EXCOUP 9990

EXCOUP Space Exploration Shuttle Building Kit Model 9990 - Instruction Manual

INTRODUCTION

This EXCOUP Space Exploration Shuttle Building Kit, Model 9990, offers an engaging and educational experience for children aged 6 and up. Comprising 855 pieces, this STEM-focused kit allows for the construction of 12 distinct space-themed models, including a main space shuttle, rockets, a launch control tower, and various aerospace vehicles with astronaut figures. The detailed instruction manual guides users through the assembly process, fostering creativity and fine motor skills.

SAFETY INFORMATION

- This product contains small parts and small balls, making it unsuitable for children under 3 years of age due to choking hazards.
- Recommended for children aged 6 years and older.
- Adult supervision is recommended during assembly and play.
- All blocks are made from high-quality ABS material with smooth edges, ensuring durability and safety.

PACKAGE CONTENTS

The EXCOUP Space Exploration Shuttle Building Kit includes:

- 855 building pieces.
- Components for 1 main space shuttle model.
- Components for 6 additional small space-themed models.
- 3 astronaut figures.
- 1 comprehensive instruction manual with clear, colorful graphics.

ASSEMBLY INSTRUCTIONS

The kit includes a detailed instruction booklet with step-by-step visual guides to assist in the construction of each model. Please follow the instructions carefully for optimal assembly.

Overview of Models

This image displays the complete EXCOUP Space Exploration Shuttle Building Kit, showcasing the main space shuttle, a rocket, a launch control tower, and several smaller space vehicles and astronaut figures, illustrating the full range of models that can be constructed from the 855 pieces.

Detailed Model Assembly

The instruction manual provides clear, colorful graphics to guide you through building each of the 12 unique models. Each model is designed to be assembled individually, and then some can be combined to form larger structures.

11 IN 1

SPACE EXPLORATION SHUTTLE SET TOY

This diagram illustrates the various individual models that can be created from the building kit, highlighting the 11-in-1 versatility of the set, including different types of rockets, satellites, and exploration vehicles.

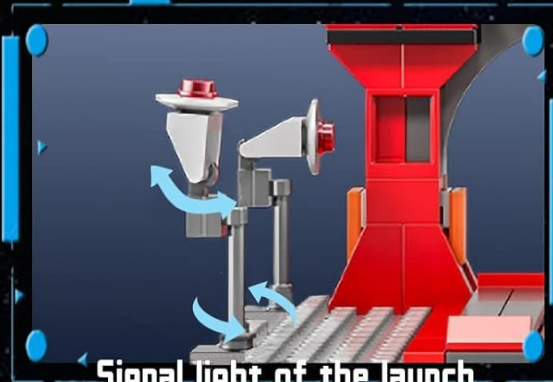

Key Features and Components

The kit features interactive elements and realistic details to enhance the play experience.

VIVID DESIGN SPACE ADVENTURE TOY PLAYSET

**Digital display board
can be rotated and adjusted**

**Signal light of the launch
platform can be rotated**

**Can interact with astronaut
to increase the sense of fun**

**Early warning reception
signal can be rotated 360°**

This image highlights the interactive features of the space launch control tower, including a rotatable digital display board, an adjustable signal light, and a section designed for an astronaut figure to interact with the controls.

A detailed view of the space shuttle model, showcasing the quality of the assembling blocks, the smooth surface finish, and the overall realistic design, made from safe ABS+PC materials.

Assembly Demonstration Videos

For visual guidance on assembly and features, please refer to the following videos:

Video: This video provides a dynamic overview of the EXCOUP Space Exploration Shuttle Toys, demonstrating the assembly of various models and highlighting their interactive features.

Video: An unboxing and assembly demonstration of the Space Shuttle Toys, showing the individual pieces and the process of constructing some of the models.

Video: A brief preview showcasing the various 12-in-1 space toy building block models in their assembled forms.

OPERATING INSTRUCTIONS

Once assembled, the models are designed for imaginative play. The robotic arm of the Rocket Tower can rotate 360 degrees flexibly, allowing children to simulate real-world space operations. The doors of the rocket and aerospace aircraft models can be opened to place or remove astronaut figures.

MAINTENANCE

All building blocks are made of durable and washable ABS material. To clean, gently wipe the models with a damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the plastic.

TROUBLESHOOTING

- **Missing Pieces:** If you find any pieces missing, please contact customer support for assistance.
- **Difficulty Assembling:** Refer to the detailed instruction booklet. Ensure all steps are followed in sequence. If issues persist, double-check the orientation of the pieces.
- **Models Falling Apart:** Ensure all connections are firmly pressed together. The blocks are designed for a secure fit.

SPECIFICATIONS

Brand	EXCOUP
Model Number	9990
Number of Pieces	855
Recommended Age	6 years and up
Product Dimensions	1 x 1 x 1 inches (approximate, assembled)
Item Weight	2.05 pounds

WARRANTY AND SUPPORT

While we strive for product perfection, we understand that issues may arise. We guarantee satisfactory after-sales support. For any concerns regarding missing parts, assembly difficulties, or product defects, please contact EXCOUP customer service. Our team is dedicated to ensuring your satisfaction.
