› UpBright 14V AC/DC Adapter for EMART EM-RL-18-LED Ring Light (Model ZF120A-1405000) User Manual

UPBRIGHT ZF120A-1405000

UpBright 14V AC/DC Adapter User Manual

COMPATIBLE WITH EMART EM-RL-18-LED RING LIGHT (MODEL ZF120A-1405000)

Introduction

This manual provides essential information for the safe and effective use of your UpBright 14V AC/DC Adapter. This power supply is designed for compatibility with the EMART EM-RL-18-LED 18-inch 65W Dimmable Ring Light. Please read these instructions thoroughly before installation and operation.

Safety Information

- Ensure the adapter's input voltage (100-240VAC, 50/60Hz) matches your local power supply.
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to strong impacts.
- Do not disassemble or attempt to repair the adapter. Refer to qualified personnel for service.
- Keep the adapter away from children.
- Unplug the adapter from the power outlet when not in use for extended periods.

Setup

Follow these steps to set up your UpBright AC/DC adapter with your EMART ring light:

1. **Connect the AC Power Cord:** Take the 2-prong AC power cord and connect it securely to the input port of the UpBright AC/DC adapter.

UpBright Power Supply Adapter Compatible with:

Operating

The UpBright 14V AC/DC Adapter provides consistent power to your compatible EMART ring light. Once connected and plugged into a power source, the ring light's own controls will manage its power on/off function, brightness, and color temperature settings. Refer to your EMART ring light's specific user manual for detailed operating instructions.

Maintenance

- **Cleaning:** Disconnect the adapter from all power sources before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place when not in use. Avoid wrapping the cables too tightly to prevent damage.
- **Inspection:** Periodically inspect the adapter and cables for any signs of damage, such as frayed wires or cracked casing. If damage is found, discontinue use and replace the adapter.

Troubleshooting

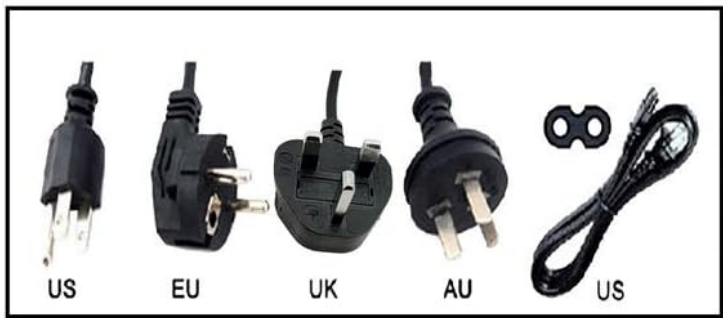

- **No Power to Ring Light:**
 - Ensure all connections (AC cord to adapter, adapter to ring light, AC cord to wall outlet) are secure.
 - Verify the wall outlet is functional by plugging in another device.
 - Check the ring light's power switch or controls.
- **Intermittent Power:**
 - Check for loose connections.
 - Inspect cables for damage. Replace if necessary.
- **Adapter Overheating:**
 - Ensure the adapter is in a well-ventilated area and not covered.
 - If overheating persists, discontinue use and contact support.

The UpBright adapter includes built-in safety features such as Over Voltage Protection (OVP), Over Current Protection (OCP), and Short Circuit Protection (SCP) to safeguard your devices.

Specifications

Brand	UPBRIGHT
Model Number	ZF120A-1405000
Input Voltage	100-240VAC, 50/60Hz
Output Voltage	14V DC
Output Amperage	5A
Wattage	70W
Connector Type	2-Prong Connector (AC Input)
Compatible Devices	EMART EM-RL-18-LED Ring Light

Come With A Suitable AC Power Cord (Only One) to Fit Your Country/Area
