Bellemave TH-00217-T-K2

Bellemave Twin Over Twin House Bunk Bed with Slide User Manual

Model: TH-00217-T-K2

1. Introduction

Thank you for choosing the Bellemave Twin Over Twin House Bunk Bed with Slide. This manual provides essential information for the safe assembly, operation, and maintenance of your new bunk bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

This bunk bed is designed to provide a fun and functional sleeping solution for children, featuring a unique house-shaped frame and an integrated slide for added play value. It is constructed from high-quality pine wood and MDF for durability and stability.

2. Safety Information

WARNING: Failure to follow these warnings and instructions could result in serious injury or death.

- Always use the recommended mattress size for both upper and lower bunks to prevent entrapment or falls.
- Ensure all connections are tight and secure before use. Periodically check and tighten hardware as needed.
- The upper bunk is not suitable for children under 6 years of age.
- Prohibit more than one person on the upper bunk.
- Prohibit horseplay on or under the bed.
- Always use the ladder for entering and leaving the upper bunk.
- Do not attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, and jump ropes.
- The slide is intended for single-user use at a time. Ensure the area around the slide is clear before use.
- The slide can be removed and its position (left or right) can be switched during assembly.
- The lower bed does not include slats and is designed for floor-level mattress placement. Consider a box spring if elevation is desired.

3. Package Contents

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact Bellemave customer service immediately.

Part	Description	Quantity
Bed Frame Components	Pine wood and MDF panels for bed structure, house frame, guardrails.	Various
Slats	14 pieces for upper bunk mattress support.	14
Ladder	3 wide and thick steps for upper bunk access.	1
Slide	Removable slide for play.	1
Hardware Pack	Screws, bolts, nuts, and tools required for assembly.	1 set

4. Assembly Instructions

Assembly typically requires two adults and takes approximately 2-3 hours. Follow the detailed instructions provided in the included assembly manual. Ensure all parts are correctly oriented before tightening screws.

4.1. Preparation

- Clear a spacious area for assembly.
- Unpack all components and lay them out on a soft, clean surface to prevent scratches.
- Identify all parts and hardware using the provided list.
- Gather necessary tools (usually included, but a Phillips head screwdriver may be helpful).

4.2. Step-by-Step Assembly

1. **Assemble the Lower Bed Frame:** Begin by connecting the side rails and end panels for the lower bed. Ensure all joints are flush and secure.
2. **Attach the Upper Bed Supports:** Secure the vertical posts that will support the upper bunk to the lower bed frame.
3. **Construct the Upper Bed Frame:** Assemble the side rails and end panels for the upper bunk.
4. **Install Slats for Upper Bunk:** Place and secure the 14 slats onto the upper bunk frame.
5. **Attach Guardrails:** Secure the full-length guardrails to the upper bunk for safety.
6. **Assemble and Attach Ladder:** Construct the ladder and attach it securely to the upper bunk. The ladder can be positioned on either the left or right side.
7. **Assemble and Attach Slide:** Construct the slide and attach it to the upper bunk. The slide is removable and can be positioned on either the left or right side, opposite the ladder.
8. **Install House-Shaped Frame:** Attach the decorative house-shaped frame components to the top of the bunk bed structure.
9. **Final Tightening:** Once fully assembled, carefully go over all bolts and screws to ensure they are tightly secured. Do not overtighten.

Figure 4.2.1: Fully assembled Bellemave Twin Over Twin House Bunk Bed with Slide. This image shows the bed with mattresses, bedding, and decorative lights, highlighting its house-shaped frame, integrated slide, and ladder access to the upper bunk.

