HOOBRO BG32MW01G1

HOOBRO Cat Litter Box Enclosure

Model: BG32MW01G1

INTRODUCTION

This HOOBRO Cat Litter Box Enclosure (Model BG32MW01G1) is designed to discreetly house cat litter boxes, providing a private space for your cats while maintaining a tidy home environment. It features a dual-room design, suitable for multi-cat households, and can also serve as a cat bed or storage cabinet. The enclosure measures 47.2 inches in length, 17.7 inches in width, and 19.7 inches in height, offering ample space for your feline companions.

This image illustrates the dual-room design of the enclosure, providing separate spaces for a cat bed and a litter box.

SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep all small parts and packaging materials away from children and pets to prevent choking hazards. Ensure the product is assembled on a flat, stable surface. Do not overload the top surface or internal compartments. Regularly check all fasteners to ensure they remain tight. This product is intended for indoor use only.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact HOOBRO customer support.

- Wooden panels (top, bottom, sides, dividers, doors)
- Hardware pack (screws, dowels, hinges, door handles, magnetic catches)
- Assembly tools (e.g., Allen wrench)
- Instruction manual

ASSEMBLY INSTRUCTIONS

Assembly of the HOOBRO Cat Litter Box Enclosure is designed to be straightforward. Follow these step-by-step instructions carefully. It is recommended to assemble the unit with two people.

1. Unpack all components and verify against the parts list.
2. Attach the side panels to the bottom panel using the provided screws and dowels.
3. Insert the central divider panel, securing it to the bottom and top panels.
4. Attach the top panel to the assembled structure.
5. Install the door hinges onto the doors and then attach the doors to the front of the enclosure.
6. Secure the door handles and magnetic catches.
7. Attach the support legs to the base of the enclosure.
8. Ensure all screws are tightened for stability.

This diagram provides precise measurements for the enclosure, including overall length, width, height, and internal compartment sizes, along with weight capacities, which are helpful during assembly.

OPERATING INSTRUCTIONS

This enclosure offers versatile functionality for your cats and home.

1. **Litter Box Placement:** Place a standard or large-sized litter box into one of the internal compartments. The enclosure is designed to accommodate various litter box sizes.
2. **Cat Access:** Cats can enter and exit the enclosure through the curved archway on the side.
3. **Dual Functionality:** The second compartment can be used for a second litter box, a comfortable cat bed, or for storing cat supplies such as food, toys, or grooming tools.
4. **Top Surface Use:** The sturdy top surface can be used as a TV stand, a display area for decorative items, or a space for cat food and water bowls.

Curved Door Entrance

It accommodates cats of all sizes for seamless access.

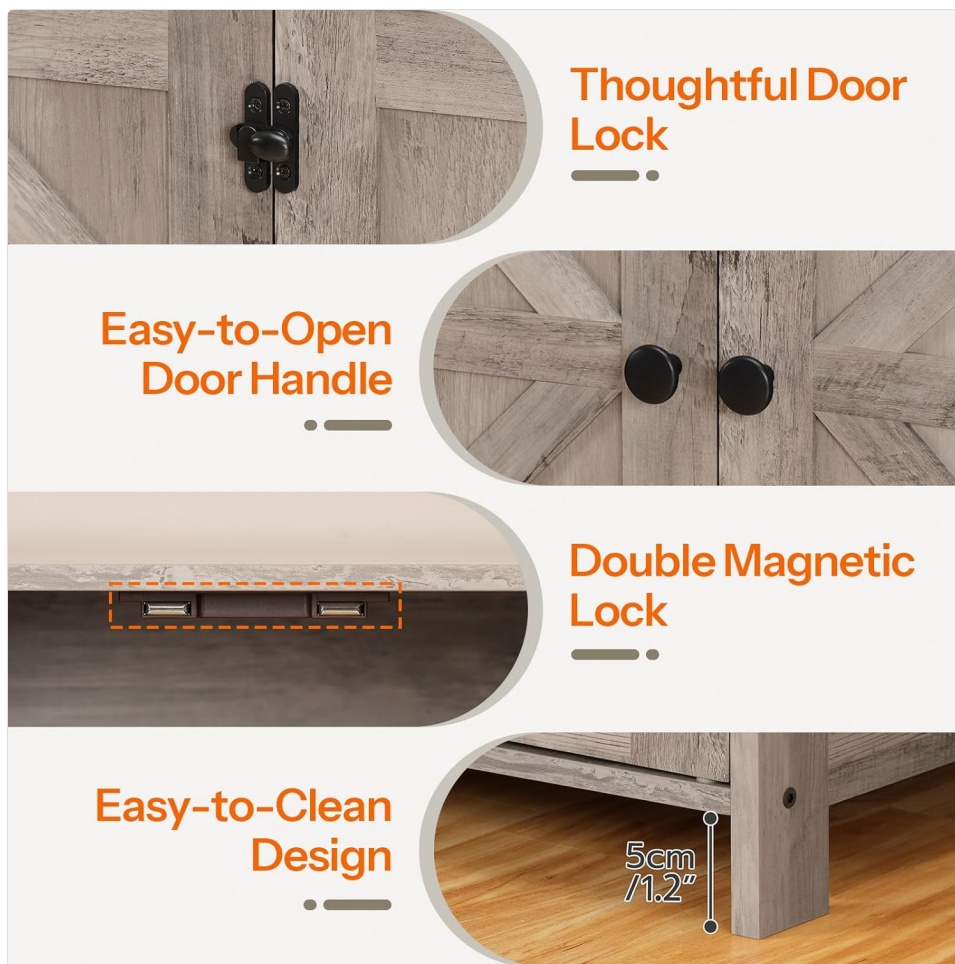

The curved side entrance allows for easy access for cats of various sizes.

MAINTENANCE

Regular maintenance will ensure the longevity and cleanliness of your HOOBRO Cat Litter Box Enclosure.

- **Cleaning:** Wipe down the exterior and interior surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the wooden veneer finish.
- **Litter Box Area:** Regularly clean the litter box and the surrounding area within the enclosure to minimize odors and maintain hygiene. The enclosure's design allows for easy access to the litter box for cleaning.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary to maintain structural integrity.
- **Ventilation:** Ensure adequate ventilation in the room where the enclosure is placed to help with air circulation.

TROUBLESHOOTING

If you encounter any issues with your HOOBRO Cat Litter Box Enclosure, refer to the following common solutions.

- **Issue:** Enclosure feels unstable after assembly.
Solution: Verify that all screws and fasteners are fully tightened. Ensure the unit is placed on a flat, level surface.
- **Issue:** Doors do not close properly.
Solution: Check that the hinges are correctly aligned and secured. Adjust the magnetic catches if needed.
- **Issue:** Cat is not using the enclosure.
Solution: Introduce your cat to the enclosure gradually. Place familiar items like a favorite blanket or toy inside. Ensure the litter box is clean and easily accessible. Some cats may need time to adjust to a new environment.
- **Issue:** Odor retention.
Solution: Ensure the litter box is cleaned frequently. Consider using odor-absorbing litter or a small pet-safe air freshener near the enclosure.
