## DICTAC WS-SC-01

# DICTAC Queen Bed Frame User Manual

Model: WS-SC-01

## 1. INTRODUCTION

---

Thank you for purchasing the DICTAC Queen Bed Frame. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and optimal use of your new bed frame. Please read this manual thoroughly before assembly and retain it for future reference.

Figure 1.1: DICTAC Queen Bed Frame with LED lights and charging ports.

## 2. SAFETY INFORMATION

---

To prevent injury and damage to your bed frame, please adhere to the following safety guidelines:

- Read all instructions before assembly and use.
- Keep all small parts and packaging materials away from children.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Ensure all connections are secure before use. Periodically check and tighten fasteners.
- Do not exceed the maximum weight capacity of 900 lbs.
- Do not jump on the bed frame.
- Keep electrical components (LED lights, charging ports) away from water and excessive moisture.
- Use only the provided power adapter for LED lights and charging ports.

### 3. PACKAGE CONTENTS

---

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

Component	Quantity	Description
Headboard with Charging Ports	1	Main headboard unit with integrated USB and Type-C ports.
Side Rails (Wave-like Curve)	2	Left and right upholstered side rails with integrated LED light strips.
Footboard	1	Upholstered footboard with integrated LED light strip.
Wood Slats	Set	Durable wooden slats for mattress support.
Metal Central Support Rod	1	Provides central stability for the slat system.
Metal Support Legs	Various	Adjustable legs for additional stability.
Assembly Hardware Kit	1	Includes all necessary screws, bolts, and tools.
Power Adapter for LED/Charging	1	Power supply for LED lights and charging ports.
Remote Control	1	For controlling LED light functions.

### 4. PRODUCT FEATURES

---

The DICTAC Queen Bed Frame is designed for comfort and modern living, featuring:

- **Integrated LED Lighting:** Smart RGB LED light bars located under the wood frames on three sides of the bed. Control via phone app or remote control for over 60,000 colors, adjustable brightness, various modes, and timing functions. Music Sync mode allows lights to change with music rhythm.
- **Built-in Charging Ports:** The headboard includes 1 Type-C and 1 USB port for convenient charging of electronic devices.
- **Unique Wave-Like Curve Design:** Modern, low-profile upholstered design with soft, anti-collision faux PU leather for safety and aesthetics.
- **Sturdy Construction:** Features large solid wooden connecting brackets, a metal central support rod, adjustable metal legs, and closely spaced wooden slats for a 900 lbs weight capacity.
- **No Box Spring Needed:** Durable wood slats system supports the mattress directly, allowing air circulation and extending mattress life. Anti-slip foam padded tape on the wood frame prevents squeaking and sliding.

## 5. ASSEMBLY INSTRUCTIONS

---

All tools, parts, and instructions are included in one box. It is recommended to assemble the bed frame with two people. Please follow the numerical order of the steps for easy assembly.

1. **Unpack and Identify Parts:** Lay out all components on a soft, clean surface. Refer to the "Package Contents" section and the included assembly diagram to identify each part.
2. **Attach Side Rails to Headboard:** Connect the left and right wave-like side rails to the headboard using the provided hardware. Ensure the connections are firm but do not overtighten initially.
3. **Attach Footboard:** Connect the footboard to the other end of the side rails.
4. **Install Central Support Rod:** Secure the metal central support rod to the designated points on the headboard and footboard.
5. **Attach Metal Support Legs:** Install the adjustable metal support legs to the central support rod and other

designated points on the frame for enhanced stability. Adjust their height to ensure even support.

6. **Place Wood Slats:** Lay the wooden slats across the bed frame, ensuring they are evenly spaced and secured. The anti-slip foam padded tape on the slats helps prevent movement and squeaking.
7. **Connect Electrical Components:** Connect the power adapter to the designated port on the bed frame. Ensure all LED light strips are properly connected.
8. **Final Tightening:** Once all parts are in place, systematically tighten all screws and bolts to ensure a secure and stable structure.

