Hommoo SCAB00

Hommoo Rattan Shoe Storage Cabinet (Model SCAB00) User Manual

Model: SCAB00 | UPC: 635401384918

Safety Information Product Overview Assembly Operation Maintenance Troubleshooting Specifications Warranty & Support

1. Important Safety Information

Please read and understand all instructions before assembling and using this product. Failure to follow these instructions may result in injury or product damage.

- Always follow the assembly instructions carefully to avoid injury.
- Keep the cabinet away from heat sources to prevent fire hazards.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload the cabinet. Refer to the specifications for maximum weight capacity.
- For safety, especially in households with children, it is recommended to secure the cabinet to a wall using the provided anti-toppling device.
- Do not allow children to climb on or play with the cabinet.

2. Product Overview

The Hommoo Rattan Shoe Storage Cabinet is designed to organize footwear efficiently while complementing your home decor. It features multiple flip-down drawers with adjustable shelves.

Key Features:

- **Modern Design:** Rattan woven drawers enhance air circulation and provide a stylish, simple aesthetic with sleek corner design.
- **Hidden Storage:** Three flip-down rattan drawers conceal shoes, protecting them from dust and pets.
- **Adjustable Shelves:** Each drawer contains two tiers with adjustable and removable panels to accommodate various shoe sizes, including mid-boots, sports shoes, and heels.
- **Capacity:** The cabinet can hold approximately 24 pairs of shoes. Slippers can be stored at the bottom.
- **Durable Construction:** Manufactured with MDF wood for long-term durability and solid wood legs for stability.
- **Space-Saving:** Tall and slim design fits into narrow spaces in entryways, hallways, or living rooms.
- **Gold Metal Handles:** Elegant gold metal handles for easy opening and closing of drawers.

Product Dimensions:

Overall size: 31.49" W × 47.62" H × 9.44" D

Image 2: Top-down view of the shoe cabinet, highlighting the spacious tabletop with dimensions 31.5" W x 9.45" D, suitable for decorations and daily essentials.

3. Assembly Instructions

Detailed assembly instructions are provided with your product. Please follow them step-by-step. The following video and images offer additional guidance.

Assembly Video Guide:

Video 1: Official assembly instructions for the Hommoo Shoe Cabinet, demonstrating each step of the construction process.

Key Assembly Steps & Features:

- **Step 1: Prepare Components**
  Unpack all parts and hardware. Verify against the parts list in your manual. Ensure you have a hammer and screwdriver ready.
- **Step 2: Install Dowels and Cam Locks**
  Insert wooden dowels and cam lock screws into the designated holes on the wooden panels. Use a hammer gently for dowels and a screwdriver for cam lock screws.
- **Step 3: Assemble Frame**
  Connect the main wooden panels using the cam locks and screws. Ensure all connections are tight and secure.
- **Step 4: Attach Legs**
  Secure the wooden legs to the base of the cabinet using the provided metal plates and screws.

Image 3: Close-up view of the stable wooden legs, showing the 7.08" clearance from the floor, allowing space for slippers underneath and easy cleaning.

- **Step 5: Install Flip-Down Drawer Mechanisms**
  Attach the white plastic flip mechanisms to the side panels of the cabinet. Then, attach the wooden drawer fronts to these mechanisms.

Image 4: Illustration of the adjustable panel mechanism within the flip-down drawers, allowing customization for different shoe heights.

- **Step 6: Attach Handles**
  Screw the gold metal handles onto the front of each rattan drawer.

Image 5: Close-up of the elegant gold metal handle on a rattan drawer, highlighting the design detail.

- **Step 7: Install Anti-Toppling Device**
  For enhanced safety, especially if you have children or pets, secure the cabinet to the wall using the anti-toppling device. This prevents accidental tipping.

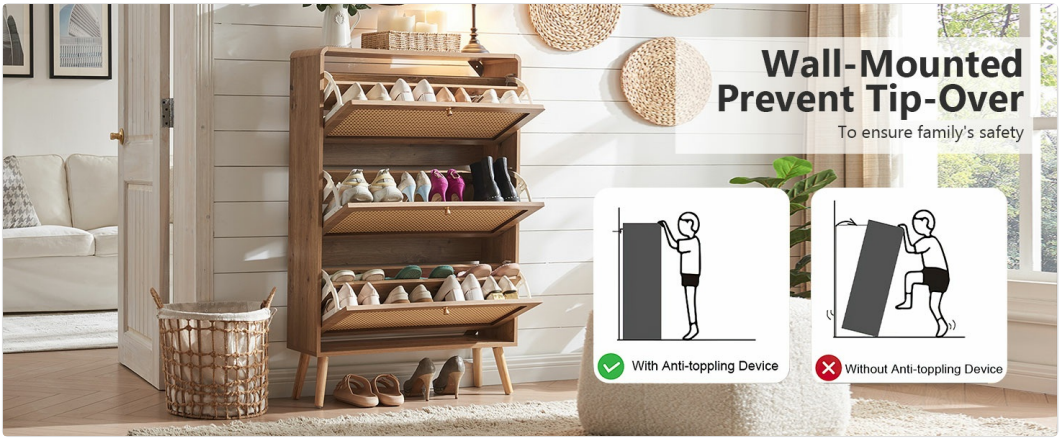

Image 6: Diagram illustrating the importance of using the wall-mounted anti-toppling device to ensure family safety by preventing the cabinet from tipping over.

4. Operating Instructions

Using the Flip-Down Drawers:

- To open a drawer, gently pull the gold metal handle outwards. The drawer will flip down,

revealing two tiers for shoe storage.

- To close, push the drawer upwards until it clicks securely into place.

Adjusting Shelves:

- Each flip-down drawer contains an adjustable panel. This panel can be moved up or down to accommodate different shoe heights.
- To adjust, carefully lift the panel and reposition it into the desired slots. Ensure it is firmly seated before placing shoes.
- For taller items like boots, the adjustable panel can be removed entirely from a tier to create a single, larger storage space.

Shoe Placement:

- Place shoes neatly on each tier. The cabinet is designed to hold approximately 24 pairs of shoes (depending on size and style).
- The space beneath the cabinet can be used for storing slippers or other low-profile footwear.

Image 7: The shoe cabinet with its three rattan drawers open, showcasing various types of shoes stored on the two tiers within each drawer, demonstrating its large load capacity.

5. Maintenance and Care

Proper care will extend the life and appearance of your Hommoo Rattan Shoe Storage Cabinet.

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the wood finish and rattan.
- **Dusting:** Regularly dust the cabinet with a dry, soft cloth to prevent dust buildup.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood.
- **Humidity:** Maintain a stable humidity level in the room to prevent warping or cracking of the wood.
- **Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Re-tighten if necessary.

6. Troubleshooting

Problem	Possible Cause	Solution
Cabinet feels unstable or wobbly.	Loose connections; uneven floor; anti-toppling device not installed.	Ensure all screws are tightened. Place the cabinet on a level surface. Install the anti-toppling device as per instructions.
Drawers do not open or close smoothly.	Obstruction; misaligned mechanism; excessive weight.	Check for shoes or debris blocking the mechanism. Verify the flip mechanisms are correctly installed. Reduce the number of shoes if overloaded.
Adjustable shelf panel falls out.	Panel not properly seated; incorrect installation.	Ensure the panel is fully inserted into the support slots on both sides. Refer to assembly instructions for correct placement.
Rattan appears damaged or frayed.	Wear and tear; sharp objects.	Trim any loose rattan strands carefully. Avoid placing sharp objects near the rattan.

7. Specifications
