ETOE Starfish Plus

ETOE Starfish Plus Projector User Manual

Model: Starfish Plus (A1223)

INTRODUCTION

This manual provides comprehensive instructions for the safe and efficient use of your ETOE Starfish Plus projector. Please read this manual thoroughly before operating the device and retain it for future reference.

PRODUCT OVERVIEW

Key Features

- **Google TV Integration:** Access Netflix, YouTube, Disney+, TVer, U-NEXT, Hulu, and other official apps. Features voice search and recommendations.
- **Full HD Resolution & HDR10+:** Delivers 1080P resolution with 4K support and HDR10+ for enhanced contrast and vivid images.
- **Automatic Screen Alignment:** Features auto-focus and automatic keystone correction for instant, perfectly aligned images from any angle.
- **Wireless Connectivity:** Supports 5GHz Wi-Fi for Google Cast (Android) and AirPlay (iPhone) for seamless screen mirroring from smart devices.
- **Quick Start & Smooth Operation:** Instant power-on with remote control, smooth app switching, and voice control for content search.
- **Flexible Projection:** Integrated smart stand allows up to 140° rotation for projection onto ceilings, walls, or bedsides.
- **IP6X Dustproof Design:** Closed optical engine prevents dust intrusion, ensuring quiet operation (24.5dB) and extended lifespan.
- **Integrated Night Light:** Touch-controlled or remote-controlled night light with adjustable brightness and color, suitable for reading or as a night lamp.
- **Large Screen Projection:** Projects a 60-inch image from 1.8m distance, supporting up to 120 inches.

Package Contents

The package typically includes the ETOE Starfish Plus projector, a remote control (batteries not included), an HDMI cable, and a power adapter. Refer to the packaging for a complete list.

SETUP

Initial Placement

Place the projector on a stable, flat surface. The integrated stand allows for flexible positioning, including ceiling projection (up to 140° rotation). Ensure adequate ventilation around the device.

Image: Projector positioned for ceiling projection, demonstrating its flexible stand.

Power Connection

Connect the power adapter to the projector's power input and then to a wall outlet. The projector will automatically power on or can be turned on using the remote control.

First-Time Setup (Google TV)

1. Power on the projector.
2. Follow the on-screen instructions to connect to your Wi-Fi network.
3. Log in with your Google account to access Google TV features, including app downloads and personalized recommendations.
4. The projector will automatically perform auto-focus and keystone correction to optimize the image.

OPERATING INSTRUCTIONS

Remote Control Functions

Use the provided remote control to navigate the Google TV interface.

- **Power Button:** Turns the projector on/off.

- **Navigation Pad (Up/Down/Left/Right/OK):** For menu navigation and selection.
- **Back Button:** Returns to the previous screen.
- **Home Button:** Returns to the Google TV home screen.
- **Volume Buttons:** Adjusts audio volume.
- **Voice Assistant Button:** Activates Google Assistant for voice commands.
- **App Shortcut Buttons:** Direct access to popular streaming services like Netflix.

CONNECTIVITY

Google Cast & AirPlay (Screen Mirroring)

The projector supports Google Cast for Android devices and AirPlay for iOS devices, allowing you to wirelessly mirror your smartphone or tablet screen.

1. Ensure your mobile device and the projector are connected to the same 5GHz Wi-Fi network.
2. On your mobile device, select the screen mirroring or cast option (e.g., "Smart View" on Android, "Screen Mirroring" on iOS).

3. Select the ETOE projector from the list of available devices.

細部までリアルに、
そして色彩はより鮮やかに。

HDR10+、3000:1高コントラスト、
高透過ガラスレンズの融合により、
これまでにない鮮明さと深みを実現。

20%' 解像度向上
40%' 色彩表現アップ

Bluetooth 5.1

Connect external Bluetooth speakers, wireless headphones, or microphones for enhanced audio experience.

1. Go to the projector's settings menu.
2. Select "Bluetooth" and turn it on.
3. Pair with your desired Bluetooth device.

Sleep Timer

Set a sleep timer to automatically turn off the projector after a specified period. This feature is accessible through the settings menu under "Power and Energy Saving".

防塵・長寿命

ETOEプロジェクターは密閉型の光学エンジンを採用しており、プロジェクターの寿命を大幅に延ばし、ほこりによるレンズの黒点を防ぎます。

Image: Projector screen showing the sleep timer settings.

Ambient Modes

The projector offers 10 ambient modes to change the atmosphere of your room. These can be selected and changed using the remote control.

MAINTENANCE

Cleaning the Lens

Use a soft, lint-free cloth specifically designed for optical lenses to gently wipe the projector lens. Avoid abrasive materials or harsh chemicals.

Cleaning the Exterior

Wipe the exterior of the projector with a soft, dry cloth. Do not use liquid cleaners directly on the device.

Dust Prevention

The ETOE Starfish Plus features an IP6X dustproof optical engine, reducing the need for frequent internal cleaning. However, keeping the projector in a clean environment will further extend its lifespan.

TROUBLESHOOTING

No Image Displayed

- Ensure the projector is powered on and connected to a power source.
- Check if the input source is correctly selected (e.g., HDMI, Google Cast).
- Verify that the connected device (e.g., laptop, streaming stick) is powered on and outputting a signal.

Image is Blurry or Distorted

- Allow the automatic focus and keystone correction to complete.
- If necessary, manually adjust focus and keystone settings in the menu.
- Ensure the projection surface is flat and clear.

No Sound

- Check the volume level on both the projector and the connected source device.
- If using external speakers, ensure they are properly connected via Bluetooth or the 3.5mm audio jack.
- Verify that the audio output setting on the projector is correct.

Remote Control Not Responding

- Ensure the remote control has fresh batteries (not included).
- Point the remote directly at the projector's IR receiver.

- Remove any obstacles between the remote and the projector.

Wi-Fi/Screen Mirroring Issues

- Confirm both the projector and your mobile device are on the same 5GHz Wi-Fi network.
- Restart both the projector and your mobile device.
- Check for any network interference.

SPECIFICATIONS

Feature	Detail
Brand	ETOE
Model Number	A1223
Series	D1221
Product Dimensions	20 x 15 x 28 cm
Item Weight	2 kg
Color	White
