zutspzss M3

zutspzss 300W 10-in-1 Wireless Charging Station User Manual

Model: M3

INTRODUCTION

Thank you for choosing the zutspzss 300W 10-in-1 Wireless Charging Station. This versatile charging solution is designed to power multiple devices simultaneously, offering convenience and efficiency for your Apple and Android devices, including laptops, smartphones, smartwatches, and earbuds. Please read this manual carefully to ensure proper setup, operation, and maintenance of your charging station.

PRODUCT OVERVIEW & FEATURES

The zutspzss 300W 10-in-1 Wireless Charging Station combines a 7-port USB charging station with a 3-in-1 wireless charging pad, providing a comprehensive power solution for your electronic devices.

The zutspzss 300W 10-in-1 Wireless Charging Station in black, showcasing its compact design and multiple charging capabilities for various devices.

Key Features:

- **10-in-1 Charging Capability:** Integrates a 7-port USB hub with a 3-in-1 wireless charging pad for simultaneous charging of up to 10 devices.
- **High Power Output:** Total output of up to 300W, capable of fast charging laptops and other power-hungry devices.
- **GaN III Technology:** Equipped with advanced GaN III technology for efficient and safe power delivery, ensuring compact size and reduced heat generation.
- **Versatile USB Ports:** Features 2 x 65W USB-C PD ports for laptops, 2 x 30W USB-C ports, and 3 x 20W USB-A ports for a wide range of devices.
- **Wireless Charging for Apple Devices:** Dedicated wireless charging for iPhone, Apple Watch, and AirPods series.
- **Smart LED Indicators:** LED indicators turn green for 5 seconds when a device is charging properly, then turn off to avoid disturbing sleep.
- **Comprehensive Safety Protections:** Built-in over-current, over-voltage, over-temperature, and short-circuit

protection.

PACKAGE CONTENTS

Upon unpacking, please ensure all the following items are included:

- 1 x zutspzss 10-in-1 Wireless Charging Station for Multiple Devices
- 1 x 1.5m Power Cord
- 1 x User Manual (this document)

SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove all components from the packaging.
2. **Connect Power:** Insert the provided 1.5m power cord into the power input port on the back of the charging station. Plug the other end into a standard 110V AC wall outlet.
3. **Placement:** Place the charging station on a stable, flat surface, ensuring adequate ventilation.

OPERATING INSTRUCTIONS

Wireless Charging (For Apple Devices Only)

The wireless charging pad is designed for Apple devices. Ensure your device is compatible with wireless charging.

1. **For iPhone:** Place your iPhone vertically on the upright charging stand. The phone should be centered on the charging area. A green LED indicator will light up for approximately 5 seconds to confirm charging has started, then turn off.
2. **For Apple Watch:** Place your Apple Watch on the dedicated magnetic charging module. Ensure it snaps into place.
3. **For AirPods:** Place your AirPods (with wireless charging case) on the flat charging pad located at the base of the upright stand. A green LED indicator will light up for approximately 5 seconds to confirm charging has started, then turn off.

Note: For optimal wireless charging, ensure your phone case is less than 5mm thick and does not contain metal, magnets, or credit cards. The USB-C port on the iWatch wireless charging stand is a non-charging port.

USB Charging (For Various Devices)

The charging station features multiple USB ports for wired charging:

- **65W USB-C Ports (C1, C2):** Use these ports for fast charging laptops (e.g., MacBook series, Dell XPS, Microsoft Surface Pro) and other high-power devices.
- **30W USB-C Ports (C3, C4):** Ideal for fast charging smartphones (e.g., iPhone, Samsung Galaxy, Google Pixel) and tablets (e.g., iPad Pro, iPad Air).
- **20W USB-A Ports (A1, A2, A3):** Suitable for charging a wide range of devices including older smartphones, headphones, Nintendo Switch, and other USB-powered accessories.

Important: When charging your laptop, please select either C1 or C2 output ports for optimal performance.

Charge More Devices, Save More Space

The charging station positioned on a bedside table, illustrating its use for simultaneously charging a phone, smartwatch, and earbuds in a compact space.

