4. SETUP

4.1 Initial Charge

Before first use, fully charge both hand warmers. Connect the USB-C dual-charge cable to a power source (e.g., USB wall adapter, computer USB port) and plug both ends into the USB-C ports on the hand warmers. The charging indicator lights will illuminate during charging and turn off when fully charged. A full charge takes approximately 3 hours.

4.2 Attaching Lanyards

To attach a silicone lanyard, thread the thin loop of the lanyard through the small hole located at the top of each hand warmer. Then, pass the larger end of the lanyard through the loop and pull to secure it. This allows for easy carrying and prevents accidental drops.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- To power on, press and hold the power button (located on the back of each unit) for approximately 3 seconds. The red LED indicators will light up, showing the current heat level.
- To power off, press and hold the power button for approximately 3 seconds until the LED indicators turn off.

5.2 Adjusting Heat Levels

Once powered on, short press the power button to cycle through the three heat settings:

- **Level 1 (Gentle):** 100-108°F (38-42°C) - Indicated by one red LED. Provides approximately 7-8 hours of warmth.
- **Level 2 (Cozy):** 109-117°F (43-47°C) - Indicated by two red LEDs. Provides approximately 5-6 hours of warmth.
- **Level 3 (Hot):** 118-126°F (48-52°C) - Indicated by three red LEDs. Provides approximately 3-4 hours of warmth.

6. CHARGING

Use the provided USB-C dual-charge cable to charge both hand warmers simultaneously. Connect the cable to a standard USB power adapter (not included) or a computer's USB port. The LED indicators will show charging status and turn off when fully charged. It is recommended to fully charge the devices every 3 months if not in regular use to maintain battery health.

7. MAINTENANCE

- Keep the hand warmers clean by wiping them with a soft, dry cloth.
- Avoid exposing the devices to extreme temperatures or direct sunlight for prolonged periods.
- Store the hand warmers in the provided velvet pouch when not in use to protect them from scratches and dust.
- Do not attempt to disassemble or repair the device yourself. Contact customer support for assistance.

8. TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. Press and hold the power button for 3

seconds.

- **Device not heating:** Check the heat level settings. Ensure the device is powered on and has sufficient battery charge.
- **Short battery life:** Battery life varies with heat setting. Higher settings consume more power. Ensure the device is fully charged before use.
- **Charging issues:** Use the original USB-C dual-charge cable. Ensure the power source is functioning correctly.

If you encounter persistent issues, please refer to the warranty and support section for contact information.
