BROTTAR BD001

BROTTAR Display Cabinet User Manual

Model: BD001

INTRODUCTION

Thank you for choosing the BROTTAR Display Cabinet. This 4-tier curio cabinet is designed to showcase your collectibles with elegance and functionality. It features glass doors, multi-color LED lighting, and an intelligent human body sensing system for enhanced convenience. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure optimal use of your new display cabinet.

PRODUCT FEATURES

- **Pop-Up Glass Doors:** Features a handleless design for a sleek look, providing an unobstructed view of your collection. High-definition glass ensures clarity and no discoloration.
- **3 Color LED Lights:** Integrated LED lights offer three color options (white, warm, blue) with adjustable brightness, allowing for clear display even in low light conditions.
- **Human Body Sensor:** An intelligent sensing system automatically turns the lights on when you approach (induction range 2-3m) and off when you leave, enhancing user convenience and energy efficiency.
- **Large Storage Capacity:** Boasting spacious dimensions of 31.5" W x 65" H x 14" D, this 4-tier cabinet provides ample space for items of various sizes.
- **Durable Construction:** Crafted from high-quality MDF board, ensuring sturdiness, long service life, and no unpleasant odor, unlike particle board alternatives.

SETUP AND ASSEMBLY

The BROTTAR Display Cabinet is designed for straightforward assembly with a detailed manual and provided tools. Assembly typically takes about an hour with two people.

Assembly Tips:

1. **Review Instructions:** Carefully read the entire assembly manual before beginning.
2. **Two-Person Assembly:** It is highly recommended to assemble this cabinet with two people, especially when handling glass panels and aligning components.
3. **Glass Door Installation:** The glass doors use a push-to-open mechanism. Ensure proper alignment during installation. If difficulty arises, slightly loosen the top board to allow for easier insertion of the door pegs into the holes, then re-tighten.
4. **Secure Fasteners:** When using pin-and-cam fasteners, ensure the "two-in-one nut" is seated at the bottom of the hole and the aperture is oriented towards the receiving pin. Tighten firmly for strong joints.
5. **Wall Anchoring:** For safety, especially in households with children, secure the cabinet to the wall using the provided anti-tipping hardware. Ensure anchors are installed into wall studs for maximum stability.

BUILT-IN 3 COLORS LED STRIPS

Light Up & Display What You Love

OPERATING INSTRUCTIONS

LED Light Control:

The display cabinet features a control panel for managing the LED lights. This panel is typically located on the side or front of the cabinet.

- **Changing Colors:** Press the left button on the control panel to cycle through the three available light colors: white, warm, and blue.
- **Adjusting Brightness (Dimming):** To dim or brighten the lights, press and hold the left button. The brightness will gradually adjust. Release the button when the desired brightness is reached.
- **Human Body Sensor Activation:** The cabinet is equipped with an intelligent human body sensing system. When activated, the lights will automatically turn on when a person is detected within 2-3 meters and turn off when no presence is detected.

- **Timer Function:** The right button on the control panel may offer a timer function for automatic light shut-off. Refer to your specific manual for details on activating this feature.

MAGNETIC CATCH CLOSURES

Press to close and open, convenient and fast.

CONTROL PANEL

One-touch control of light color and brightness.

STABLE HINGE

Please note that the black plastic ring needs to be installed together.

MAINTENANCE

- **Glass Cleaning:** To maintain the clarity of the glass doors and shelves, regularly clean them with a soft cloth and a glass cleaner. Using a squeegee can help achieve streak-free results.
- **Dusting:** Dust the wooden and glass surfaces regularly with a soft, dry cloth to prevent buildup.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals on any part of the cabinet, as they may damage the finish or glass.
- **Check Connections:** Periodically check all screws and fasteners to ensure they remain tight and secure.

TROUBLESHOOTING

Common Issues and Solutions:

- **Wobbly Cabinet:** If the cabinet feels wobbly after assembly, ensure all screws and cam fasteners are tightened securely. Double-check that the cabinet is placed on a level surface. If necessary, use the provided wall anchors to secure it to a wall stud.
- **Glass Doors Not Aligned:** Minor misalignments can occur during assembly. Try slightly loosening the screws on the hinges or the top/bottom panels, adjust the door position, and then re-tighten.
- **Lights Not Working:**
 - Check if the power adapter is securely plugged into both the cabinet and a working power outlet.
 - Ensure the control panel is clean and free from obstructions.
 - If the human body sensor is active, ensure there is movement within its detection range (2-3m).
- **Difficulty with Plastic Wrap Removal:** Some components may come with protective plastic wrap. If it's difficult to remove completely, try using a soft, damp cloth to gently rub the edges, which can help loosen stubborn pieces.

SPECIFICATIONS

Attribute	Detail
Brand	BROTTAR
Model Number	BD001
Color	Black
Product Dimensions	14"D x 31.5"W x 65"H
Item Weight	83.6 Pounds
Special Feature	Illuminated (3 Color LED Lights, Human Body Sensor)
Mounting Type	Floor Mount
Room Type	Bedroom, Living Room, Playroom
Door Style	Glass Door (Pop-Up)
Included Components	Shelves
Finish Type	Painted
Number of Shelves	4
Frame Material	Wood (MDF Board)
Assembly Required	Yes

IMPORTANT SAFETY INFORMATION

- Ensure proper assembly and do not overload the shelves to prevent tipping.
- Keep away from children to avoid pinch hazards from moving parts.
- Always use the provided wall anchoring kit to secure the cabinet to a wall, especially in homes with children or pets.

- Handle glass components with care to prevent breakage and injury.
