2. SAFETY INFORMATION

To ensure your safety and prolong the life of your patio set, please observe the following precautions:

- Exercise caution around any sharp edges on the furniture.
- For stability and to prevent tip-over, especially in windy conditions, secure the sofa to the ground if possible.
- Always follow the manufacturer's instructions for proper use and maintenance.
- Do not exceed the weight capacity of 300 lbs per seating section.
- Keep children and pets away from the furniture during initial setup and ensure all components are stable before use.

5. OPERATING INSTRUCTIONS

5.1 Cushion Placement

Place the thick seat cushions onto the sofa sections. The cushions are designed with silicone dots and fixing straps on the underside to prevent sliding. Secure the straps to the sofa frame for added stability. Position the back cushions and decorative pillows for comfort.

Image 5.2: Cushions feature anti-slip properties to prevent movement during use.

5.2 Using the Side Tables

The integrated side tables provide a convenient surface for drinks, snacks, or decorative items. Ensure items placed on the tables are stable and do not exceed the table's capacity.

6. MAINTENANCE

Proper maintenance will help preserve the appearance and longevity of your patio set.

6.1 Cleaning the Frame and Rattan

- Wipe the powder-coated steel frame and PE rattan with a damp cloth.
- For stubborn dirt, use a mild soap solution and rinse thoroughly with water.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- The PE rattan is designed to be waterproof and heat-resistant, making it easy to maintain.

Image 6.1: The hand-woven PE rattan is 30% thicker than standard, offering enhanced durability and resistance to outdoor elements.

6.2 Cushion Care

- The cushion fabric is splash-proof. For spills, blot immediately with a clean, dry cloth.
- The cushions feature a zipper design, allowing for easy removal of covers for cleaning or replacement.
- Hand wash or machine wash cushion covers on a gentle cycle with cold water and mild detergent. Air dry only; do not tumble dry.
- Store cushions indoors during prolonged periods of inclement weather or when not in use to extend their lifespan.

7. TROUBLESHOOTING

If you encounter any issues with your patio set, please refer to the following common solutions:

- **Cushions Sliding:** Ensure the silicone dots on the underside of the cushions are clean and free of debris. Re-fasten any fixing straps to the sofa frame.

- **Wobbly Furniture:** Check that the furniture is placed on a flat, even surface. If necessary, adjust the position or use shims under the feet to stabilize.
- **Fading Rattan:** While the PE rattan is UV-resistant, prolonged exposure to direct sunlight can still cause some fading over many years. Consider using a furniture cover when the set is not in use for extended periods.
- **Stains on Cushions:** For tough stains, follow the cushion care instructions in Section 6.2. For persistent stains, professional cleaning may be required.

If the problem persists or you experience an issue not listed here, please contact UDPATIO customer support.