Wireless Charging Station

DEVICE COMPATIBILITY

The zutspzss 300W 10-in-1 Wireless Charging Station is compatible with a wide range of devices:

- **Wireless Charging (Apple Family Only):** iPhone 8/X/XS/XR/11/12/13/14/15/16/17 series (including Pro, Pro Max, Plus, mini, SE models), Apple Watch 1-9/Ultra, AirPods Pro/2/3 (with wireless charging case).
- **USB Ports (Universal):**
 - **Laptops:** MacBook Pro 13"/15"/16", MacBook Air 13", MacBook 12", Dell XPS 15/13, Google Pixelbook, Microsoft Surface Pro, Lenovo ThinkPad, etc.
 - **Smartphones:** iPhone (all models listed above), Samsung Galaxy series, Google Pixel series, LG G7/V30+, Nexus 5X/6P, Sony XZ2 Premium, HTC One, and more Android devices.
 - **Tablets:** iPad Pro 12.9"/10.5"/11", iPad Mini Series, iPad Air Series.
 - **Other Devices:** Nintendo Switch, Headphones, Smartwatches (via USB cable), and other USB-powered gadgets.

SAFETY INFORMATION

Your safety is paramount. This charging station incorporates multiple protection mechanisms:

- **Over-Current Protection:** Prevents damage from excessive current flow.
- **Over-Voltage Protection:** Safeguards against voltage spikes.
- **Short-Circuit Protection:** Automatically shuts down in case of a short circuit.
- **Over-Temperature Protection:** Prevents overheating during operation.
- **Over-Charging Protection:** Internal circuitry prevents overcharging, extending device battery life.

Warnings:

- Avoid using the product in places that are wet, humid, or have high temperatures.
- Avoid dropping the product from high places.
- Do not disassemble the product by yourselves. Please contact us if necessary.
- Do not clean the product unless the unit is powered off.

SPECIFICATIONS

Feature	Detail
Model Number	M3
Package Dimensions	5.71 x 4.96 x 3.7 inches
Item Weight	14.9 ounces
Input Voltage	110 Volts (AC 100V-240V 50-60 HZ)
Total Wattage	300 Watts
Total USB Ports	7
USB-C Output (C1, C2)	2 x 65W PD Fast Charging
USB-C Output (C3, C4)	2 x 30W
USB-A Output (A1, A2, A3)	3 x 20W
Phone Wireless Charging Output	5W, 7.5W, 10W, 15W
iWatch Wireless Charging Output	5W
Headphone Box Charging Output	5W
Special Features	Charging Indicator, Fast Charging, Lightweight Design, Travel, Wireless Charging
Manufacturer	Shenzhen Hongde Technology Co., Ltd.

TROUBLESHOOTING

- **Device not charging wirelessly:**

- Ensure your device is placed correctly on the charging pad/stand.
- Check if your phone case is too thick (over 5mm) or contains metal, magnets, or credit cards. Remove the case if necessary.
- Confirm your device supports wireless charging.
- **Slow charging speed:**
 - For laptops, ensure you are using the 65W USB-C ports (C1 or C2).
 - For phones and tablets, use the appropriate USB-C (30W) or USB-A (20W) ports for faster wired charging if wireless speed is insufficient.
 - Ensure the power cord is securely connected to both the charging station and the wall outlet.
- **Apple Watch not charging or charging slowly:**
 - Ensure the Apple Watch is correctly positioned on its magnetic charging module.
 - Note that the USB-C port on the iWatch wireless charging stand is for power input to the stand itself, not for charging other devices.
- **LED indicator not lighting up:**
 - The LED indicator lights up for 5 seconds upon successful connection and then turns off. This is normal operation.
 - If no light appears at all, check the power connection to the wall outlet and the charging station.

MAINTENANCE

- **Cleaning:** Disconnect the charging station from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the charging station in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping or subjecting the device to strong impacts.

WARRANTY AND SUPPORT

Your zutspzss 10-in-1 Wireless Charging Station comes with friendly customer service. If any problem occurs with this charging station, you can contact us without any hassle, and we will provide you with a solution within 24 hours.