## 6. OPERATING INSTRUCTIONS

## 6.1 LED Lights Operation

The integrated LED lights can be controlled via the included remote control or a smartphone application.

- **Remote Control:** Point the remote control towards the bed frame's receiver. Use the buttons to power on/off, change colors (over 60,000 options), adjust brightness, select various lighting modes (e.g., static, flashing, fading), and set timing functions.
- **Smartphone App:** Download the recommended app (refer to the QR code or app name in the assembly hardware kit). Pair your device via Bluetooth. The app offers advanced control, including precise color selection, custom scene modes, and the Music Sync feature.
- **Music Sync Mode:** Activate this mode via the app or remote. The LED lights will change color and flash in rhythm with music played through your device or detected by the bed frame's microphone (if applicable).

Figure 6.1: Visual representation of LED light control options via remote and smartphone app.

## 6.2 Charging Ports Operation

The headboard features convenient charging ports:

- **USB Port:** Connect your device's USB charging cable to the standard USB-A port.
- **Type-C Port:** Connect your device's USB-C charging cable to the Type-C port.
- Ensure the bed frame is connected to a power outlet for the charging ports to function.

Figure 6.2: Close-up of the headboard showing the integrated USB and Type-C charging ports.

## 7. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your bed frame.

- **Cleaning:**
  - For the faux PU leather, wipe with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals.
  - For the wooden slats and metal components, dust with a dry cloth.
- **Fastener Check:** Periodically (every 3-6 months) check all screws and bolts and tighten them if necessary to

maintain stability and prevent squeaking.

- **Electrical Components:** Ensure power cords are not pinched or damaged. Do not attempt to repair electrical components yourself; contact qualified personnel.

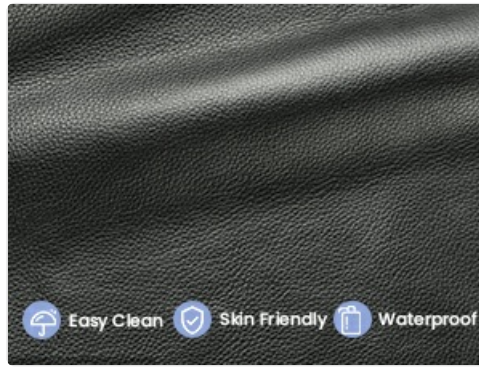

Figure 7.1: The faux PU leather upholstery is designed for easy cleaning and is skin-friendly and waterproof.

## 8. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or squeaks.	Loose fasteners; uneven support legs.	Check and tighten all screws and bolts. Ensure all metal support legs are adjusted to touch the floor evenly.
LED lights are not working.	Power adapter not connected; loose LED strip connection; remote control battery dead.	Ensure the power adapter is securely plugged into the bed frame and a working wall outlet. Check all LED strip connections. Replace remote control battery if needed.
Charging ports are not working.	Bed frame not powered; device cable faulty.	Confirm the bed frame is plugged into a power outlet. Try a different charging cable or device to rule out cable/device issues.
Mattress slides on the slats.	Anti-slip tape not effective or missing.	Ensure the anti-slip foam padded tape is properly applied to the wooden slats. If needed, additional anti-slip material can be placed between the mattress and slats.

If the problem persists after attempting these solutions, please contact DICTAC customer support for further assistance.

## 9. SPECIFICATIONS

- **Model:** WS-SC-01
- **Size:** Queen
- **Product Dimensions (L x W x H):** 88.39" x 62.4" x 29"
- **Color:** Black
- **Material:** Faux PU Leather, Wood, Metal
- **Weight Capacity:** 900 lbs
- **Charging Ports:** 1 x USB-A, 1 x Type-C
- **LED Lights:** Smart RGB, App & Remote Control, Music Sync Function
- **Assembly Required:** Yes

- **Box Spring Required:** No
- **Recommended Mattress Thickness:** 10-12 inches (mattress not included)
- **Item Weight:** 63.8 pounds
- **Manufacturer:** DICTAC
- **Country of Origin:** China
