HIFIT UP-114

HIFIT Upholstered Twin LED Bed Frame Instruction Manual

Model: UP-114

INTRODUCTION

Thank you for choosing the HIFIT Upholstered Twin LED Bed Frame. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and optimal use of your new bed frame. Please read this manual thoroughly before beginning assembly or operation and retain it for future reference.

IMPORTANT SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury or damage to the product:

- Do not exceed the maximum weight capacity of **750 lbs**.
- Ensure all screws and bolts are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts out of reach of children during assembly to prevent choking hazards.
- Use caution when handling components to avoid sharp edges.
- Do not attempt to modify the bed frame or its electrical components.
- Only use the bed frame on a flat, stable surface.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. The package includes:

- Twin Bed Frame components
- Assembly Kits (hardware)

- Installation Manual (this document)

SETUP AND ASSEMBLY

Assembly is estimated to take approximately 30-35 minutes with two people. All necessary tools are included in the assembly kit.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Identify each component using the parts list provided in the assembly kit.
2. **Assemble Headboard:** Attach the side wings to the main headboard section. Ensure the crystal button-tufted side faces outward.
3. **Install Charging Station:** Secure the USB charging station into the designated slot on the headboard. Connect the power cord.
4. **Assemble Footboard:** Attach the LED strip and any decorative elements to the footboard.
5. **Connect Side Rails:** Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are firm.
6. **Install Bed Slats:** Place the wooden slats across the side rails. The slats feature a stable snap-lock

mechanism for quick installation. Ensure the noise-free strips are correctly positioned to prevent friction and squeaking.

- 7. Assemble Storage Drawers:** Construct the four storage drawers according to the separate instructions. Attach the high-quality quiet wheels for easy movement.
- 8. Position Drawers:** Slide the assembled drawers under the bed frame. Utilize the fixture holes to prevent accidental sliding of the drawers.
- 9. Final Check:** Verify that all connections are secure and the bed frame is stable before placing a mattress on it.

OPERATING INSTRUCTIONS

LED Lighting System

The integrated RGB LED lighting system can be controlled via a remote control or a smartphone application. It offers over 16 million colors and 20+ effects, including music sync mode.

- Remote Control:** Use the provided remote to power on/off, change colors, adjust brightness, select lighting effects, and activate music sync mode.
- Smartphone App:** Download the designated app (refer to the quick start guide in the assembly kit for app details). Connect the bed frame's LED system via Bluetooth. The app provides advanced control over colors, effects, timing functions, and music/mic sync modes.

- **Footboard Lighting:** The footboard lights can serve as a convenient floor lamp, especially useful when waking up in the dark.

Charging Station

The headboard features a built-in charging station with two USB ports (5V/2A) and a 6.5-foot power cord.

- **Usage:** Simply plug your devices (smartphones, tablets, smartwatches) into the USB ports for convenient charging while in bed.
- **Headboard Shelf:** The wide wingback headboard also provides a shelf for placing your devices, preventing them from sliding off.

CONVENIENCE FOR CHARGING

2 USB Ports: 5V/2A
6.5 Feet Power Cord

Storage Drawers

The bed frame includes four spacious steel storage drawers designed for organizing various items.

- **Access:** Each drawer is equipped with smooth, whisper-quiet wheels for effortless pulling in and out from under the bed.
- **Organization:** Ideal for storing bedding, clothes, toys, books, and seasonal items, helping to maintain a tidy room.
- **Security:** Fixtures are designed to hold the drawers in place, preventing accidental sliding.

MAINTENANCE

Proper care and maintenance will extend the life and appearance of your bed frame.

- **Cleaning:** Wipe the upholstered surfaces with a dry cloth. For spills, gently blot with a clean, damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability.
- **LED Care:** Avoid direct contact with water or excessive force on the LED strips. If the lights malfunction, refer to the troubleshooting section.

TROUBLESHOOTING

This section addresses common issues you might encounter with your HIFIT bed frame.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is wobbly or squeaks.	Loose hardware; uneven floor; slats not properly seated.	Ensure all bolts and screws are tightened. Check that the bed is on a level surface. Verify all wooden slats are securely in their snap-lock positions and noise-free strips are intact.
LED lights are not working.	Power connection issue; remote control battery low; app not connected.	Check that the LED power adapter is securely plugged into a working outlet and the bed frame. Replace remote control batteries. Ensure your smartphone app is correctly paired via Bluetooth.
USB charging station not functioning.	Power cord not connected; device cable faulty.	Ensure the charging station's power cord is fully connected to the bed frame's power source and a working wall outlet. Try a different USB cable or device to rule out cable/device issues.
Storage drawers do not slide smoothly.	Wheels obstructed; drawer overloaded; uneven floor.	Check for any obstructions under the bed or around the wheels. Reduce the weight in the drawer if overloaded. Ensure the bed frame is on a level surface.

PRODUCT SPECIFICATIONS

Feature	Detail
Model Number	UP-114
Size	Twin
Product Dimensions	79"L x 42"W x 44.5"H
Weight Capacity	750 lbs
Color	White
Upholstery Material	Velvet
Special Features	Crystal Button-Tufted Wingback Design, Smart RGB LED Headboard, USB Charging Station (2 ports, 5V/2A), 4 Storage Drawers, No Box Spring Needed
Recommended Mattress Height	8"-12"
Assembly Required	Yes
Item Weight	104 pounds
