SwanScout 708M

SwanScout 708M Foldable 3-in-1 Magnetic Wireless Charging Station User Manual

Model: 708M

1. INTRODUCTION

Thank you for choosing the SwanScout 708M Foldable 3-in-1 Magnetic Wireless Charging Station. This device is designed to provide a convenient and efficient charging solution for your compatible iPhone, Apple Watch, and AirPods simultaneously. Its compact and foldable design makes it ideal for both home and travel use.

2. WHAT'S IN THE BOX

- 1 x SwanScout 708M Foldable 3-in-1 Magnetic Wireless Charging Station
- 1 x 2A USB C to USB C Charging Cable (1.5 m / 4.92 ft)
- 1 x User Manual

3. PRODUCT OVERVIEW

The SwanScout 708M charging station features a sleek, foldable design with a metallic paint-coated body and UV transfer printing for durability and a high-end aesthetic. It integrates three charging areas for your devices and includes a curved dimming LED clock display.

Key Features:

- **3-in-1 Wireless Charging:** Charges iPhone (MagSafe compatible), Apple Watch, and AirPods/wireless earbuds.
- **Foldable Design:** Compact and portable, similar in size to an iPhone 16 Pro Max when folded.
- **Curved Dimming Clock:** Features a 3D LED display with 4 brightness levels and 12/24-hour format customization.
- **Intelligent Temperature Control:** Optimizes charging efficiency and prevents overheating to protect battery health.
- **Strong Magnetic Force:** Ensures secure attachment for MagSafe compatible iPhones.

4. SETUP

1. **Unpack the Device:** Carefully remove the charging station and all accessories from the packaging.
2. **Connect Power:** Connect the provided USB-C to USB-C charging cable to the USB-C port on the back of the charging station. Connect the other end to a compatible power adapter (not included, 20W or higher recommended for optimal performance).
3. **Unfold the Stand:** Gently unfold the main phone charging panel and the watch charging arm to your desired angle. The watch charging section rotates 0-180°.

4. Set the Clock:

- Press the "TIME SETTING" button (usually marked with a clock icon) to select 12/24-hour format.
- Hold the "TIME SETTING" button for 3 seconds to enter adjustment mode.
- Press the "TIME SETTING" button again to switch between hours and minutes.
- Adjust with the "+" / "-" buttons.
- Wait 5 seconds for the setting to complete automatically.

5. **Adjust Brightness:** Touch the brightness touch button (marked with a light icon) to cycle through 4 brightness levels (100%, 50%, 20%, OFF) for the LED clock display.

station.

5. OPERATING INSTRUCTIONS

1. **Charging iPhone:** Place your MagSafe-compatible iPhone (iPhone 12-17 series) directly onto the magnetic charging pad. For iPhone 8-11 series, a magnetic case is required. The strong magnet will securely hold your phone in place.
2. **Charging Apple Watch:** Extend the adjustable watch charging arm and place your Apple Watch onto the charging module. The arm can be rotated 0-180° to accommodate various watch orientations.
3. **Charging AirPods/Earbuds:** Place your wireless charging-compatible AirPods (AirPods 4 (ANC)/3/Pro 3/Pro 2/Pro) or other earbuds on the designated charging area at the base of the station.

Ensure all devices are properly aligned on their respective charging areas for optimal charging performance. The LED clock display will show the time and charging indicator lights will confirm active charging.

6. COMPATIBILITY

The SwanScout 708M is designed for broad compatibility with Apple devices:

- **iPhones:** Compatible with iPhone 12-17 series (including Pro Max, Pro, Plus, mini, Air models). iPhone 8-11 series requires a magnetic case for MagSafe compatibility.
- **Apple Watch:** Compatible with Apple Watch Series 2-11, SE 3, SE 2, SE, Ultra 3, Ultra 2, Ultra.
- **AirPods & Earbuds:** Compatible with AirPods 4 (ANC)/3/Pro 3/Pro 2/Pro and other earbuds that support wireless charging.

7. SAFETY INFORMATION

To ensure safe and optimal use of your SwanScout 708M charging station, please observe the following safety guidelines:

- Use only the provided USB-C cable and a compatible power adapter (20W or higher recommended).
- Avoid placing metal objects, credit cards, or magnetic pads between your device and the charging surface, as this may interfere with charging or cause damage.
- Do not expose the device to extreme temperatures, direct sunlight, or humid environments.
- Keep the device away from water or other liquids.
- Do not disassemble, modify, or attempt to repair the device yourself. Contact customer support if service is required.
- Ensure proper ventilation around the charging station to prevent overheating. The built-in intelligent temperature control system helps manage heat, but clear airflow is still important.

8. MAINTENANCE

To maintain the performance and appearance of your charging station:

- Clean the device with a soft, dry cloth.
- Avoid using abrasive cleaners, solvents, or harsh chemicals.
- Keep the charging surfaces free from dust and debris.

9. TROUBLESHOOTING

- **Device not charging:**
 - Ensure the USB-C cable is securely connected to both the charging station and the power adapter.
 - Verify that the power adapter is functioning correctly and provides sufficient wattage (20W or higher recommended).
 - Check if your device is properly aligned on the charging surface.
 - Remove any foreign objects (metal, credit cards, thick cases) that may be interfering with wireless charging.
 - For iPhones 8-11 series, confirm you are using a magnetic case.
- **Clock display not working or incorrect time:**
 - Ensure the charging station is powered on.
 - Follow the "Set the Clock" instructions in the Setup section to adjust the time.
- **Device overheating during charging:**
 - Ensure there is adequate airflow around the charging station.
 - Remove any thick phone cases that might impede heat dissipation.
 - If overheating persists, discontinue use and contact customer support.

10. SPECIFICATIONS

Feature	Detail
Model Number	S10025

Input Voltage	9 Volts
Amperage	2 Amps
Phone Charging Output	Up to 10W (Max)
Apple Watch Charging Output	Up to 5W (Max)