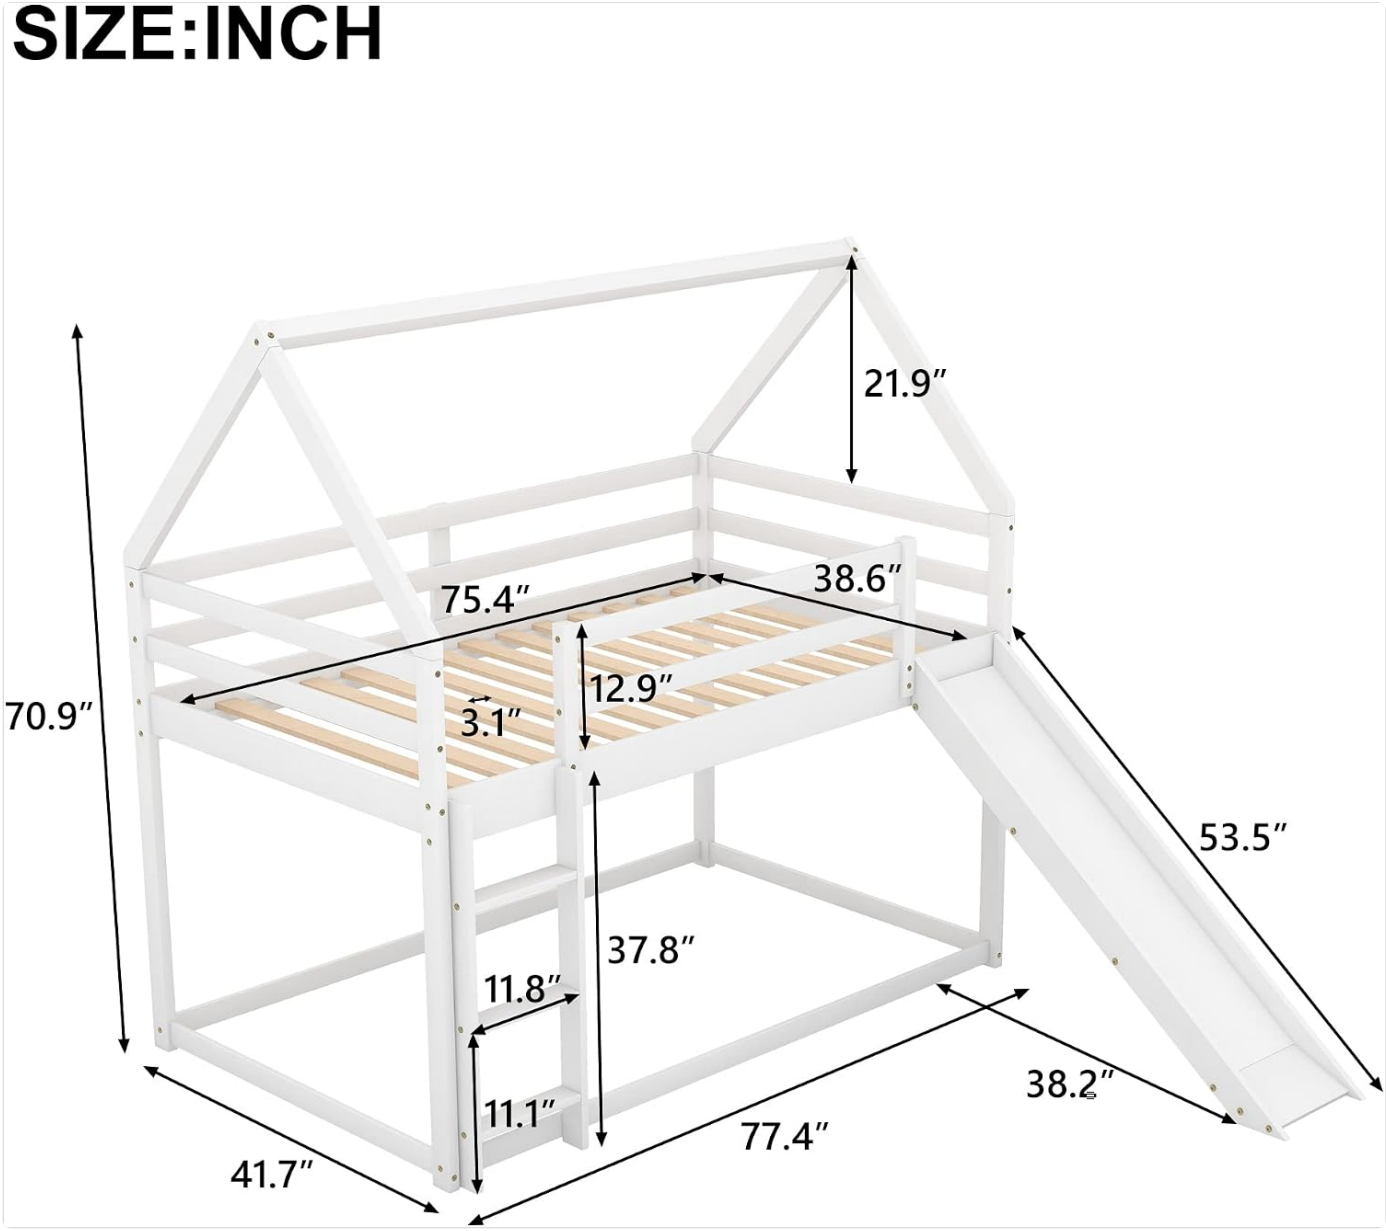

Figure 4.2.2: Detailed dimensions of the Bellemave Twin Over Twin House Bunk Bed. This diagram illustrates the length, width, and height of the bed, including measurements for the ladder, slide, and internal bunk clearances, crucial for planning room space and mattress selection.

Figure 4.2.3: The house-shaped frame of the bunk bed offers decorative possibilities such as hanging tents, colored flags, or lights, allowing for personalization of the sleeping space.

Figure 4.2.4: Close-up view highlighting the sturdy construction of the Bellemave bunk bed, featuring high-quality pine wood and solid slats for reliable mattress support and overall durability.

Figure 4.2.5: Illustration of the safety design elements of the Bellemave bunk bed, including wide and thick ladders for easy access and full-length guardrails on the upper bunk to prevent accidental falls.

5. Usage Guidelines

5.1. Mattress Requirements

- **Upper Bunk:** Use a standard twin-size mattress. For safety, the mattress thickness should not exceed 6 inches to ensure sufficient guardrail height.
- **Lower Bunk:** Use a standard twin-size mattress. The lower bunk is designed for floor-level placement and does not require slats.

5.2. Slide and Ladder Use

- Ensure the slide is securely attached before use.
- Only one child should use the slide at a time.
- Always use the ladder to access and exit the upper bunk.
- Supervise children during play on and around the bunk bed, especially when using the slide and ladder.

6. Maintenance

- **Cleaning:** Wipe down the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the painted finish.
