PRODUCT OVERVIEW

The Timekettle W4 Pro earbuds are designed for seamless real-time translation and communication.

Earbud Features

- **Microphones**: Three microphones for noise reduction and clear voice capture.
- **Touch Controls**: For managing calls, music, and translation modes.

- **Ergonomic Design**: Open-ear design with soft silicone ear hooks for comfort.

Charging Case Features

- **Battery Indicator**: LED display for battery status.

- **USB-C Port**: For charging the case.

Garantiza comunicación y comprensión sin interrupciones

A detailed view of one earbud, illustrating the placement of its three microphones, which are crucial for effective noise reduction and clear audio input during translation.

SETUP

1. Charging the Earbuds and Case

- Place the earbuds into the charging case.

- Connect the USB-C cable to the charging port on the case and to a power source.

- The LED indicator on the case will show the charging status. A full charge provides up to 6 hours of continuous translation, with the case offering two additional charges for a total of 18 hours. Standby time is up to one year.

Erweiterte Akkulaufzeit

langanhaltende Autonomie

~6 Stunden	~20 Stunden	~36 Stunden	~1.5 Stunden
Für Übersetzung mit einer einzigen Ladung	Dauer für Übersetzung mit CC	Dauer für Musik mit CC	Vollständig aufgeladen über den Typ-C-Anschluss

Timekettle

This image shows the charging case open with both earbuds nestled inside. The digital display on the case indicates the current battery percentage, and text highlights the extended battery life of up to 6 hours per charge and 18 hours total with the case.

2. Pairing with Your Smartphone

- Ensure your smartphone's Bluetooth is enabled.

- Open the charging case. The earbuds will automatically enter pairing mode.

- On your smartphone, search for "Timekettle W4 Pro" or "YYK-Q16" in the Bluetooth settings and select it to connect.

- The connection is stable up to 10 meters.

This video guides users through unboxing the earbuds and connecting them via Bluetooth to a smartphone. It shows the earbuds being taken out of the case and the phone's Bluetooth settings being used to establish a connection.

3. Downloading and Setting Up the App

- Scan the QR code in the user manual or search for "BitDynamic" in your smartphone's app store (iOS or Android).

- Install and open the app.

- Follow the on-screen instructions to register and connect your earbuds within the app.

This tutorial video walks through the BitDynamic app interface, showing how to set up the earbuds, select languages, and access various translation modes and AI features.

OPERATING INSTRUCTIONS

Translation Modes

- **Simultaneous Two-Way Translation**: Supports 40 languages and 93 accents for natural, uninterrupted conversations. Both parties can speak and be translated in real-time.

- **Listen & Play (Meeting Mode)**: Allows alternating between listening and speaking in multilingual meetings. AI-powered Semantic Segmentation helps absorb information. Meetings are automatically recorded, and AI Memo extracts key points.

- **Multimedia Translation**: Enables clear communication during online meetings, foreign video streams, or phone calls.

- **Offline Translation**: Reliable translation in 13 language pairs across 8 languages (e.g., English-Spanish, Chinese, French, German, Japanese) without internet access.

An earbud is shown alongside flags of countries, indicating the availability of offline translation packs for languages such as English, Chinese, German, French, Japanese, Korean, and Russian.

AI Features

- **AI Assistant**: Integrated AI functions for quick answers and information.
- **Meeting Assistant**: Records meetings, transcribes speech, and summarizes key points for efficient follow-up.

Touch Controls

The earbuds feature intuitive touch controls for various functions:

- **Single Tap**: Play/Pause music, Answer/End call.
- **Double Tap**: Next track (right earbud), Previous track (left earbud).

- **Triple Tap**: Activate voice assistant.
- **Long Press**: Switch translation modes.

MAINTENANCE

- Clean the earbuds and charging case regularly with a soft, dry cloth.
- Avoid using harsh chemicals or abrasive materials.
- Store the device in a cool, dry place when not in use.

TROUBLESHOOTING

Common Issues and Solutions

- **Earbuds not pairing**: Ensure Bluetooth is on, earbuds are charged, and within range. Restart both devices.
- **Translation inaccuracy**: Check internet connection (for online modes), ensure clear speech, and verify correct language selection in the app.
- **Poor audio quality**: Ensure earbuds are properly seated in the ear. Check for obstructions in microphones.
- **Battery not charging**: Verify cable and power source are working. Clean charging contacts on earbuds and case.
