from the lumbar pillow to a compatible USB power source (e.g., computer, power bank). Locate the inline control switch on the cable to turn the massage function on or off.

**Image Description:** A close-up view of the HOFFFREE gaming chair's lumbar pillow, showing illuminated points that represent the active massage function, designed to alleviate back pain.

## 5. Connecting Bluetooth Speakers

The chair features dual Bluetooth 5.3 speakers integrated into the backrest. To connect:

1. Ensure the chair's speakers are powered on (if applicable, check for a power button or indicator light).
2. On your mobile device or computer, enable Bluetooth.
3. Search for available Bluetooth devices and select 'HOFFFREE Chair' (or similar name) from the list.
4. Once paired, audio from your device will play through the chair's speakers.

**Video Description:** This video showcases the HOFFFREE gaming chair's integrated Bluetooth speakers and massage function, demonstrating how these features enhance the user's experience during gaming or relaxation.

## MAINTENANCE

---

To ensure the longevity and optimal performance of your HOFFREE Gaming Chair, follow these maintenance guidelines:

- **Cleaning:** Wipe clean with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the leather finish.
- **Inspection:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary.
- **Moving Parts:** Keep the moving parts of the chair (e.g., recline mechanism, gas lift) free from dust and debris. Do not lubricate unless specifically instructed by the manufacturer.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the leather to fade or crack. Position the chair away from direct sunlight when possible.

## TROUBLESHOOTING

---

If you encounter any issues with your HOFFREE Gaming Chair, please refer to the following common troubleshooting tips:

- **Chair is Wobbly:** Check all assembly screws and bolts. Ensure they are securely tightened. Verify that the gas lift is properly seated in the base.
- **Chair Does Not Adjust Height:** Ensure the 'LIFT' lever is fully engaged. If the issue persists, the gas lift cylinder may need replacement.
- **Backrest Does Not Recline/Lock:** Check the 'RCL' lever for proper engagement. Ensure no obstructions are preventing the mechanism from moving freely.
- **Massage Function Not Working:** Verify the USB cable is securely connected to a working power source. Check the inline control switch to ensure it is in the 'ON' position.
- **Bluetooth Speakers Not Connecting:** Ensure the speakers are powered on and in pairing mode. Check your device's Bluetooth settings and ensure it is discoverable. Try restarting both the chair's speakers and your device.
- **Unusual Noises:** Inspect for any loose parts or friction points. Tighten any loose connections.

If these steps do not resolve the issue, please contact HOFFREE customer support for further assistance.

## SPECIFICATIONS

---

Feature	Detail