- **Hardware Check:** Periodically (e.g., every 3-6 months) inspect all bolts, screws, and connections. Tighten any loose hardware to maintain stability and safety. Do not overtighten.
- **Wood Care:** The bed is constructed from pine wood and MDF with a painted finish. Avoid prolonged exposure to direct sunlight or extreme temperatures to prevent warping or cracking.
- **Product Care Instructions:** The manufacturer recommends "Dry Clean Only" for any fabric components, though the primary product is wood. For the wood frame, follow the cleaning instructions above.

7. Troubleshooting

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware.	Check and tighten all bolts and screws. Ensure all connections are flush.
Missing parts during assembly.	Packaging error or lost during transit.	Contact Bellemave customer service with your model number and a list of missing parts.
Difficulty aligning parts during assembly.	Incorrect orientation of parts or overtightened initial screws.	Loosen previously tightened screws, re-align parts, then tighten gradually. Refer to the assembly manual diagrams.
Slide or ladder feels loose.	Mounting hardware not fully secured.	Ensure the screws fixing the slide and ladder are fully tightened.

If you encounter issues not listed here or require further assistance, please contact Bellemave customer support.

8. Specifications

Model:	TH-00217-T-K2
Brand:	Bellemave
Size:	Twin over Twin
Color:	White Slide
Product Dimensions:	77.4"L x 41.7"W x 70.9"H
Item Weight:	48 pounds
Material:	Pine Wood, MDF
Finish Type:	Painted
Included Components:	Guardrails, Slats (for upper bunk)
Assembly Required:	Yes
UPC:	733805185473
