62" Large White Vanity Desk Instruction Manual

MODEL: LARGE VANITY DESK

PRODUCT OVERVIEW

This manual provides detailed instructions for the assembly, operation, and maintenance of your new chartustriable 62-inch Large White Vanity Desk. Designed for optimal functionality and aesthetic appeal, this vanity features integrated LED lighting, a convenient power outlet, and ample storage solutions.

Please read this manual thoroughly before beginning assembly or operation to ensure safe and correct usage.

SAFETY INFORMATION

- Always assemble the vanity on a clean, flat, and soft surface to prevent scratches or damage.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload drawers or shelves. Distribute weight evenly to maintain stability.
- Keep electrical components (LED lights, power outlet) away from water or excessive moisture.
- **Anti-Tipping Device:** It is crucial to install the provided anti-tipping device to secure the vanity to the wall. This prevents accidental tipping, protecting children and pets from serious injury.
- Use only the specified power supply for the LED lights and power outlet.
- Keep small parts and packaging materials away from children to prevent choking hazards.

9. **Final Placement:** Position the vanity desk in its desired location. Secure it to the wall using the anti-tipping device.

OPERATING INSTRUCTIONS

LED Lights and RGB Cabinets

Your vanity desk features 60,000-color LED lights in the RGB clear tempered glass cabinets and a 3-mode LED mirror. These can be controlled via a dedicated app or an RF switch.

- **Power On/Off:** Use the touch sensor on the mirror or the RF switch/app to turn the lights on or off.
- **Color Modes:** The RGB cabinet lights offer multiple lighting modes including timing function, music sync, and mic sync. Explore these options through the app for a personalized experience.
- **Mirror Light Modes:** The mirror provides Warm Light (ideal for date/dinner makeup), Natural Light (for hanging out/outdoor activities), and Cold Light (for daily/office/indoor makeup).
- **Adjust Brightness:** Long press the switch on the mirror to adjust the brightness from 5% to 100%.

Power Outlet

The integrated charging station includes 2 standard plug sockets (125V/12A) and 2 USB ports (5V/2A) for convenient charging and powering of your devices.

- Plug in your hair dryer, curling iron, phone, tablet, or other electronics directly into the vanity's power station.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Glass Care:** Use a glass cleaner for the mirror and tempered glass tops. Avoid spraying directly onto LED components.
- **Drawer Slides:** Periodically check drawer slides for smooth operation. If needed, apply a small amount of silicone-based lubricant.
- **Electrical Components:** Ensure all cables are tidy and not pinched. Do not attempt to repair electrical components

yourself; contact qualified personnel.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mirror lights not working.	Loose connection, faulty wiring, or defective touch pad.	Check all electrical connections. Ensure the power adapter is securely plugged in. If the issue persists, contact customer support for a replacement mirror or wiring.
Missing parts during assembly.	Packaging error or transit damage.	Carefully check all packaging materials. Contact customer support immediately with the specific part number(s) from the manual for replacement.
Drawers do not slide smoothly.	Improper installation of drawer slides or debris in the tracks.	Ensure drawer slides are correctly aligned and securely fastened. Clean tracks of any dust or debris. Apply silicone lubricant if necessary.
Vanity feels unstable.	Loose connections or anti-tipping device not installed.	Check and tighten all screws and cam locks. Ensure the anti-tipping device is properly installed and secured to the wall.
